No. . Read the following letter from A. MACGREGOR, Esq., President of the Municipal Commission, Calicut, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Calicut, 7th November 1873, No. 23 :—

I have the honour to forward the annual report and statements, received from the Vice-President of the Calicut Municipality, on the working of the Towns Improvement Act in Calicut, during the year 1872-73.

2. The total amount collected during the year, including the unexpended balance on the 31st March 1872, was Rupees 36,231-1-7.

3. It will be seen from the Demand, Collection and Balance Statement that a sum of Rupees 8,998-8-0 remained to be collected at the end of the year, of which the Vice-President reports that a sum of Rupees 3,310-11-0 has been collected since, the balance with the exception of a small sum which is irrecoverable.

4. The expenditure under different heads was as follows :—

Grant I.—The expenditure under "New Works" was only Rupees 344-12-0. This is far below the estimate, and is mainly due to the increase under "Conservancy."

Rupees 7,936-6-11 were spent under this head for the repair of roads, bridges, and culverts in the Municipality.

5. *Grant* II.—Rupees 1,271-9-9 were spent for educational purposes. The expenditure under this head, though still small, shows a considerable increase over last year; two elementary Schools were opened in the middle of the year; the Inspection and Normal School Charges, due for the year under report, were not paid before the close of the year.

6. *Grant* III., *Civil Dispensary.*—This institution has a funded capital of Rupees 25,525. The total amount collected during the year, including the opening balance, was Rupees 8,854-14-6. The expenditure was Rupees 6,768-5-10, leaving a balance of Rupees 2,086-8-8 at the close of the year. The income from funded capital was abnormally raised by payment of arrears of interest under compulsory measures. The sum paid by the Municipality towards this institution was Rupees 1,274-14-5. This was on account of Establishment Charges and cost of European Medicines supplied during the year 1871-72.

The Commissioners are also in charge of the Leper Hospital and Small-pox Hospital. They have incurred an expenditure of Rupees 233-4-0 for bedding and clothing; the other charges were as usual paid by the Treasury Deputy Collector on bills submitted by the Civil Surgeon.

The charges have to be adjusted between Local and Municipal Boards.

Vaccination.—Rupees 330-10-0 were spent under this head.

Registration.—Rupees 864 for registration of births and deaths.

Conservancy.—Under this head a sum of Rupees 13,574-13-0 was spent for the following purposes :—

	RS.	A.	P.
Establishment	4,838	5	0
Carts	1,623	5	10
Cleaning Tanks	6,189	10	10
Tools	923	7	4

Three of the largest tanks in the town, which had not been cleaned within the memory of man, were emptied and thoroughly cleansed at great labour and expense. On the whole the sanitary condition of the town has been greatly improved.

7. *Grant* IV.—Under this head a sum of Rupees 892-12-3 was spent; the principal item was for Survey Establishment.

8. *Grant* V.—Rupees 3,254-10-5 were spent under this, including Miscellaneous Charges.

From P. A. COLE, Esq., Vice-President of the Municipal Commission, Calicut, to A. MACGREGOR, Esq., President of the Municipal Commission, Calicut, dated Calicut, 17th October 1873, No. 114.

I have the honour to report on the working of the Towns' Improvement Act in the Calicut Municipality during the year 1872-73, and to annex the usual statements.

2. The statistical return, called for in G.O., dated the 12th June 1873, No. 822, is also enclosed.

3. Taxes were levied during the year from all sources prescribed by the Act.

4. The total amount collected during the year, including the opening balance on the 31st March 1872, was Rupees 36,231-1-7.

5. It will be seen from the Demand, Collection and Balance Statement that a sum of Rupees 8,998-8-0 remained uncollected on the 31st March 1873. Of this, a sum of Rupees 2,220-11-0, being the arrears of previous year under "House on Profession Taxes," is irrecoverable owing to poverty, death, and departure of the ratepayers, and of the remaining sum of Rupees 6,777-13-0, Rupees 3,310-11-0 have been collected up to date, and the balance, with the exception of a few Rupees, will have to be written off from the accounts.

6. EXPENDITURE.—*Grant* I.—Under this head only a sum of Rupees 344-12-9, was expended; of which, Rupees 143 was for constructing an elementary School at Paniengara, and Rupees 201-12-9 for culverts and parapet walls to roads and tanks.

7. A sum of Rupees 7,936-6-11 was spent for maintaining in good order the different roads situated within the Municipality; of which, Rupees 2,852-6-9 were for purchasing gravel; Rupees 4,294-4-0 were for maintaining an establishment consisting of an overseer, a maistry, a peon, and two gangs of coolies, each consisting of twenty-five men and a duffadar; Rupees 503-11-6 were spent in purchasing tools; and the remaining sum of Rupees 286-0-8 was for repairing bridges, culverts, &c.

8. *Grant* II.—Under this head Rupees 1,271-9-9 were spent for the following purposes:—Inspection Charges for 1871-72 Rupees 86-2-8; Contribution to the Cannanore Normal School for 1871-72* Rupees 127-10-0; Result Grants to eight Village Schools situated within this Municipality Rupees 527-12-0; Salary Grant to a Moplah School Rupees 37-0-0; and the cost for maintaining two elementary Schools established by the Municipality was Rupees 493-1-1.

* The charges for 1872-73 will be adjusted soon.

9. The above schools were opened on the 1st September and 1st November 1872, respectively, and has an average attendance of thirty-five and thirty boys each.

10. *Grant* III., *Civil Dispensary.*—This institution and the Leper and Small-pox Hospitals were handed over to the Commissioners in August 1872. The former with a funded capital of Rupees 25,525. Of this sum, Rupees 23,000 were lent to five individuals by the then trustees of the institution on the security of landed estates at nine per cent. per annum; Rupees 2,000 are invested in Government Securities at four per cent.; and Rupees 525 placed in the Bank deposits.

11. As there was great delay and difficulty in collecting the interest due from the mortgagees, steps are being taken to recover the principal from them.

12. The balance at the credit of the dispensary at the beginning of the year was Rupees 1,346-6-0, and the amount collected during the year from the sources indicated in the margin was Rupees 7,508-8-6, making a total of Rupees 8,854-14-6.

	Rs.	A.	P.
Sale of Medicines	79	14	11

Municipal Contribution	1,274	14	5
Local Fund Contribution	701	3	2
Amount realized from Capital	2,000	0	0
Total	7,508	8	6

The expenditure was Rupees 6,768-5-10, leaving an unexpended balance of Rupees 2,086-8-8 at the close of the year.

13. The only items under "Receipts" that call for remarks is the contribution of Rupees 1,274-14-5 and Rupees 701-3-2 paid by the Calicut Municipality and the Local Fund Board,* respectively, on account of Establishment Charges and cost of European Medicines for 1871-72. The contributions due from the above two Boards for the year under review has not yet been received, nor the cost of medicines and establishment charges due for that period was paid. The delay in not adjusting the amount is due to the fact of the Commissioners being ignorant of the charge, there being no system laid down by which such charges should be recovered.

* Calicut Circle.

14. The particulars of expenditure are given below:—

	Rs.	A.	P.
Diet of Native patients	762	0	5
Perishable articles	166	3	8
Servants' Wages	664	14	11
European Medicines (purchased here)	491	15	6

Repairs to Dispensary	157	9	8
Invested in Government debt	2,094	2	1
Diet of European patients	20	8	4
Miscellaneous	161	15	5
Cost of Government Establishment, 1871-72	912	15	0
Do. Medicines supplied by Government	1,063	2	7
Total	6,768	5	10

15. The only item which requires explanation is the sum of Rupees 2,094-2-1 debited under the head "Investment." Of the mortgagees, alluded to in paragraph 10 of the report, one has repaid a sum of Rupees 2,000 as part payment of his debt, which sum the Commissioners have invested in Government Securities, and Rupees 94-2-1 is the premium paid on this investment.

16. *Leper and Small-pox Hospitals.*—These were formerly purely Government institutions and had no capital whatever.

17. The expenditure connected with these institutions during the year is given in the Statements, Nos. 1 and 2, furnished by the Civil Surgeon.

The only sum that was paid by the Municipality for these institutions was Rupees 233-4-0 for bedding and clothing; the other charges were as usual paid from the Government Treasury on bills submitted by the Civil Surgeon. The charges have to be apportioned between Local and Municipal Boards, but pending the receipt of a statement from the Accountant-General, detailing the charges including the cost of medicines supplied, this adjustment cannot be done. The reports of the Civil Surgeon on the working of the three institutions for the calendar year are also enclosed.

18. *Vaccination.*—A sum of Rupees 330-10-0 were spent under this head; of which, Rupees 197-8-0 were for the pay of vaccinators, and Rupees 133-2-0 paid as batta to those who submitted to vaccination.

19. Small-pox was raging very virulently during the latter part of the year, and additional vaccinators were at once entertained to arrest the progress of the disease. The number vaccinated was 3276; of which, 3042 were successful.

20. *Registration.*—The Commissioners have maintained eight Registrars at a cost of Rupees 864. The casualties registered are given in Statement No. III.

21. *Conservancy.*—The Commissioners have spent Rupees 13,574-13-0 for sanitary arrangements. Of this, Rupees 4,838-5-0 were for maintaining the establishment noted in the margin.

One Nuisance Inspector.
One Maistry.
One Peon.
Fifty-two Sweepers for bullock carts, hand carts, and hand boxes.
Nine Toties.

22. Roads, streets, and lanes were kept thoroughly clean by the above establishment.

23. Rupees 1,623-5-10 were for constructing hand carts and cost of conservancy carts; Rupees 6,189-10-10 were spent in draining and cleaning three large important tanks within the Municipality which were in a very filthy condition; the water was drained by means of water wheels used for irrigation in the southern part of the district; and Rupees 923-7-4 were for materials purchased for the above works.

24. *Grant* IV.—Under this head a sum of Rupees 892-12-3 were spent; of which, Rupees 681-8-6 were for Survey Establishment maintained by the Municipality; Rupees 78 for watering streets; Rupees 20 for the pay of a sweeper attached to the Musaferkhana, which was taken charge of by the Commissioners in November 1872; Rupees 16-7-0 were for specimen lamp-posts and lamps; and Rupees 96-12-9 were for various miscellaneous purposes.

25. *Grant* V.—A sum of Rupees 3,254-10-5 was expended for Establishment Charges including miscellaneous.

26. The accounts of the Municipality, during the year under report, have been audited by a gentleman unconnected with the Commission, and his report and statements are herewith submitted.

27. The statement of the Auditor that no ledger was kept by the Commissioners is incorrect. He ought to have suggested a better form than the one used by the Municipality. The Commissioners have, however, adopted his form of ledger from the commencement of the current official year.

From the Auditor of the Municipal Accounts, Calicut, to the Honorary Secretary to the Municipal Commission, Calicut, dated Calicut, 3rd July 1873.

I have the honour to inform you that I have audited the accounts of the Municipality for the year ending 30th March 1873.

2. I have found every debit supported by its voucher and cheque, and the receipts from taxes and other sources carefully entered and passed to credit of the Commission in the local Bank.

3. The balance at credit of the Commission on 1st April 1873 was Rupees 5,974-10-1, against Rupees 5,613-1-9 on the same date last year. The receipts during the year amounted to Rupees 30,617-15-10, and the expenditure to Rupees 30,256-7-6—see Statement A.

4. Statement B shows the income and expenses of the Civil Dispensary since the Commission took charge of the institution. The balance agrees with that given in the pass-book granted by the bank.

5. A statement of arrears is also submitted to you.

6. From it you will see that, on the 1st April, the total amount overdue was Rupees 8,998-8-0. Of this up to date a sum of Rupees 2,928-12-0 has been collected leaving an outstanding balance of Rupees 6,069-12-0. I find that, on the 1st April last year, the arrears amounted to Rupees 10,760-12-5, which contrasts favourably with the amount uncollected on the same date this year.

7. I take this opportunity of mentioning that I think the accounts of the Municipality would be much simplified if a ledger were kept, in which the various entries from the day-book (now in reality the only book of importance kept) could be brought under their individual heads.

8. Mr. J. L. Frank has been attentive in affording me such information as I required. He appears to have kept his books neatly.

Report on the Civil Dispensary, Calicut, by Surgeon W. H. ROBERTS, M.D., *Civil Surgeon, Malabar, for the year* 1872.

The Dispensary has done good work during the year 1872.

The following table shows the working of the dispensary during the year, and also as compared with the year 1871:—

	1871.		1872.	
	In-patients.	Out-patients.	In-patients.	Out-patients.
Europeans.				
Admissions	11	2216	3	1,813

Daily sick...	·54	23·45	·20	20·9
Natives.				
Admissions	219	6,552	299	5,630
Deaths	27	2	28	...
Daily sick	9·99	74·10	14·56	69·39

This shows an increase in the Native in-patients of eighty, and a slight decrease generally of the out-patients, European and Native.

The chief diseases treated were fevers, rheumatic affections, venereal diseases, general dropsy, chest affections, diarrhœa, worms, ulcers, itch.

Some forty-six operations were performed during the year.

Now that the Municipality supports the dispensary, I would again urge (what I have often represented departmentally) the urgent need that exists for another Hospital Assistant for the work of the institution. The above table shows what has to be done by one man. Need I say it is too much? One man cannot do the work required here properly. For years one man has done it, but with great hardship. The out-door cases are very numerous, and necessitate a constant running out and coming in to make up prescriptions. It is simply harassing. There is ample work for two men, and with two the work could be much extended. If the funds will permit of it, I strongly urge that the services of another man be applied for, whether a Pensioned Apothecary, or Hospital Assistant, or one on the strength of the establishment will be a mere question of money. The man I am sure is available.

Second-class Hospital Assistant M. Soobramoney has done his work with much zeal and intelligence and to my entire satisfaction.

The financial statement is in the Municpal Office.

Now that the Municipality supports the Dispensary, I would again urge (what I have often represented Departmentally) the urgent need that exists for another Hospl. Asstl.

for the work of the institution. The above table shews what has to be done by one medical. I say it is too much? One man cannot do the work required here properly. For years one man has done it, but with great hardship. The Out door Cases are very numerous, and necessitate a constant running out & coming into make up prescriptions. It is simply harassing. There is ample work for two men & with two the work could be much extended. If the funds will permit of it, I strongly urge that the services of another man be applied for, whether a Pensioned Apothecary or Hospital Assistant or one on the Strength of the Establishment will be a mere question of money. The man I have now is available.

2. Class Hospital. Mr Buchanan has done his work with much zeal & to the general & to my entire satisfaction.

The Financial Statement is in the Municipal Office.

Report on the Leper Hospital
Calicut by Surgeon W. H. Roberts M.D.
Civil Surgeon Malabar for the Year
1872.

The following Statement shews the work done at the Leper Hospital during the year 1872.

	1871.	1872.
Admissions	49	48
Daily Sick	18.08	16.32
Deaths	3	5

The condition of these poor creatures is much alleviated by the food and Care provided for them in this Institution.

Report on the Small Pox Hospital
Calicut by Surgeon W. H. Roberts m.d.
Civil Surgeon Malabar for the year 1872.

A table is subjoined Shewing
the work done at this Hospital during
the year 1872.

	1871.	1872.
Admissions	8	56
Daily Sick	"	2.42
Deaths	.01.	12

Measles prevailed towards the Close
of the 1st quarter of the year, and gave
place to Small Pox which steadily gained
ground & became Epidemic. Without
Exception the Cases of Confluent Small
Pox were not Vaccinated—

Sir,

I have the honor to forward the annual report and Statements received from the Vice President of the Calicut Municipality on the working of the Towns' Improvement Act in Calicut during the year 1872/73.

2. The total amount collected during the year including the unexpended balance on the 31st March 1872 was Rs. 36231-1-7.

3. It will be seen from the demand Collection and balance Statement that a sum of Rs. 8998-8-0 remained to be collected at the end of the year; of which the Vice President reports that a sum

of

of Rs. 3,310-11-- has been collec-
-ted since, the balance with the
exception of a small sum which
is irrecoverable.

4 The expenditure under different
heads was as follows.

The expenditure under "New Works" was only Rs. 344. 12. 0 - This is far below the estimate, and is mainly due to the increase under Conser-
-vancy. - Grant I.

Rs. 7936-6-11 were spent under this head for the repair of roads, bridges & Culverts in the Munici-
-cipality

5 Rs. 1271-9-9 were spent for edu- Grant II.
-cational purposes - The expen-
-diture under this head though still small shows a considerable increase over last year; two elementary schools were opened in the middle of the year; the Inspection and Normal School charges due for the year under report were not paid before the

the close of the year.

Grant III. Civil Dispensary - This institution has a funded Capital of Rs. 25,525/. The total amount collected during the year including the opening balance was Rs. 8854. 14. 6. The expenditure was Rs. 6768 - 5. 10. leaving a balance of Rs. 2086. 8. 8 at the close of the year. The income from funded Capital was abnormally raised by payment of arrears of interest un-
-der compulsary measures. The sum paid by the Municipality to-
-wards this institution was Rs. 1276. 11. 5. This was on account of establishment charges & cost of European Medicines supplied during the year 1871-72.

The Commissioners are also in charge of the Leper Hospital and Small-pox Hospital. They have incurred an expenditure of Rs 233-4-- for bedding & clothing; the other charges were as usual paid by the Treasury by Collector

on

on bills submitted by the Civil Surgeon.-

The charges have to be adjusted between Local & Municipal Boards.

Rs. 330-10-" were spent under this head. Vaccination

Rs. 864-"-" for registration of Births & Deaths. Registration

Under this head a sum of Rs. 13.5.7½.13." was spent for the following purposes. Conservancy

Establishment Rs. 1838.5."
Carts ——— Rs. 1623.5.10
Cleaning Tanks Rs. 6189.10.10
Tools ——— Rs. 923.7.4.

3 of the largest tanks in the town which had not been cleaned within the memory of man were emptied and thoroughly cleansed at great labor & expense. On the whole the sanitary condition of the town has been greatly improved.

7. Under this head a sum of Rs. 892.12.3 was spent; the principal item was for Survey Establishment. Grant IV.

8. Rs. 3.254-10-5 were spent under this including miscellaneous charges. Grant V.

I have the honor to be
Sir,

The excess of the opening balance over the estimate has not been explained either in the present report or in that for 1871-72. The third para of

61 V

of the President's letter relating to the uncollected balance appears to have been incorrectly copied and from para 5 of the View President's report, the Govt. gather that a portion of the arrear demand under "Rates on houses" and "Tax on Actors" amounting to Rs 2220-11", has been struck off as irrecoverable, and that it is reported that a sum of over Rupees 3000 of the uncollected balance of the demand for 1872-73 will also have to be written off. The Govr in Council consider that the failure to recover so large an amount calls for more than a mere statement of the fact and desires that

Explanation

explanation may now be submitted. The receipts under Endowments were incidentally swelled by the withdrawal of a portion of the invested capital with a view to its reinvestment in a more secure manner. The other items of receipts call for no remark in detail.

The Expenditure on New Works amounted to Rs 8439 against an estimate of Rs 13,400. The Vice President merely states the fact, and ~~he does not~~ in the absence of any information on the subject in the Vice-President's report the President attributes it to the increase under "Conservancy", but as

as the year closed with a large unexpended balance, the Govt. cannot accept that explanation as satisfactory. Statement III A showing the detailed expenditure, has been submitted in a blank form. The details must be supplied. The apparently large expenditure on establishment was due to the pay of coolies for road repairs being debited under that head. A course which should be avoided in future.

So far as any inference can be drawn from the amounts of the grants paid to private institutions and the attendance at Municipal schools, the educational operations

operations of the year appear to have been satisfactory.

The expenditure on the Dispensary amounts to Rs 6844 including adjustments for establishment and medicines for for 1871-72 but not those for 1872-73. The Commissioners state that the delay in the adjustment arose from ignorance of the charge. The Coll. will report why the necessary information was not supplied in time. The entry in the remark column of statements IX shows that the Vice President has misunderstood the orders of Govt on the subject. When the charge of Dispensaries was

PL

was entrusted to Municipalities it was intended that the Municipal contributions should be confined to supplying any deficiencies which might exist after the full utilization of the undisposed funds of the institutions. An additional contribution for the sole purpose of swelling the floating balance of a subsidiary fund is an unnecessary anticipation of the transactions of the following year, which, naturally, can find no place in the prescribed form. The correct balance of the Dispensary funds is Rs 811-10-3 and that of the Municipal funds Rupees 249-8-6. It is to be hoped that the steps taken for the

the recovery of the capital of the institution will prove effectual ~~satisfactory~~. The Govt cannot agree with the Civil Surgeon in considering the falling off in the attendance of out-patients a mere "slight decrease". It should have been stated if the cause of the falling off can be satisfactorily explained.

1871- 5768
1872- 7443

The expenditure on conservancy exceeded the estimate by Rs 6075. A supplemental estimate should have been submitted before such extensive unsanctioned operations were commenced but the large expenditure on clearing tanks has the full approval of Govt who observe with satisfaction that the President considers
