Proceedings of the Madras Government, Financial Department,
30th October 1873.

No. 266. Read the following Proceedings of the Board of Revenue, dated 23rd October 1873, No. 7150 (Miscellaneous):—

Read the following letter from J. B. PENNINGTON, Esq., Acting Collector of Trichinopoly, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Samiaveram, 12th August 1873, No. 167:—

With reference to paragraph 4 of Board's Proceedings, dated 8th July 1873, No. 1221, I have the honour to explain that the District Engineer reports that no expenditure on nanul plantations will be required this year. There is, however, a considerable expenditure ("Imperial") being incurred in rooting up nanul in the bed of the Cauvery and Coleroon, and I would suggest that this might very well be debited to Nanul Grass Fund and so set free that amount for repairs of a more purely agricultural character.

Submitted to Government with reference to paragraph 5 of their Order, Financial Department, dated 14th June 1873, No. 841.

(Signed) J. GROSE,
Secretary.

No. 267. ORDER THEREON, 30th October 1873, No. 1586.

The Governor in Council does not approve the suggestion to apply this special Fund to Imperial purposes.

2. The Board of Revenue will ascertain whether the amount available in Trichinopoly cannot be usefully employed for its legitimate purpose in some one or more of the other districts which contribute to this Fund.
