Proceedings of the Madras Government, Financial Department,
18th March 1873.

No. 108. Read the following letter from the President of the Local Fund Board, Cuddapah, to the Chief Secretary to Government, Fort St. George, dated Settevanpally, 27th February 1872, No. 15 :—

In continuation of my letter, No. 3, dated 20th January 1872, I have the honour to forward the enclosed letter from the Vice-President, Local Fund Board, Madanapally Circle, urging that provision should be made in the Budget for 1872-73 for the support of four Kasbah Schools in the Sub-Division, together with an extract of a letter from the Acting Inspector of Schools, giving a short account of the institutions and of their present condition.

From the Vice-President of the Local Fund Board, Madanapally Circle, to the President of the Local Fund Board, Madanapally Circle, dated Kadiri, 10th February 1872, No. 10.

I have just received a copy of the Board's Proceedings, No. 101, dated January 12th, 1872, reviewing the Budgets of the Cuddapah and Madanapally Circles for 1872-73.

2. In paragraph 29 it is stated that the union entries will be expunged from the budget, as it is contrary to the intention of Government that Anglo-Vernacular Schools should be taken up by the Local Fund Board.

3. The Local Fund Board of this Circle are well-aware that, in ordinary cases, such schools should not be provided for from Circle Funds ; but according to the provisions of paragraph 2 of G. O., No. 563, of April 28th, 1871, Public Department, the Government may, on the representation of the parties concerned, sanction such a course as an exceptional case, and it was in anticipation of this sanction that the entries in the budget were made.

4. I observe in letter, No. 7, dated December 1st, 1871, a request was made to you that sanction for transferring these schools to Local Funds might be obtained, and I conclude that the application was made though no answer has yet been received here.

5. If by any chance application has not yet been made, I have the honour to request that, should you see no objection, it may be made at once, as, unless these schools are entered in the budget, they must come to an end for want of funds.

6. I append a short history of each of these schools received from Mr. Boyle, as Government will probably wish to know particulars about them. The schools have only struggled on till now in the hope that some provision would be made for them by the Local Fund Board, and the subscriptions have, up till now, been raised with the greatest difficulty and reluctance on the part of the donors. There is not the slightest doubt that, unless the schools are taken on and provided for from Local Funds, they will collapse within a few months.

7. I may add that application was made to Government for bringing the Madanapally School under the provisions of the Education Act, but that the matter was ordered to lie over pending the passing of the Local Funds Act.

Extract from the letter of Mr. J. A. BOYLE, the Inspector of Schools.

* * * *

The Madanapally School was first opened in March 1862 by the late Mr. Molony, who was then the Sub-Collector, and after an existence of about one year was closed, and reopened again in March 1864. It has been kept up by subscriptions and grants from Government towards the salaries of teachers. The expenditure in 1869-70 from subscriptions, &c., was about 820 Rupees, and the average daily attendance of the boys during the year was eighty-one. In 1870-71 nearly 1,300 Rupees was received by subscriptions, &c , and the average daily attendance was eighty-six. The Government grants for those two years were 1,500 Rupees.

2. *Royachoty.*—This school was opened in March 1864, and after an existence of more than two years was closed, and reopened again within six months, and has been open ever since. The late Collector, Mr. Smith, purchased, for the use of the school, from subscriptions, a building for about 2,000 Rupees. The expenditure for 1869-70 from private contributions, &c., was about 300 Rupees, and the average daily attendance of boys thirty-eight. In 1870-71 Rupees 320 was collected, and the average daily attendance was forty-five.

3. *Voilpaud.*—This school was opened in September 1866, and has been held in a private building lent by one of the inhabitants. The amount of subscriptions, &c., in 1869-70 was about 400 Rupees, and the average daily attendance forty boys. In 1870-71 the subscriptions amounted to Rupees 360, and the average daily attendance was thirty boys.

4. *Kadiri.*—This school was opened in June 1865, and is provided with a building built from subscriptions received from the inhabitants. The receipts from subscriptions in 1869-70 was Rupees 700, and the average daily attendance of the boys fifty-two. In 1870-71 Rupees 480 was received by subscriptions, and the average daily attendance of the boys was thirty-five. There is a small balance still to the credit of the school.

The Govt do not see any reason why the sum of Rs 1200 should not be granted for the purpose mentioned therein. The Board of Revenue should call upon the Collector to submit a report on the working of the schools and the result of the inspection of the Board. Subscriptions should be invited as far as possible in this district. The Collector should also be asked to report whether the Hindus in the locality where the schools are situated are willing to contribute anything towards the support of the schools.
