No. 36. Read the following Proceedings of the Government of India in the Financial Department, dated Simla, 27th October 1873, No. 3719 (Accounts):—

Read the following Despatch from the Secretary of State for India, to the Government of India, dated India Office, London, 20th August 1873, No. 366:—

I forward, herewith, copy of an order of the House of Commons, dated the 30th ultimo, for a "Return of the number of Covenanted Civil Servants (distinguishing Europeans from Natives) and Military Officers of each grade in Civil employ; and of the number of Europeans, Eurasians, and Natives employed in the Uncovenanted Service of each grade in each Department in each Presidency, Province, and Administration in British India and the Native States, showing the office, salaries, and allowances of each grade drawing more than 100 Rupees per mensem, and distinguishing the aggregate amount paid to all the European and Native Covenanted Servants and Military Officers from the aggregate amount paid to the European and Native Uncovenanted Servants in the year 1871-72, and similar Return for the year 1856-57," and I request that the information required to enable me to comply with the order in question may be furnished as early as possible.

Resolution.—In furtherance of the requisition in the above despatch, the Governor-General in Council directs that the several Local Governments and Administrations, and the Departments and Officers concerned, be requested to furnish, with such help as the Account Department can give, returns in the accompanying form, distinguishing Officers from Clerks. The Subordinate Judicial Officers, and Executive Officers or Deputy Collectors, and Tahsildars, &c., should be distinguished as Officers, together with Uncovenanted Surveyors in charge, or second-in-command, of survey parties, Conservators, and Assistant Conservators and the like.

2. Although the despatch makes no allusion to Uncovenanted or Civil Engineers, and to Uncovenanted Servants in the Military and Public Works Departments, yet without them the information called for by the House of Commons would be incomplete. The Governor-General in Council accordingly desires that separate statements may be furnished of these Officers.

3. The Military Department should also furnish a statement showing the number and cost of Military Officers in the Survey Department whose pay in 1856-57 was paid in the Military Department, but who are now paid in the Civil Department.

4. The returns relating to establishments under the Government of India should be furnished by the Comptroller-General, and those relating to Postal and Telegraph Establishments by the Directors-General of those Departments.

5. With respect to establishments employed in Political Agencies under the direct control of the Government of India and in Native States, it is requested that the Foreign Department will call for the returns.

6. It may not be practicable to follow the Finance Accounts in the detail in which the returns are required, and the Audit Registers may afford the only means of supplying the required detail. The returns, however, must be uniformly prepared, and the Comptroller-General is requested to issue subsidiary instructions to the Account Department, telling the Account Officers whether the Audit Registers

are to be followed, and, if so, whether the return should be for the last month, or for the entire twelve months of the years 1856-57 and 1871-72.

ORDER.—Ordered that the foregoing Resolution, and the Form therein referred to, be communicated to the several Local Governments and Administrations, the Foreign, Military, and Public Works Departments, the Directors-General of the Postal and Telegraph Departments, the Comptroller-General, and the several Accountants-General and Deputy Accountants-General in independent charge.
