Proceedings of the Madras Government, Financial Department,
20th November 1873.

Read the following papers :—

No. 130. Proceedings of the Board of Revenue, dated 24th October 1873, No. 7195 (Miscellaneous).

Read the following letter from R. W. BARLOW, Esq., Acting Collector of the Chingleput District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 15th October 1873, No. 479 :—

I have the honour to forward an estimate, amounting to Rupees 8,150, for clearing and extending the branch Channel at Tiruporur, Item No. 2, in the current year's Canal Budget, and request that it may be returned, sanctioned, at an early date.

2. Out of the allotment of Rupees 4,220 for this work, Rupees 410 were transferred for the repair of works connected with the Shadayamkupam Lock—*vide* G.O., dated 29th September 1873, No. 388, Financial Department.

3. The delay in submitting this estimate was caused by a reference made to the Sub-Collector to ascertain whether there was any probability of a road being constructed there; and a reply, after his consulting the Local Fund Board at Chingleput, has only just been received.

The estimate is submitted for the sanction of Government.

2. The Board observe that the estimate does not bear the countersignature of the District Engineer.

(True Copy and Extract.)

(Signed) J. GROSE,
Secretary.

No. 131. From R. W. BARLOW, Esq., Acting Collector of the Chingleput District, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Sydapet, 8th November 1873, No. 107.

In reply to your Official Memorandum, No. 242, dated the 29th ultimo, I have the honour to report that there is considerable traffic from Tiruporur and its neighbourhood up to the Southern Canal to Madras. The branch Channel runs directly at right angles from the main Channel towards Tiruporur, which lies about a-mile and a-half to the west of the Canal, and was a great convenience to travellers.

2. The state of this Channel attracted my attention when visiting the locality shortly after the Cyclone in 1872, by which it had been so much damaged as to be utterly impassable and useless. The estimate provides for clearing it and making a slight extension, and I should add that a further extension and a good road into Tiruporur are under the consideration of the Chingleput Circle Board.

3. License fees on boats were levied on this Canal long prior to Act I. of 1870, but the enactment has never been applied to it by any formal notification.

No. 132. ORDER THEREON, 20th November 1873, No. 1695.

The estimate submitted with the foregoing Proceedings of the Board of Revenue, for clearing and extending the branch Channel at Tiruporur, amounts to

Rupees 8,150. The provision for the purpose, in the Special Funds Budget for 1873-74, is stated to have been Rupees 4,420, from which Rupees 410 having, under the sanction of Government, dated the 29th September 1873, No. 1388, been transferred to another work, the amount available for the Channel work is Rupees 4,010 in the current year's Budget. The balance (Rupees 4,140) will be provided in the Canal Budget for 1874-75.

(True Extract.)

W. HUDLESTON,
Chief Secretary.
