No. 167. Read the following Proceedings of the Board of Revenue, dated 17th November 1873, No. 2343 :—

Read the following letter from G. D. LEMAN, Esq., Collector of the Kistna District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Masulipatam, 23rd October 1873, No. 1576 :—

Referring to paragraphs 5 and 10 of the Board's Proceedings, No. 1221, dated 8th July 1873, I have the honour to enclose copy of a letter addressed me by the District Engineer, No. 108, of 17th September 1873. Major Hasted considers that if some Rupees 1,000 be placed at his disposal it will be all that he can spend this year in planting grass along the river banks after the freshes subside. As regards the construction of ferry-boats, I propose that a sum of Rupees 3,000 be put at the District Engineer's disposal as he does not expect to be able to expend more, the workmen at the Bezwada Workshop being already fully engaged. The balance of the Canal and Ferry Fund up to the 30th September 1873 is Rupees 4,264-1-3.

Enclosure No. 1.

From Major J. O. HASTED, R. E., District Engineer, to G. D. LEMAN, Esq., Collector of the Kistna District, dated Duggirala, 17th September 1873, No. 108.

With reference to your letter, No. 1372 (enclosures returned), dated 10th instant, I have the honour to inform you that I am unable so early in the year to state what amount will be required for expenditure in planting grass in the Kistna. There is no doubt of the value of grass planting for the protection of the river banks, and I propose to do a considerable amount of this work after the floods subside. The cost of planting near the anicut, however, is very small, and I think if Rupees 1,000 are reserved for the purpose it will be amply sufficient.

2. Regarding the construction of ferry-boats, it is now so late in the year, and the Workshop establishment is so fully employed, that I believe 3,000 Rupees is as much as can be expended within the year.

Collector.

Submitted for the information of Government with reference to G.O., dated 14th June 1873, No. 841.

2. The District Engineer's proposals are approved, and the Accountant-General will be requested to place at the disposal of the Public Works Department Rupees 1,000 from the Kistna Nanal Grass Fund and Rupees 3,000 from the Kistna Canal and Ferry Fund.
