No. 3. Read the following Proceedings of the Board of Revenue, dated 9th October 1873, No. 6830 (Miscellaneous):—

Read the following letter from H. E. SULLIVAN, Esq., President of the Local Fund Boards, South Arcot District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Cuddalore, 29th September 1873, No. 355:—

Adverting to the Order of Government, Financial Department, dated 21st ultimo, No. 1184, forwarded with Board's Proceedings, Miscellaneous No. 5937, I have the honour to observe that, although doubtless the duties of the District Engineer take him a great deal from head-quarters, this fact alone should not, I think, be allowed to stand in the way of his appointment as Vice-President of the Cuddalore Circle Board, as, in the first place, the meetings are not always held at Cuddalore, and, in the second, he and I can always arrange for one or other of us being present wherever they are convened. It is, I think, expedient that either he or I should preside (we are generally both present), as we are in a better position than the other members to afford information in connexion with the state of the funds, the requirements of the district, &c. There is, in fact, no member of the Board who could satisfactorily fill my place in the event of my being absent but the District Engineer, and I therefore again venture to recommend him for the post. The other members merely represent the wants of the particular locality where they reside.

As it should therefore be left to the Chairman of the Committees to or should preside (as are generally both present) as are are in a better position than the other members to afford information in connection with the state of the funds, the requirements of the district &c. &c. There is one fact no Member of the Board who could dispute - that strictly pertains to my place in the event of my being absent & the District Engineer and therefore again venture to recommend him for the post.
