No. 391 Municipal Commissioners' Office
Madras 28th February 1873

From

Colonel C. A. Denison
President Municipal Commission
Madras.

To

The Honble H. Huddleston
Chief Secretary to Government
Madras

Sir,

Pursuant to Section 18 of the Madras Municipal Act of 1867, I have the honor to submit herewith a Statement of the Receipts and Disbursements on account of this Municipality from the close of the last Official year up to the 31st Ultimo, together with the Minutes of the Proceedings of the General Meeting of the Commissioners held on the 15th Instant.

2. Several of the Subjects discussed at that Meeting are of an important character, and I will note them briefly in the order in which they stand on the Proceedings.

/

3

Enough has been already said on this subject, and the experience of my predecessors Mr. Loch and Col. Ritherdon, will, I trust, suffice to support my conviction that efficiency in the working of the various branches of such a large Office as this is, having to deal with so large a population in connection with the numerous matters arising out of its Municipal administration, cannot well be secured under the present administrative power. I thought it incumbent on me to submit the subject for the consideration of the Commissioners; but in consequence of the crippled state of our Municipal Revenue was obliged to let the matter stand over

1. Reorganization of the Municipal Office Establishments

4. The Commissioners having passed the following Resolutions on this subject, I request that Government will accord its approval of them.

2. Taxes, Tolls and Rates to be levied, and Budget Estimate for 1873/74.

Resolution (a) "That the following Rates, Taxes, Fees, and Tolls be levied for the official year 1873-74, for the purposes of Madras Acts IX. of 1867 and V. of 1871, viz:-

1st

3 A

"1st Rates at 7½ per cent on the value of "houses, buildings, and lands.

"2nd Taxes on Arts, Professions, Trades, "and Callings.

"3rd Liquor License Taxes.

"4th Taxes on Carriages and Animals.

"5th Fees on Registration of Vehicles "without springs.

"6th Tolls on Carriages and Animals entering "the Town."

Resolution (b) "That the Budget Estimate of "Receipts and Charges for the Year 1873-74 "as published in the Fort St. George Gazette "of the 4th instant, be approved and passed."

While on this subject, a discussion arose as to the necessity for imposing a Water Tax upon which a few of the Commissioners were of opinion, as Government will observe from the Proceedings, that the revision of the present Municipal Act should be referred to them. It is I consider very desirable that the Municipal Act should be revised as early as possible. I have not had time to go into it myself but Mr. Standish Lee the Ex-Engineer has given it careful consideration in connection with the Water Work Project and other subjects and has received

received much assistance from perusal of the Metropolitan Acts I sent out from England. The following Resolutions were passed - Viz:-

Resolution (c) "That the Commissioners are "satisfied that, in order to meet the numerous "demands on the Municipal Funds, and "for the better providing for the wants of the "Town, it is necessary to husband and improve "their resources without materially adding "to the burdens of the Rate-payers; and that, "with this view, they resolve to request the "Re-organization Committee to go carefully "and without further delay, into the Establishments "and other items of Municipal expenditure, "and while indicating sources of additional "revenue, point out how expenditure may be "economized."

Resolution (d) "At the same time, they resolve to "request the President to move Government "to have an amendment of the Act made, that "will allow a water-tax being imposed, the "present arrangement of paying interest on "Water Works Loan out of ordinary Revenue "being contrary to the provisions of the Act."

I can't understand the Tho Act alluded to as making special provision see Act Yes - BR

to which Resolutions I solicit the attention of Government. I cannot, however, conceive how the Commissioners anticipate such a saving from any Re-organization of the Departments that may be thought fit, as will obviate the necessity for fresh Taxation

4th. The Construction of the new General Market.

5. Under the authority of the Commissioners, I have to ask the Government for a Loan of One Lac of Rupees on terms of the Water Works Loan, to enable them to construct a new General Market on the site allotted by the Proceedings of Government noted in the margin*. I have for the last six years done all that lay in my power to get a new General Market for Madras and trust this may be obtained at last.

*G.O. 27th January 1870 No 111.

6th Order of Government P.D. dated 4th January 1873 No 9 regarding the transfer of the Vaccine Department under the Control of the Municipality.

6. After having taken this subject into consideration, the Commissioners have passed the following Resolution Viz:-

"That Government be requested to be "good enough to continue exercising the "Supervision and Control of the Vaccine "Department for the present."

in reply to the Suggestion contained in the Proceedings of Government under Notice.

7th Proceedings of the Committee appointed to enquire into the question of retransferring of the Carriage License Tax and Cart Registration to the Collector under date the 28th of January 1873.

7. With reference to para 4 of my predecessor's letter to Government No 28 B of the 20th of December last I have now the Satisfaction of reporting that

that the Committee have at last recommended that the Assessor should be relieved of all Collection work, and that, the Commissioners having approved of such recommendation, I have planned out such an arrangement to take effect from the Commencement of the ensuing official year as will in my opinion place the working of the Revenue Departments of this Office on a more satisfactory footing than it is at present. I regret that such an arrangement was not allowed to take place earlier.

8. The following Bye-Law having been passed to form a Penalty clause to the one adopted at the General Meeting of the Commissioners held on the 20th of December last, and referred to in the Proceedings of Government noted in the margin[†] -

9th (3rd) Penalty clause to the Bye-Laws passed at the last General Meeting in respect of Shop Keepers &c being required to put boards with their names in front of their shops &c.

[†] G.O. 7th February 1873. No. 182.

"Whoever shall commit any breach
"of the foregoing Bye-Law, by neglecting to do
"what is required by such Bye-law, shall
"be liable to a penalty not exceeding Rupees
"five, and in the case of a continuing breach
"to a further penalty not exceeding Rupees
"five for every day during which the breach
"is continued after the conviction for such offence."

I

I have the honor to request that the same Bye-Law with the Penalty clause, be ordered to be published in, at least five issues of the Fort St. George Gazette as required by Section 234 and then confirmed and published again in the Gazette, with translations thereof in the Tamil, Telugu, and Hindustanee languages in accordance with the 235th Section of the Act.

12- Question raised with respect to the liability of persons exercising their professions within the limits of Fort St. George

[*] G.O. 23rd February 1870 No. 234.

9. The rearrangement of the Municipal Divisions recorded in the Proceedings of Government noted in the margin[*] raised certain doubts and contained certain discrepancies which it was thought necessary to remove. With this view the following Resolution and fresh arrangement of Divisions were adopted at the last meeting. Viz:

"That, to remove any doubt as to the
"situation of Fort St. George in relation to
"the Madras Municipal limits, this meeting
"records that 'the Esplanade' forming the
"southern boundary of the 3rd Municipal
"division of Madras, according to the
"notification in the Fort St. George Gazette
"for the 1st of March 1870, was intended for
"the esplanade to the south of the Fort,

thus

"thus including the Fort in that division;
"and that to avoid further misconception,
"the following arrangement of divisions
"be adopted and substituted for that published
"in the Fort St. George Gazette for the
"1st of March 1870, and to have retrospective
"effect from the 1st of January 1871."

before them of the nature of the case which the Commissioners proposed to contemplate imposing, and of the reasons for which the provisions of section 205 of the existing Act are held to be inadequate for the purpose.

4 Orders will be passed separately on the application for a loan of one lac of Rupees for the construction of a new General Market.

5 At the request of the Commissioners the Government have no objection to continue the supervision and Control of the Vaccine Department for the present but they trust that the Municipality will soon find itself in a position to undertake the work [illegible] ~~the report embodied in the Proceedings of Govt dated 4th January 1873 No 9 P.D. I should that the transfer would probably lead to both greater~~

~~efficiency and economy~~

6 The proposed penalty clause to be added to the bye law adopted at the last general meeting of the Commission will be published as usual in four issues of the Fort St George Gazette.

7. The proposed reassessment of the Municipal Divisions is approved and the Resolution on the subject will be duly published as requested.

It is to be noted however that all houses, buildings and lands situate in Fort St George are exempted from taxation by the operation of section 70 of the Madras Municipal Act of 1865.

8. The scheme for the payment of Results-Grant-in-aid to schools of the lower class

Suit will be
carried on the Abstain
after tax on
by some reduction
a
Alternative - Tax such
as I have suggested, -
an octroi might
I shd think be
dispensed with advantage.
if it were possible
limited under the
name of "tolls", the tax
would seem to succeed
well in other towns
within Presidency?
Prompt steps should be
taken to submit
proposals to the
