No. 99. Read the following Proceedings of the Board of Revenue, dated 7th November 1873, No. 7563 (Miscellaneous):—

Read the following letter from G. VANSAGNEW, Esq., President of the Local Fund Board, Nellore, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Nellore, 10th October 1873, No. 853:—

I have the honour to submit copy of a letter to my address from the Superintendent-General of Vaccination, dated 16th September last, No. 1012, detailing the cost of the present Vaccine Establishment of the Nellore Circle, and suggesting that instead of one there ought to be two Superintendents for the district and two vaccinators to each taluq, and to state that these proposals were laid before the last meeting of the Local Fund Board with the result recorded in Resolution, No. 94, copy of which is subjoined.

2. In anticipation of the approval and sanction of Government, which I beg may be obtained in accordance with the terms of the resolution, provision for carrying into effect, from 1st April 1874, the proposals suggested by Dr. Shortt, has been made in the Local Fund Budget for 1874-75 about to be submitted to the Board of Revenue.

3. The present cost of the establishment is Rupees 2,544, and contingencies Rupees 240. The proposed cost of establishment is Rupees 5,088 and contingencies Rupees 480; total Rupees 5,568.

From Surgeon-Major J. SHORTT, M.D., Superintendent-General of Vaccination, Madras Presidency, to G. VANSAGNEW, Esq., President of the Local Fund Board, Nellore, dated Madras, 16th September 1873, No. 1012.

In accordance with paragraph 59 of the Local Fund Rules, I have the honour to detail below the cost of the present establishment of your district for your information:—

	Rs.
One Superintendent on Rupees 70 per mensem	840
Four first-class Vaccinators, Rupees 18 each per mensem	864
Seven second-class ,, ,, 10 ,, ,, ...	840
Contingencies for repair of records, travelling expenses to Superintendents and Vaccinators, &c.	100
Stationery	50
Batta to mothers of vaccinated Children	50
Postage Stamps	40
Total ...	2,784

2. In submitting this estimate, I would beg to point out to you the inadequacy of the staff of vaccinators, there being only one vaccinator to each taluq, the area of which ranges from 500 to over 700 square miles; the time alone required to traverse this space will be great, and the vaccinator will have to stay at each village for at least a fortnight to establish vaccine lymph to enable him to conduct his work.

3. There is but one Superintendent to the district, and he has an area of 4546 square miles to go over during the year, and his vaccinators must naturally be more than hundred miles distant from his head-quarters. These are the difficulties that have to be overcome, and which I mus leave for the favourable consideration of your Board.

4. I would suggest, should it be feasible, that instead of one there ought to be two Superintendents for the district and two vaccinators to each taluq.

Proceedings of the Madras Government, Financial Department,

,, P. VENKATA RAMIREDDI GARU, Allur.

94. Read letter from the Superintendent-General of Vaccination, dated 16th September, No. 1012, detailing the cost of the present Vaccine Establishment, and suggesting that instead of one there ought to be two Superintendents for the district and two vaccinators to each taluq.

Resolved that Dr. Shortt's proposals to double the existing Vaccine Establishment be carried out from 1st April next with the sanction of Government. Dr. Shortt will be informed accordingly, and provision will be made in the budget now under preparation.

The Board resolve to request Government to sanction the proposed increase in the Nellore Vaccination Staff. The additional cost will be Rupees 2,784 per annum.
