No. . Read the following letter from W. S. FOSTER, Esq., President of the Municipal Commissions, Godavery District, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Cocanada, 27th September 1873, No. 9 :—

I have the honour to forward the report on the working of the Municipal Act III. of 1871, in the town of Ellore, for the official year ending 31st March 1873, together with a copy of the Vice-President's letter and the original accounts.

2. The Auditor's receipt for the fees will be forwarded shortly.

From E. L. PEARSE, Esq., Vice-President of the Municipal Commission, Ellore, to W. S. FOSTER, Esq., President of the Municipal Commissions, Godavery District, dated Ellore, 4th August 1873, No. 26.

I have the honour to report on the working of the Towns' Improvement Act III. of 1871 in Ellore, during the official year ending on the 31st March 1873.

2. *Transaction of Business.*—The Commissioners held twenty-nine meetings. The number of appeals disposed of by them was thirteen from holders of houses and lands and 129 from persons carrying on trades or callings. The conservancy and improvement of the town were attended to.

3. *Receipts.*—The enclosed are the statements of receipts and disbursements prepared in accordance with the forms appended to the Government Order under date the 28th October 1871, No. 1646. The estimated amount of receipts, together with an expected balance of Rupees 1,500 for last year, was Rupees 14,300. The collections with the actual balance, Rupees 2,707-10-1, amounted to Rupees 15,310-8-5, including the uncollected portion. From the Statement IV. it will be seen that Rupees 220-1-2 were written off as irrecoverable for the previous years (1870-71 and 1871-72). The greater part of the balance outstanding at the end of the year under report, as per the above statement, was realized in the first quarter of the current year, and the necessary steps are being taken for the recovery of the residue. The total municipal revenues and receipts (Rupees 12,443-10-4) under Head III., "Rates and Taxes, &c.," are less than those (Rupees 12,600) estimated under that head, but the difference is very small. Rupees 17 entered under F, the minor head, were the fees collected under Schedule A. There were no receipts whatever during 1872-73 from the source entered under Head II., "Assignments and Allotments by Government." The large difference of Rupees 1,010, between the estimated and the actual receipts of 1872-73, is more than accounted for by the unexpectedly large balance remaining at the beginning of the year.

4. *Expenditure.*—Rupees 9,938-11-3 were expended, and a balance of Rupees 5,371-13-2 was carried to the credit of the current year's account. A portion of this was, of course, necessary for the payment of establishments for the month of March 1873; but the reason of so large a saving was the wish to provide for the survey and drainage in the town, for making some good roads, and for establishing a dispensary.

5. *New Works.*—The number of roads made is twenty-three; of which twenty metalled roads begun in the previous year were completed, during the year under report, at the cost of Rupees 1,406-8-8. Three were the newly constructed metalled roads. Rupees 473-1-11 were spent on these three. Nine drains were made, of which two had been commenced in 1871-72. Of Rupees 386-1-11 entered under head "Sanitary and Miscellaneous," Rupees 178-2-10 were disbursed on account of sanitary works such as the latrines, box-cart and dust-box, &c., and the remainder was appropriated to several miscellaneous purposes, such as the preparation of chairs, bathing tubs in the public bungalow at Ellore, &c., &c.

6. *Repairs.*—Rupees 128-13-8 entered under "Communications" were laid out for repairing seven roads and certain side-drains in the town, and Rupees 182-4-11 under "Sanitary and Miscellaneous" were spent on repairing sixteen latrines and compound walls of the travellers' bungalow at Ellore.

7. *Education.*—Rupees 493-6-5 were expended on Education, of which Rupees 50 were drawn to buy books for the Municipal Schools to be established. Rupees 78-6-5 were the salary grant paid to the Church Mission Caste Girls' School at Ellore for seven months (from August 1872 up to the end of February 1873), and for a portion of July 1872, at Rupees 10½ per mensem; and the remaining Rupees 365 were the result grants made to the Church Mission Mahomedan and Hindoo Preparatory Schools and another Church Mission School.

8. *Vaccination.*—The number of persons vaccinated during the year 1872-73 was 571, of whom 285 were males and 286 were females; 427 cases were successful 131 were unsuccessful, and thirteen doubtful. The Dresser in charge of the Police Hospital here has been requested to superintend the vaccinator's work.

9. *Registration of Births and Deaths.*—The number of births registered during the year was 841, and that of deaths 979. There were only three cases of cholera, but 151 of small-pox.

10. *Conservancy.*—The excess under "Conservancy" of actuals over the estimate was owing to the expense of a driver and bullocks for a box-cart, and of some tubs for new latrines.

11. *Relief.*—Four extraordinary meetings were held to give relief in the shape of food to the people rendered houseless and destitute during the Ellore floods. The sum expended by the Relief Committee in distributing food to 7242 persons for five days giving an average of 1448 per day was Rupees 237-12-3, and Rupees 307-4-10 were given to persons on the conservancy establishment and others of our subordinates who suffered severe loss through the same cause.

I hereby certify that I have audited the municipal accounts, Ellore Circle, for the year ending 31st March 1873, which I have found in order, all the entries being duly supported by proper vouchers.

No 38. Municipal Office
Rajahmundry
29th August 1873

From J. F. Smith Esquire
Vice President Municipal Commission
Rajahmundry

To W. A. Forbes Esquire
President Municipal Commission
Godavery District, Cocanada

Sir,

I have the honor to report on the working of the Municipal Act (III of 1871) in the town of Rajahmundry.

2 Balances at the beginning of the year.
The year commenced with a balance of Rupees 3013-10-9 of which Rupees 2989-2-1 was the Municipal fund and Rupees 56-8-8 Endowment fund of Civil Hospital)-

3. Receipts - Allotment by Government etc.
Rupees 1191-15-6 were received from Government on account of 8 Police Beats levied by the Municipality (vide G.O. No 41 of 9th January 1873)

4. House Tax. The Collections realized under this head are Rupees 2930-7-7 of which Rupees 5-9-11 is arrears. This tax was levied according to the rules of the previous years. The tax is easily collected. Only one Petition was presented and the Assessment was not examined on the ground of poverty. 142 Demand Notices and 15 Distress warrants were issued. Only one attachment was made.

5. Professional Tax. The entire collection

under this tax amounts to Rupees 57,66-8, showing an excess of Rupees 2828-4-4 over that of last year. The registers and rates for this tax were revised in this year. The number of persons taxed is 1945 which exceeds that of the last year by 657. There were 361 Appeals against this tax; of these 182 were rejected, 47 Appellants were exempted on the ground that they were not exercising any trade, and 132 were reduced to a lower class. Rupees 237 were refunded to the successful Appellants.

6 Tolls. The right of collecting tolls was sold to a Contractor for Rupees 2323. The whole of this amount has been realized partly as instalment paid in advance last year, partly by collection this year with the exception of one bill Rupees 193-12 which was exempted on account of a claim for reduction made by the Contractor by reason of interference with the traffic at the time of Pachtaraan fair (vide G.O. No 977 of 23 August 1872) Rupees 50-1 was credited this year on account of tolls of the previous year.

7. Tax on Religious Fees - The sum collected under this tax is Rupees 528-4-8, of which Rupees 11-4-8 is in arrear.

8. Registration of Carts. Rupees 157 received under this head.

9 Fees. Rupees 119-6-8 were received under this head, for which a schedule Statement is hereunto enclosed.

Accounts, and Rupees 15-11-9 in cutting wood &c.-
Rupees 8-9 were spent in cleaning Chattrams.-
Rupees 308-4-8 were spent in maintaining
the travellers bungalows; of which Rupees
116-2-4 was for Establishment and
Rupees 163-2-4 for slight repairs and sundry
Articles required - A piece of ground was
bought at a Cost of Rupees 600 for a
Mahomedan burial ground and Rs 68-12
was expended in giving Recovery for
killing 227 snakes.

21. Grant V. Superviision and Management.
Rupees 1577-11 were spent under this head
including Office Establishment & Contingencies.

22. Rupees 3-6-8 was refund of profession
tax levied in 1871-72.

23. Deposits. Rupees 311 was instalment
of toll and bandy stand Contract rents
paid in advance last year. It was
credited against the demand on the
Contractor this year, and is debited
in the deposit accounts. Rupees 261-12
were received as deposits from toll and
bandy stand Contractors for the year 1873-74.

24. Balance amounted to Rs. 3298-12-4.
of which Rupees 97-15-7 was balance of
Endowment fund and Rs. 3200-12-9 Municipal fund.

25. The Commissioners met 26 times for
the transaction of business during the year,
and disposed of 1145 petitions, of which 813
were for rethatching houses and building
tiled houses or Compounds walled and 332
were Miscellaneous petitions.

26. The health of the town was fair-
There were only 37 cases of Journal Cholera.
In reality they were Choleroic diarrhoea.
Small pox was some what severe - The
additional Vaccinators appointed last year
were retained in this year for three months;
after which they were dispensed with -
Fever made its appearance at the beginning
of the year - The enclosed Statement shows
the number and Causes of deaths during
the year under report.

27. Copies of the Accountants report and
their receipt and that of the Civil Surgeon
incharge of the Dispensary and the Statement
prepared under Government Order No 822
of 12th June 1873 are herewith enclosed.

28. Demand, Collection and Balance
are shewn in Statement IV. out of the
balance of Rupees 1608-11-3, Rupees 556-14-5
were subsequently collected, and almost
all the rest will be written off as irrecoverable.
The cause of having so much uncollected
balance at the close of the year is owing to
the raising of the profession tax and to the

fact that the collection of the tax commenced
in July instead of April –

Thanking you

No 26. Ellore Municipal Commission

Office - 4th August 1873

From E. L. Price Esquire

Vice President, Municipal Commission

Ellore

To W. L. Foster Esquire

President of the Municipal Commission

Godaveey District

Sir,

I have the honor to report on the working of the Towns' Improvement Act III of 1871 in Ellore, during the official year ending on the 31st March 1873.

2. Transaction of business - The Commission held 29 meetings - The number of appeals disposed of by them was 13 from holders of houses and lands and 129 from persons carrying on trades or callings - The conservancy and improvement of the towns were attended to.

3. Receipts - The enclosed are the statements of Receipts and disbursements prepared in accordance with the forms appended to the Government order under date the 28th October 1871 No. 1646. The Estimated amount of Receipts together with an expected balance of Rs 1600 for last year, was Rupees 14300. The collection with the actual balance Rupees 2707-10-1 amounted to Rupees 15310-8-5 excluding the uncollected portion. From the Statement IV it will be seen that Rupees 220-1-2 were written off as irreconcilable for the previous Years

(1870-71 and 1871-72). The greater part of the balance outstanding at the end of the year under report as per the above Statement was realized in the first quarter of the Current year and the necessary steps are being taken for the recovery of the residues.

The total Municipal revenues and Receipts (Rupees 12443-10-4) under head 3 "Rates and Taxes &c" are less than those (Rupees 12600) Estimated under that head, but the difference is very small. Rupees 17 Entered under the Minor head were the fees Collected under Schedule A. There were no receipts whatever during 1872-73 from the source entered under head 2 "Assignments and Allotments by Government". The large difference of Rupees 1010 between the Estimates and the Actual receipts of 1872-73 is more than accounted for by the unexpectedly large balance remaining at the beginning of the year.

4. Expenditure - Rupees 9938-11-3 were Expended and a balance of Rupees 5371-13-2 was carried to the credit of the Current year's account. A portion of this was of course necessary for the payment of Establishments for the month of March 1873; but the reason of so large a saving was the wish to provide for the Survey and Drainage in the town: for erecting some good Roads; and for establishing a Dispensary.

5. New works - The number of roads made is 23. Of which 20 Metalled roads begun in the previous year were Completed during the year under report at the Cost of Rupees 406-8-8. Three were the newly Constructed Metalled roads. Rupees 473-1-11 were spent on these three - Nine Drains were made, of which, two had been Commenced in 1871-72. Of Rupees 386-1-11 entered under head "Sanitary and Miscellaneous", Rupees 178-2-10 were disbursed on account of Sanitary works such as the Latrines, Box cart and cart box &c, and the remainder was expended for General Miscellaneous purposes such as the preparation of Charts, teaching books &c the preparation of Charts, teaching books &c the Public Bungalow at Ellore &c &c.

6. Repairs - Rupees 128-13-8 entered under "Communications" were laid out for repairing roads and certain side drains in the town, and Rupees 182-4-11 under "Sanitary and Miscellaneous" were spent on repairing 6 latrines and Compound walls of the Travellers Bungalow at Ellore.

7. Education - Rupees 493-6-5 were Expended on Education - of which Rs. 50 were drawn to buy books for the Municipal Schools to be established. Rupees 78-6-5 were the Salary Grant paid to the C. M. Caste

girls School at Ellore for 7 months (from August 1872, up to the end of February 1873) and for a portion of July 1872 at Rupees 10½ per mensem; and the remaining Rs. 365 were the Result Grants made to the C.M. Brahmanson and Hindu preparatory Schools and another Church Mission School.

8. Vaccination— The number of persons vaccinated during the year 1872-73 was 571; of whom 285 were males and 286 were females. 427 cases were successful— 131 were unsuccessful and 13 doubtful— The Draper in charge of the Police Hospital here has been requested to superintend the vaccinators' work.

9. Registration of Births and Deaths— The number of births registered during the year was 844, and that of Deaths 979. There were only 3 cases of Cholera, but 151 of Small pox.

10. Conservancy— The Excess under "Conservancy" of Actuals over the Estimate was owing to the Expense of a driver and bullocks for a Bullock cart and of some Jatties for new Latrines.

11. Relief— 4 Extraordinary meetings were held to give relief in the shape of food to the people rendered homeless and destitute during the Ellore floods. The sum expended by the Relief Committee in distributing food to 7242 persons for 5 days giving an average of 1448 per day was Rupees 237-12-3 and Rupees 307-4-10 were given to persons on the Conservancy Establishment and others of our subordinates who suffered severe loss through the same cause.
