No. 44. Read the following Proceedings of the Board of Revenue, dated 6th November 1873, No. 7539 (Miscellaneous):—

Read the following letter from J. HOPE, Esq., President of the Local Fund Board, Kurnool, te J. GROSE, Esq., Secretary to the Board of Revenue, dated Kurnool, 4th October 1873, No. 360:—

With reference to paragraph 3 of G.O., No. 489, dated 16th April 1873, deferring the expenditure of Rupees 1,000 provided for in the budget on account of medical practitioners, pending further orders of Government on the subject, I have the honour to state that the Inspector-General, Indian Medical Department, lately sent two Hospital Assistants of the second class, and request you will be good enough to obtain the sanction of Government for payment of their salaries.

2. A copy of the correspondence with the Inspector-General is herein enclosed, and I have been under the impression that the necessary sanction of Government was obtained by the Inspector-General before he detached them on duty in this district.

From Inspector-General E. G. BALFOUR, Inspector-General of Hospitals, Indian Medical Department, to T. A. N. CHASE, Esq., President of the Local Fund Board, Kurnool, dated Fort St. George, 15th February 1873, No. 1093.

You will have observed by paragraph 3 of G.O., No. 160, of 3rd February 1873, that Government has deferred issue of orders on the item 3 of Rupees 1,000, allotted for employment of medical practitioners in your letter, No. 418, of 14th October 1872.

2. I ask the favour of an explanation of the views and wishes of the Local Fund Board regarding this allotment, and I beg of you to mention to the Board that if I can aid the Board it will give me much pleasure.

3. I understand by your proposal that the Board are prepared to allot Rupees 1,000 a-year for educating medical men for the district, and I may mention that for that amount six or eight can annually be entertained. The total cost of training a medical student through two years of pre-collegiate instruction and two years of collegiate education is about 500 Rupees. If, however, the Rupees 1,000 be only a single donation not to be repeated, it will only suffice to produce two medical men to the district at the close of the fourth year.

4. If it be the wish of the Board to allot Rupees 1,000 a-year for the employment of medical practitioners other than the district now possesses it would, I think, be possible to obtain one good private medical man for that amount, or I can send two of the Hospital-Assistant grade for the Board.

5. I ask the favour of your obtaining for me the Board's views.

EXTRACT from the Proceedings of the Local Fund Board, Kurnool Circle, dated 4th March 1873, No. 89.

Read letter, No. 1093, dated 15th February 1873, from the Inspector-General, Indian Medical Department.

The Board would be glad to have two Hospital Assistants of the second class.

(True Extract.)

(Signed) E. TURNER,
Offg. President.

From Deputy Inspector-General J. L. RANKING, Acting Inspector-General of Hospitals, Indian Medical Department, to J. HOPE, Esq., President of the Local Fund Board, Kurnool, dated Fort St. George, 5th July 1873, No. 4419.

I have the honour to inform you that the two second-class Hospital Assistants named in the margin have been placed at the disposal of your Local Fund Board in conformity to their wish expressed in their Resolution, No. 89, dated 4th March 1873.

Hoosman Khan, No. 774, from 40th Regiment Native Infantry, Secunderabad.
M. Manickum, No. 767, Lock Hospital, Bellary.

From J. HOPE, Esq., President of the Local Fund Board, Kurnool, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Kurnool, 11th October 1873, No. 378.

With reference to Revenue Board's official memorandum, No. 1566, dated 9th October 1873, I have the honour to state that one of the Hospital Assistants, Hoosman Khan, has been posted to Atmakur, the Sub-Magistrate's station in the Nandikotkur Taluq, where fever is reported to prevail. He, however, proceeds immediately to Nundial to take charge of the Civil Dispensary there for three months, during which time the Hospital Assistant usually in charge takes privilege leave. The other Hospital Assistant, M. Manickum, is employed at Owk, the Sub-Magistrate's station in the taluq of Koilakuntla.

2. The question as to whether they should be made itinerant, or placed in independent charge of branch dispensaries, is under consideration of the Local Board.

In the Budget for 1873-74, the Kurnool Local Fund Board provided Rupees 1,000 "for training an inferior class of Doctors to be selected from the present class of Hakeems, and trained either at the local dispensaries or in the Medical College at Madras." Government passed the allotment, but prohibited expenditure from it pending further orders. The Inspector-General, Indian Medical Department, noticing the provision inquired how the Local Fund Board wished to employ it, and the Local Fund Board, losing sight of the Order of Government, told him that they would be glad to have two Hospital Assistants of the second class. In July, the Acting Inspector-General despatched the two men to Kurnool—one was sent to Atmakur, and will relieve the Hospital Assistant in charge of the Nundial Dispensary when he takes his three months' privilege leave, and the other was sent to Owk. Sanction is now requested for the payment of their salaries.

2. The Board recommend that payment of the salaries be sanctioned for the present. Whether the two men will be allowed to remain in Kurnool must depend on the general question whether the entertainment of second-class Hospital Assistants for general purposes in Local Fund Circles is allowed.

(True Copies and Extract.)

(Signed) J. GROSE,
Secretary.

No. 45. ORDER THEREON, 4th December 1873, No. 1765.

The provision of Rupees 1,000 in the Budget was passed on the understanding that it was intended to be expended on training medical practitioners, and the diversion of this sum to an entirely different purpose cannot be sanctioned except in so far as may be necessary for the payment of the salaries already due to the

Hospital Assistants, who should be at once recalled by the Surgeon-General, Indian Medical Department.

2. Pending the issue of final orders on the general question of training medical practitioners, the Government will not object to sums allotted for the purpose being expended on pupils attached either to the Medical College at Madras, or to a local dispensary presided over by an officer of a competent grade.
