Proceedings of the Madras Government, Financial Department,
10*th November* 1873.

No. 67. Read the following letter from J. H. MASTER, Esq., President of the Local Fund Boards, Bellary District, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Bellary, 29th October 1873, No. 71:—

I have the honour to acknowledge the Proceedings of Government, Financial Department, No. 1459, dated the 10th instant, and, with reference thereto, to state that the subject of communication between the western taluqs of this district and Bellary through the Sundoor territory has been under consideration for a very lengthened period.

2. Since the establishment of the Local Fund Board, the importance of this line of road induced them to propose to the Jaghiredar of Sundoor that, if he would guarantee to spend Rupees 2,500 upon it, they would supplement it by a like sum. This Mr. McCartney, on behalf of the Rajah, agreed to do, but funds were not forthcoming.

3. At a rough estimate, the work was calculated to cost Rupees (5,000) five thousand, but most likely it would cost somewhat more to do it well.

4. If the Government, in consideration of the benefit which would accrue to the country generally, would be pleased to make a grant from Provincial Funds of the amount which will be required for the section of the road which will pass through the territory of Sundoor, communication will be so far complete, as a road runs already from Bellary to Yettinahatty, the entrance to the Sundoor Valley.

5. The Local Fund will then be prepared to allot funds to the short line (thirteen miles) from Kudlighi to Somalapoor, which has already been opened out by small allotments granted from year to year.

No. 68. ORDER THEREON, 10th November 1873, No. 1657.

Ordered to be referred to the Department of Public Works in continuation of the Proceedings of 10th October 1873, No. 1459.

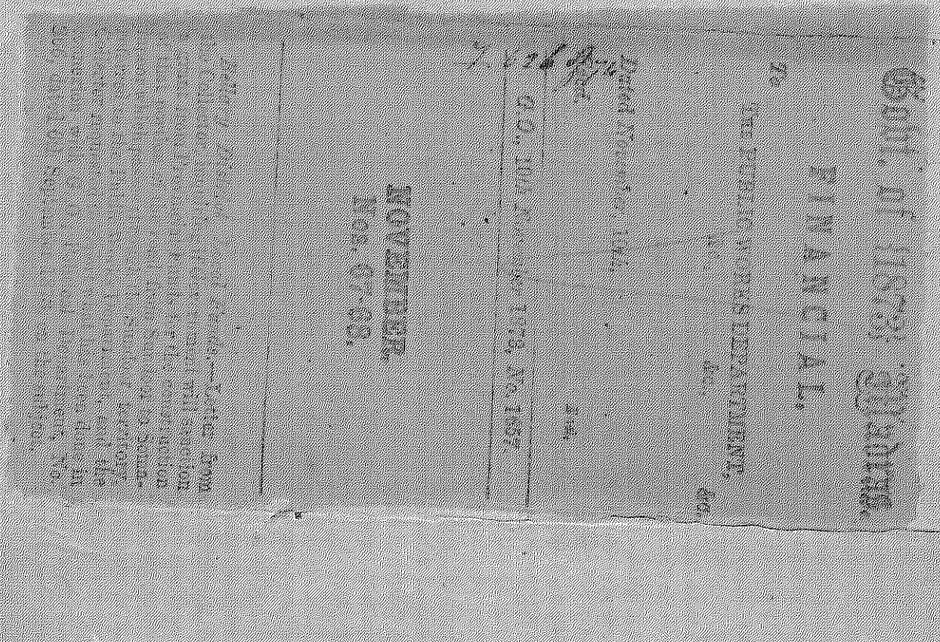

2. The Collector will report what has been done in connexion with G. O., dated 6th September 1873, No. 366, Political, on this subject.

3. I have the honour to enclose a Report from the Executive Engineer, dated the 15th instant, on the subject of the Petition of the Inhabitants of Hagari, praying for the construction of a Ford across the River, instead of a Bridge, as proposed in the Estimate.

4. The Board entirely concur in the views of the Executive Engineer, and are of opinion that the Petition should not be complied with.

5. The Board have the honour to forward herewith a Plan of the Bridge, as required by the Public Works Department Code.
