Read the following papers:—

No. 162. From G. E. BALFOUR, Esq., Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 27th March 1872, No. 92.

With reference to the Orders of Government marginally noted, I have the honour to submit the following report for the information of His Excellency the Governor in Council.

Paragraph 5 of G. O., No. 32, of 15th January 1872, and paragraph 4 of G. O., No. 299, of 13th March 1872.

2. In the first-noted Order the Government, in reviewing the Budget Estimates of Charges falling on Provincial Funds for Native Surgeons, desired me to state "whether there is any reason for retaining the salaries and allowances of these officers, when in charge of dispensaries, as Provincial charges," and request me at the same time to give details of the budgeted expenditure, amounting to Rupees 19,380, on account of Native Surgeons. In the latter Order of 13th March, I am also further directed to give a statement showing in detail the budgeted allotment for Apothecaries and Assistant Apothecaries, and to note opposite each institution my opinion as to the extent to which the charges should be Provincial, and I have now the honour to report on all these points.

3. With reference to the charges for Native Surgeons, I am of opinion that these should be treated on the general principle recognised by Government in paragraph 2 of G. O., No. 299, of 13th March 1872. With the exception of the Hospital Assistant appointed provisionally to act in that grade at Pollachy in G. O., No. 1590, of 20th October 1871, the whole of the Native Surgeons now on the establishment were entertained prior to the dispensaries being handed over to Local or Municipal Funds. In every instance, too, excepting that of Cuddapah, the dispensary is the principal charge, and, but for its existence, there would either be no medical officer at the station, or only a subordinate of an inferior and cheaper grade. In all such instances, therefore, as the medical officers have been placed there for the benefit of the local community, the chief charge on account of the Native Surgeon's salaries should, in my opinion, fall on the Municipal or Local Funds. In accordance with this view, I have, in the annexed Statement B, debited their salaries to Local and Municipal Funds, only retaining, under the head of Provincial, a small amount for the medical charge of Police, where such duty falls on a Native Surgeon. The case of the Native Surgeon at Cuddapah is quite an exceptional one, as he performs all the duties of a Zillah Surgeon, and the whole of his salary and station allowance* should, therefore, I think, be debited to Imperial Services. His allowance for the charge of the jail has been entered under "Provincial." The salary of the Hospital Assistant acting in the grade of Sub-Assistant Surgeon at Pollachy is not included in the Budget Estimate for Native Surgeons for 1872-73, as the order sanctioning his entertainment was received after the despatch of the estimate. This charge will, however, properly fall on the Local Funds of the district, as he was sent to the station on the special requisition of the inhabitants, and it is debited accordingly in Statement B.

* G. O., Madras, No. 191, of 26th Feb. 1872.

4. With reference to the request for the details of the budgeted expenditure of Rupees 19,380 for Native Surgeons entered under the head "Provincial" of the annual estimate, I have the honour to submit it as follows:—

			Rs.
One Native Surgeon, Conjeveram,		pay, 1st Class...	2,400
	Do.	dispensary allowance	600
One	Do. Cuddapah,	pay, 1st Class	2,400
	Do.	dispensary allowance	600
One	Do. Mannargudi,	pay, 1st Class	2,400
	Do.	dispensary allowance	600
	Do.	Police allowance	180
One	Do. Trichinopoly,	pay, 1st Class	2,400
One	Do. Madura,	pay, 1st Class	2,400
	Do.	dispensary allowance	600
One	Do. Salem,	pay, 2nd Class	1,800
One Sub-Assistant Surgeon, Nellore		... ...	1,200
One	Do. Cuddalore	... ...	1,200
	Do.	dispensary allowance	600
		Total ...	19,380

5. With reference to the order commanding details of the budgeted allotment for Apothecaries and Assistant Apothecaries in charge of dispensaries, &c., a full statement of these and of the heads under which I recommend to debit them will be found in Attachment B. In distributing these charges, I have been guided by the same principles as I have suggested for the case of Native Surgeons, and trust that this may meet with the approval of Government.

6. The salaries of the three Honorary Assistant Surgeons in the list have all been entered as Imperial charges in accordance with the Financial Resolution of the Government of India, No. 1659, of 20th March 1871, as they are severally in charge of civil stations.

No. 163. Proceedings of the Board of Revenue, dated 28th August 1872, No. 1704.

Read the following:—

From President of Local Fund Board,			Ganjam,	dated 3rd June 1872,	No. 107.
Do.	do.	do.	Chingleput,	,, 5th ,,	,, 13.
Do.	do.	do.	Tanjore,	,, 4th ,,	,, 219.
Do.	do.	do.	do.	,, 10th Aug. ,,	,, 298.
Do.	do.	do.	Madura,	,, 17th May ,,	,, 140.
Do.	do.	do.	Malabar,	,, 30th ,, ,,	,, 116.

These replies will be submitted to Government, with reference to G. O., 13th March 1872, No. 299.

2. The Collector of Ganjam points out that Government have decided* to pay a moiety of the salary of the Assistant Apothecary at Kimedy out of the funds provided in the Police Budget.

* G. O., Finl. Dept., dated 6th April 1872, No. 462.

3. The Collector of Chingleput reports that at Conjeveram (a Municipality) an officer of a lower grade than a Native Surgeon would suffice. Only Rupees 150 is provided in the Municipal Budget, but the Inspector-General states the pay of the officer to be Rupees 200. The dispensary being the officer's sole charge (or almost so), the Collector suggests that the necessity for granting an extra allowance on this account is questionable, but the Board believe this allowance is given, as a matter of course, to such officers when in independent charge.

4. The Collector of Tanjore submits resolutions of the Local Fund Boards, urging that Government should pay one-third of the medical officer's salary at Mannargudi, and Rupees 70 a month at Combaconum and Negapatam, the reason being that the medical officers have to attend Police and Revenue officials and conduct post-mortem examination. The Revenue Board think that the amount which the Inspector-General proposes that Government should pay in this and similar cases is not commensurate with the work which is to be performed for them, but have no data on which to calculate what would be a proper proportion to come out of Provincial Funds.

5. The Collector of Madura thinks on similar grounds that Government should make a substantial contribution towards the pay of the officer in charge of the Ramnad Dispensary, and the Board are at a loss to understand why *nothing* is entered in the Inspector-General's statement on this account. Ramnad is the headquarters of a Head Assistant Collector and an Assistant Superintendent of Police.

6. For the Goodalore Dispensary, according to the statement, Rupees 10 is to be paid out of Rupees 170. In their Order of the 26th April 1872, No. 570, Government have promised to pay the whole salary of the Assistant Apothecary.

Read the following letter from the President of the Local Fund Boards, South Arcot District, to the Secretary to the Board of Revenue, dated Bramadesam, 31st August 1872, No. 117:—

In reply to the Board's Proceedings, No. 5763 (Miscellaneous), dated 20th instant, I have the honour to enclose copy of a letter from the Civil Surgeon, from which it will be observed that the patients treated at the Branch Hospital, Cuddalore, consist principally of the civil population in the vicinity and residents in Old Town, and that, with the exception of the establishment of the Sub-Magistrate and Sea Customs Superintendent, no Government servants receive treatment there.

2. The Civil Surgeon has omitted to mention the pensioners of the Army, who, I think, must be considered to be provincial servants, and if this view is correct, I think that, under the Order of Government dated 13th March, No. 299, a portion of the salary of the Native Surgeon in charge should be debited to Provincial Funds.

From the Civil Surgeon, Cuddalore, to the President of the Local Fund Board, Cuddalore, dated Cuddalore, 28th June 1872, No. 55.

In reply to your letter, No. 73, dated 27th instant, I have the honour to inform you that no Police are treated at the Branch Dispensary, Old Town.

2. No Civil or Government servants, with the exception of those attached to the Sub-Magistrate's Cutcherry, Old Town, attend the Branch Dispensary.

3. The patients consist generally of the civil population in the vicinity and residents at Old Town.

No. 169. ORDER THEREON, 25th March 1873, No. 397.

In G. O., dated 13th March 1872, No. 299, the Government expressed their intention of contributing towards the salaries of Native Surgeons and Apothecaries in charge of dispensaries in cases where the benefit of Provincial Services, such as Jails and Police, formed a main reason for the employment of so highly-paid an officer, but called for more detailed information before passing final orders.

2. This information having now been supplied, the Government are of opinion that twenty-five per cent. of the charges in question will be a fair proportion to meet from Provincial Funds, except in the cases where a larger share has been already determined upon.

3. The necessary entries will be made in the Municipal and Local Fund Budgets now under review.

4. The Government will also be prepared to consider proposals for the extension of this contribution to Municipalities in which medical officers of a lower grade are employed, in the event of its being shown that their services are required to an appreciable extent by Government servants or pensioners.

Sir,

Para: 5 of G.O. No. 32 of 15th January 1872 and para 4 of G.O. No. 299 of 13th March 1872.

With reference to the orders of Government marginally noted I have the honor to submit the following report for the information of His Excellency the Governor in Council.

2. In the first noted order, the Government, in reviewing the Budget Estimates of charges falling on Provincial funds for Native Surgeons, desires me to state, "whether there is any "reason for retaining the salaries and "allowances of these officers, when in "charge of Dispensaries, as Provincial "charges," and requests me at the same time to give details of the budgetted expenditure, amounting to Rupees 19,380, on account of Native Surgeons. In the latter order, of 13th March, I am also, further, directed

directed to give a statement showing in detail the budgetted allotment for Apothecaries and Assistant ex Apothecaries, and to note opposite each institution my opinion as to the extent to which the charges in should be provincial, and I have now the honor to report on all these points.

3. With reference to the charges for Native Surgeons, I am of opinion that these should be treated on the general principle recognised by Government in para: 2 of G. O. No. 299 of 13th March 1872, with the exception of the Hospital Assistant appointed provisionally to act in that grade at Pollachy in G. O. No. 1590 of 20th October 1871 the whole of the Native Surgeons now on the establishment, were entertained prior to the Dispensaries being handed over to local or Municipal funds. In every instance too, excepting that of Cuddapah, the Dispensary is the principal charge, and, but for its existence, there would either be no Medical Officer at the Station or only a subordinate of an inferior and cheaper grade. In all such instances, therefore, as the Medical Officers have been

here placed there for the benefit of the local community the chief charge on account of the Native Surgeons' salaries should, in my opinion, fall on the Municipal or local funds. In accordance with this view, I have, in the annexed statement B, debited their salaries to local and municipal funds, only retaining under the head of provincial, a small amount for the Medical charge of police, where such duty falls on a Native Surgeon. The case of the Native Surgeon at Cuddapah is quite an exceptional one, as he performs all the duties of a Taillah Surgeon, and the whole of his salary and station allowance should, therefore, I think, be debited to Imperial services. His allowance for the charge of the Jail has been entered under provincial. The salary of the Hospital Assistant acting in the grade of Sub Assistant Surgeon at Pollachy is not included in the budget estimate for Native Surgeons for 1872-73, as the order sanctioning his entertainment was received after

G. O. Madras No. 195 of 26th February 1872.

after the despatch of the estimate. This charge will, however, properly fall on the local funds of the district, as he was sent to the Station on the special requisition of the inhabitants, and it is debited accordingly in statement B..

4. With reference to the request for the details of the budgetted expenditure of Rupees 19,380 for Native Surgeons entered under the head provincial of the annual estimate, I have the honor to submit it as follows:-

In distributing these charges I have been guided by the same principles as I have suggested for the case of Native Surgeons, and trust that this may meet with the approval of Government.

6 The salaries of the 3 Honorary & Assistant Surgeons in the list have all been entered as imperial charges in accordance with the Financial Resolution of the Government of India No 1659 of 20th March 1871, as they are generally in charge of Civil Stations.

Sir,

In reply to the Board's Proceedings Miscellaneous No 5763 dated 25 instant, I have the honor to enclose copy of a letter from the Civil Surgeon, from which it will be observed that the patients treated at the Branch Hospital, Cuddalore, consist principally of the Civil population in the vicinity and residents in Old Town, and that with the exception of the establishment of the Sub-magistrate and Sea Customs Superintendent

Superintendent, no Government servants receive treatment there.

2. The Civil Surgeon has omitted to mention the Pensioners of the army, who, I think, must be considered to be provincial servants, and if this view is correct, I think that, under the order of Government dated 13th March No. 299, a portion of the salary of the Native Surgeon in charge should be debited to Provincial funds.

Memo for orders.

The Inspector General Medical Department submits report called for in G.O. dated the 15th January 1872 para. 5 & G.O. dated the 13th March 1872 No 299. With the exception of a very small amount from provincial funds on account of the Police, he would debit to Local Funds the whole pay of a Native Surgeon unless he does the duty of a Zillah Surgeon when the charge will be met from Imperial Funds. He would adopt the same principle in distributing the pay of Warant Officers.

As directed in the order above quoted the Board of Revenue have submitted their remarks with file of replies from Collectors. A statement is put up giving the Inspector-General's proposals in a somewhat condensed form with opinion of Board & Local Officers in

Order thereon, 25 March 1873 No 397.

In G. O., dated 13th March 1872, No 299, the Government expressed their intention of contributing towards the salaries of Native Surgeons and Apothecaries in charge of Dispensaries in cases where the benefit of

Provincial

Provincial Services, such as Jails and Police, formed a main reason for the employment of so highly paid an officer, but called for more detailed information before passing final Orders.

2. This information having now been supplied, the Government are of opinion that 25 per cent of the charges in question will be a fair proportion to meet from Provincial funds, except in the cases where a larger share has been already determined upon.

The necessary entries will be made in the Municipal and Local Fund Budgets now under review.

The Govt will also be prepared to consider proposals for the extension of this contribution to Municipalities in which medical officers of a lower grade are employed, in the event of its being shown that their services are required to an appreciable extent by Government servants or pensioners.
