No. 128. Read the following letter from A. WEDDERBURN, Esq., President of the Municipal Commission, Errode, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Errode, 1st November 1873, No. 56:—

I have the honour to submit copy of a letter* from the Vice-President, Errode Municipality, requesting that a moiety of the Passed Hospital Apprentice's pay may be paid by Government. Government, in the Government Order quoted, deem twenty-five per cent. as a due share for their servants treated in the dispensary. This being a small Municipality, and the number of Government servants to be treated large in proportion, perhaps a moiety would be more suitable.

* Dated 21st October 1873.

2. The Vice-President applies also for a grant for supplying medicines to "public servants." No such grant has been thought requisite at Coimbatore.

3. If, as seems to be intended in this Municipality, the medicines to be dispensed to public servants are to be charged for as well, this grant seems uncalled for, more especially when Government supply medicine at a small percentage above wholesale price.

From A. M. MACGREGOR, Esq., Vice-President of the Municipal Commission, Errode, to A. WEDDERBURN, Esq., President of the Municipal Commission, Errode, dated Coimbatore, 21st October 1873.

With reference to G.O., No. 397, dated 25th March last, I have the honour to request you will be good enough to apply to Government for a moiety of the salary of the Passed Hospital Apprentice lately appointed to Errode. There are numerous Government officials to be treated by him there. The Taluq Revenue Establishment, Munsif's Court Establishment, Police, Public Works Department, pensioners, &c.

2. I would also request you to solicit a grant for supplying medicines to such Government servants, for it seems exceedingly hard that this charge should fall on the Municipality. Many, if not most of them, contribute nothing to the municipal taxes, and merely reside there by virtue of their appointments. To show you how people are availing themselves of medical treatment, I may remark that, during the first fortnight of this month, the daily average of patients treated was twenty-five, and as many as thirty-seven in a day have been treated.

No. 129. ORDER THEREON, 20th November 1873, No. 1694.

The payment from Provincial Funds of twenty-five per cent. of the salary of the medical officer in charge of the Errode Dispensary is sanctioned. The Government do not see that any reason exists for treating Errode exceptionally by sanctioning a larger grant than usual.

2. The application for a grant for supplying medicines to public servants is inadmissible. It is presumed that medicines are issued free of charge only to subscribers and patients attending personally for treatment at the dispensary.
