Proceedings of the Madras Government, Financial Department, 7th January 1873.

No. 31. Read the following letter from the Secretary to the Civil Fund, to the Chief Secretary to Government, Fort St. George, dated Madras, 2nd December 1872, No. 479 :—

I am desired by the Managers of the Civil Service Annuity Fund to inform you that, on examining the statement of the Secretary of State furnished to the Accountant-General with the Proceedings of Government dated 23rd November 1869, No. 567, showing certain discrepancies between the credits afforded by this Government and the payments made in England on account of annuitants on the Fund, I find that, besides those which are mentioned in that statement, there are also other sums which require adjustment, and for which the Fund is entitled to claim re-credit. These sums were transferred to the credit of the Government on the dates specified in the accompanying memorandum; but, as they do not appear to have been disbursed and included in any of the statements from the Home Government hitherto furnished to this office, I am desired to request you to ascertain from the Home Government whether the sums have been disbursed in England or not; if disbursed, in what statements they have been included, and if not disbursed, whether there is any objection to their being re-transferred to the credit of the Fund.
