Proceedings of the Madras Government, Financial Department,
22nd March 1873.

No. 152. Read the following Proceedings of the Board of Revenue, dated 13th March 1873, No. 367:—

Read the following letter from W. McQUHAE, Esq., Acting President of the Local Fund Boards, Madura, to the Secretary to the Board of Revenue, dated 21st February 1873, No. 15:—

I HAVE the honour to submit, for sanction, the four estimates noted in the margin, entered in Part I., New Works, Statement II.-A, of the Budget of the Madura Circle for 1873-74. The road from Madura to Anuppanadi has been struck out of the Budget by the Board of Revenue in paragraph 9 of their Proceedings, dated 16th December 1872, No. 2396, but it must eventually be made. The estimates have been sanctioned by the Local Fund Board on the 17th February, and copy of their resolution is enclosed.

	RS.
Item No. 5, Construction of road from Madura to Viralur	7,110
Item No. 6, Construction of road from Madura to Alagercovil	5,900
Item No. 8, Construction of road from Road No. 14 to Angadimangalam ..	2,430
Item No. 11, Construction of road from Madura to Anuppanadi	3,500

2. Viralur is a village about seven miles to the south-east of Madura, and the road to it is in very bad condition, and is unpassable in several parts during the rainy season. The traffic to and from the village and others lying on both sides is much impeded in consequence.

3. The Alagercovil Road from the seventh mile has already been constructed, and is maintained in good order. The present estimate provides for finishing the unmade portion. It is an important district road, and much traffic passes over it between Madura and the several villages lying along the road. A great portion of the fuel and the building materials for small native houses in Madura is supplied by the Alaghery Hills. Numerous pilgrims also pass by the road to Alagercovil.

4. The road to Angadimangalam is intended to connect that village with the main road. This branch is in very bad order at present.

5. Anuppanadi is a village about a mile and a-half to the east of Madura, and the road to it passes along paddy-fields and is difficult to pass during rainy season, and the only market for the produce of the village is Madura. It has long been felt that a road ought to be made to this village, but its construction has been put off from year to year for want of funds.

ENCLOSURES Nos. 1 to 4.—Estimates.

ENCLOSURE No. 5.—Copy of Proceedings of Madura Local Fund Board.

THE Board sanction the third and fourth estimates, viz., that for improving the road from Road No. 14 to Angadimangalam, 1 mile and 1592 yards long, at a cost of Rupees 2,430, and that for constructing a road from Madura to Anuppanadi, 1 mile and 344 yards long, at a cost of Rupees 3,500.

Proceedings of the Madras Government, Financial Department,
22nd March 1873.

2. The estimates for constructing a road from Madura to Viralur, seven miles and 1599 yards long, at a cost of Rupees 7,110, and from Madura to Alagercovil, 5 miles and 187 yards long, at a cost of Rupees 5,900, will be submitted for the sanction of Government.
