No. 126. Read the following Proceedings of the Board of Revenue, dated 10th March 1873, No. 1379 (Miscellaneous):—

Read the following letter from the President of the Local Fund Board, Trichinopoly, to the Secretary to the Board of Revenue, dated Trichinopoly, 8th February 1873, No. 6:—

Adverting to paragraph 4 of the Board's Proceedings, No. 2214, dated 15th November last, I have the honour to submit the following explanation.

2. In calculating the cess for the current year, the assessment for Fasli 1280 was finally doubled. This was, however, incorrect.

3. In Fasli 1280 the cess on Inam lands was calculated on the yearly rent payable to the Inamdar by his tenants agreeably to Section 4 of Act III. of 1866.

4. For the current year, the cess in question ought to have been calculated on the full assessment which the Inams would bear if they were not Inams as required by Clause 2, Section 38, of Act IV. of 1871 (Local Fund Act), but this was not done, the figures* for Fasli 1280 being simply doubled for the current year as stated above.

	Rs.
* Assessment at the rate of 6 Pies for Fasli 1280	70,000
Assessment at the rate of 6 Pies for the current year	1,40,000

5. For next year the cess from Inam lands was correctly calculated, and, as the result thereof, the amount fell short of the sum that would be realized if the calculations were made agreeably to Section 4 of Act III. of 1866. The Land Revenue also fell short, the demand for Fasli 1281 being less than that of the preceding year by Rupees 38,350.

6. The collection for the year was, therefore, estimated at Rupees 1,22,970, and adding thereto the expected arrears collection, viz., Rupees 2,030, the aggregate amounted to Rupees 1,25,000.

7. It seems more reasonable to take the current year's revenue as the basis of calculation in preference to that of Fasli 1280, because there is certainly no reason at present to suppose that the revenue of the latter year (which was abnormally swollen) will be obtained in Fasli 1282.

8. The Commissioners of the Srirungum Municipality have, with reference to paragraph 7 of the Proceedings, agreed to contribute to the Local Fund Board Rupees 70 next year for educational charges. An extract from their Proceedings is herein enclosed.

9. As the balances have been largely increased by the reduction in the Revenue Board Office of the amount allotted for Department of Public Works Supervision (and *not* by the want of estimates as surmised by the Board), it will be necessary to consider again whether the resources will still need to be supplemented by tolls or not.

Extract from the Proceedings of the Municipal Commissioners for the Town of Srirungum at a Meeting held on the 19th December 1872.

Paragraph 16. Read letter from the Deputy Inspector of Schools, reporting, with reference to paragraph 4 of the Proceedings of the Commissioners, dated the 6th instant, that there are fifteen pyal schools in the town, six of which would be eligible for examination this year.

Read again letter, No. 154, from the President of the Local Fund Board, Trichinopoly Circle, and the Proceedings of the Board of Revenue, No. 2214, reviewed in the Proceedings of the Commissioners above quoted.

Resolved that the Board of Revenue be informed that the Commissioners do not think that they ought to pay more than 70 Rupees, which is a little more than ten per cent. on the probable expenditure.

President.

Submitted for the information of Government, with reference to G. O., 20th January 1873, No. 90.

2. The proposed contribution of Rupees 70 from the Srirungum Municipality for inspection seems fair.

3. Should the balances still be available on the final adjustment of the budget, supplemental proposals for allotting them should be made.
