Proceedings of the Madras Government, Financial Department,
1st *March* 1873.

No. 11. Read the following Proceedings of the Board of Revenue, dated 7th February 1873, No. 764 (Miscellaneous):—

Read the following letter from the President of the Local Fund Boards, Chingleput District, to the Secretary to the Board of Revenue, dated Conjeveram, 22nd January 1873, No. 4 :—

Referring to paragraphs 4 and 12 of my letter of the 22nd November last, No. 54, I have the honour to forward copy of a letter from the Vice-President, Chingleput Circle, affording explanation on the points noted by me.

2. It will be seen from it that no excess allotment over the estimate has been made for the road from 41st milestone on Trunk Road No. II. to Tetry, but that the computed expenditure had been overcalculated, and the sum provided in the Budget should, therefore, be retained as it completes the line.

3. As regards the provision for a Manager on Rupees 50, Mr. Crole's explanation as to its necessity is full and satisfactory, though, on a comparison of the work at Chingleput with that of the Sydapet Circle Board (*vide* statements enclosed), I am inclined to think that an establishment consisting of a Clerk on Rupees 35 and another on Rupees 20 might suffice; but the Vice-President strongly urges compliance with his proposal, and I leave the matter in the hands of the Board.

4. I should add, moreover, that the necessity for strengthening the Sydapet establishment, which supervises the work of the other circle also, has gradually been forcing itself on me, and I shall write separately on this subject.

Submitted to Government in continuation of Board's Proceedings, 21st December 1872, No. 2444.

Sir,

With reference to para 4 of your letter No. 54 of the 22 Ultimo to the Board of Revenue giving cover to the Local Fund Budget of the circle, I have the honor to inform you that the computed expenditure upon the road up to 31st March 1873 should be Rs. 32,560 instead of Rs. 32,720. This is the sum of the actual expenditure (Rs. 26,560) incurred up to 31st March 1872, and of the current year's grant Rs. 6,000. I have therefore the honor to observe that, if this sum of Rs. 32,560 be taken as the computed expenditure upon the road up to 31st March 1873, it will be seen that no allotment has been made over the estimate.

* Road from the 41st Mile stone on Trunk Road No. II to Tetty

2. With reg and to para 12 of the letter above

above referred to, I have the honor to for-
-ward a statement showing the nature and
amount of work in the Local Fund Esta-
-blishment of this Circle. It is clearly be-
-coming more difficult to transact the
business of the Department with the pre
-sent staff. Formerly the Sub Division
Officer or Sheristadar did the work of the Manager
now proposed. This was found to entail
great inconvenience & to impede the
general work of the Sub Collector's office
which is already very heavy.

3. It is impossible that every thing can
pass under my own eye. I would point
to the numerous mistakes & neglect of
orders noted in your letter on the Budget
for 1873/74 in proof that this Local Fund
Office is even now too weak. The state
the work in the office is moreover most
unsatisfactory and to a great extent
from the same cause. Difficult and
novel questions, and equally strange
Proceedings & orders are cropping up every
day

day, which it requires a man of superior
intelligence to comprehend and you can-
-not get such a man for Rs. 25 a month.
The educational scheme alone is deve-
-loping a vast number of intricacies &
an overwhelming load of work. I entered
nothing in the Budget for an educational
account establishment, but I do not see
how eventually the accounts of the various
Unions can possibly be kept without it.
I had intended however to go on for another
year without any increased charge under
that head, if my proposed "Manager" were
sanctioned.

Under the foregoing explanation
I earnestly trust that you will see fit
to withdraw your objection.

I have the honor &c.

Vice President.

12. The work will be immensely in-
-creased at the establishment of the

-ably be supposed that the whole work

-vision is made in the Budget for

separate clerks for doing the Union
