Proceedings of the Madras Government, Financial Department,
25th November 1873.

No. 157. Read the following Proceedings of the Board of Revenue, dated 12th November 1873, No. 2296 :—

Read the following letter from J. R. DANIEL, Esq., Acting Collector of Vizagapatam, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 14th October 1873, No. 1517 :—

In their Order, No. 1306, dated 27th July 1871, Government sanctioned an estimate, amounting to Rupees 59,892, for constructing a road from Anakapilly to Chodavaram. Up to the end of the last official year a sum of Rupees 44,715-10-4* was expended on this road. The District Engineer has now submitted a revised estimate, amounting to Rupees 62,311, or showing an excess of Rupees 2,419. The amount provided in the original estimate on account of compensation for land was Rupees 16,115; but in the revised estimate a sum of Rupees 636 has been added,† being the annual shists of lands for Faslis 1281 and 1282. This partly accounts for the revision of the estimate. The excess, however, is chiefly due, as the District Engineer states, to the alterations in the design of the Gonada Bridge, about four miles from Chodavaram, which the late Superintending Engineer considered necessary for its safety after experience of the great floods of 1870.

* Local Fund Report for 1872-73.

† *Vide* Collector's letter, No. 1106, dated 24th July 1873.

2. The revised estimate has been approved of by the Narsipatam Local Fund Board.

3. I have, therefore, the honour to forward, herewith, the revised estimate and a comparative statement showing the difference between the revised and the original estimate, and request you will obtain the sanction of the Board of Revenue for the same.

Enclosure No. 1.—Revised Estimate.

Enclosure No. 2.—Comparative Statement.

The revised estimate for constructing the branch road from Anakapilly to Chodavaram will be submitted for the sanction of Government.

2. The estimates sanctioned in G.Os., dated 26th August 1868, No. 2260 and 27th July 1871, No. 1306, amounted to Rupees 59,892. The revision increases the cost by Rupees 2,419, of which, Rupees 1,554 is due to higher rates for earth-work, &c., Rupees 636 to larger compensation, and Rupees 229 to sundries. The plan for a bridge is altered so as to effect a small saving.
