No. 230. Read the following letter from R. W. BARLOW, Esq., President of the Municipal Commission, Conjeveram, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Sydapet, 26th November 1873, No. 85 :—

I have the honour to forward, for sanction, a Supplemental Budget of expenditure in the Conjeveram Municipality for 1873-74.

2. The total expenditure proposed amounts to Rupees 5,020 to be met by a transfer of funds from the current year's allotment for the works as shown below :—

	Rs.
Lalakal project	4,000
Petty works and reserve	550
Expected saving under Lighting Establishment	200
Do. do. maintenance of roads	270
Total ...	5,020

The Lalakal project cannot be undertaken this year, as the revised plan and estimate for it have not yet been furnished by the Public Works Department, and the full allotment of Rupees 4,000 will, therefore, be available for transfer, and there will be also no expenditure under "Petty works and reserve."

3. As regards the details of proposed expenditure Rupees 4,080 are provided under Grant I., of which Rupees 2,710* are for "Communications;" Rupees 1,340† for "Sanitary and Miscellaneous;" and Rupees 30 for "Tools and Plant" and "Contingencies."

* New Works	2,480	
Repairs	230	
Total ...	2,710	
† New Works	1,100	
Repairs	240	
Total ...	1,340	

4. Of the six works entered under "Communications" in Part I., three are new works which the Commissioners propose to undertake and complete, before the close of the year, as being very useful and urgently required, while the grants for the remaining three have been supplemental, as the allotments in the Original Budget were found insufficient to complete them.

5. The works proposed under "Sanitary and Miscellaneous" are three in number, with an aggregate allotment of Rupees 1,100. Of these, two were provided for in last year's Supplemental Budget, but not executed, and the third is a new work for restoring a drainage channel, which has been damaged by the heavy floods of last year.

6. Part II. contains a provision of Rupees 470, of which Rupees 230 is an additional grant required for repairing the streets, and Rupees 80 and 160 are the amounts required for repairing refuse carts and latrines, respectively.

7. *Grant* IV., *Lighting.*—A provision of Rupees 940 is made under this head, as the sum of Rupees 4,310, provided in the Original Budget, has been found insufficient, owing to the rates charged by the Superintendent of the Public Works Foundery for a hundred cast-iron lamp-posts supplied by him, and the cost of the

globes, being higher than anticipated; and, further, no provision was made, through oversight, for fixing the lamp-posts.

8. The favour of early orders is solicited, as the year is drawing to a close.

No. 231. ORDER THEREON, 27th December 1873, No. 1903.

The Supplemental Budget is sanctioned as submitted, but, as the abolition of the Professional tax will reduce the income of the Municipality by about Rupees 6,000, the Commissioners should consider whether it would not be well to retain some funds as a reserve to permit of the Lalakal project being carried out, without further delay, so soon as the revised plan and estimates are furnished.
