Not to be folded or roughly handled

No. 67. Read the following letter from J. H. MASTER, Esq., Acting President of the Municipal Commission, Bellary, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Bellary, 13th December 1872, No. 107 :—

I have the honour to submit the Budget-Estimates of the four* Municipalities in this district for the year 1873-74, together with the covering letters of the respective Vice-Presidents.

* Bellary. Gooty. Adoni. Anantapore.

2. The Bellary Budget requires no remarks. In the Adoni Budget, the contribution of Rupees 6,500 from Local Funds towards the cost of the proposed dispensary should be shown as a portion of the municipal receipts in Statements I. and I.-A.

The allotment of Rupees 9,000, under " Public Works," in Statement II., should also be increased by a like amount. In Statement II.-A, the estimated cost of the work should be exhibited in the estimate column, the amount allotted for 1873-74 being shown in the expenditure column.

In the Gooty Budget, the sum of Rupees 300, allotted for medicines, diets, &c., should be shown distinctly as a contribution to the Munro Chuttrum Dispensary Endowment Fund.

The total of conservancy under Grant III. is entered as Rupees 2,540. It should be Rupees 2,576. Corrections have been made in this budget without being initialled. The attention of the Vice-President has been drawn to this. In the Anantapore Budget, the dispensary charges, exclusive of the amount required for the Public Works in connexion with the same, are calculated to amount to Rupees 512. The Local-Fund contribution, viz, half of these charges, should be entered as Rupees 256. In Statement I.-A, the contribution from Local Funds should be shown as a receipt.

3. I have thought it best to submit the budgets as they are, without making the alterations which I have pointed out as advisable.

From J. A. DAVIES, Esq., Vice-President of the Municipal Commission, Bellary, to the President of the Municipal Commission, Bellary, dated Bellary, 10th December 1872, No. 493.

Agreeably to the Order of Government, dated 31st March 1871, No. 436, I have the honour to submit, herewith, an estimate of receipts and disbursements of the Bellary Municipality for the year 1873-74, framed with reference to the provisions of the Towns' Improvement Act III. of 1871.

1. The probable receipts for the period under consideration are estimated at Rupees 74,620 including a balance of Rupees 10,000.

2. Under the head of "New Works, (*c*) Sanitary Miscellaneous," the Commissioners have allotted Rupees 17,000. Of this sum, 10,000 Rupees is for a new market to be erected in the Cantonment ; the want of such a building has been felt for a long time ; Rupees 3,000 is for a scheme for bringing water to the big tank, by diverting the " Honhully Nullah," the importance of which cannot be over-estimated ; a professional survey of the ground is in process ; and Rupees 3,000 is for the construction of new drains, which are badly required in Bruce Pettah especially.

3. Under Grant I. (c), a sum of Rupees 8,000 has been allotted for repairing and maintaining about thirty-four miles of roads and repairing of bridges.

4. Under Grant I. (c), a sum of Rupees 1,000 has been allotted for the repairs of drains and latrines.

5. Under Grant I. (3), Rupees 3,228 has been allotted for establishment, the details of which are shown in Statement II.-B. A staff of coolies and maistries engaged on monthly salaries has been found more economical in repairing roads and cleaning drains than coolies employed daily; hence the large amount shown under this head.

6. Of the sum of Rupees 1,200 under Grant II. (3), the Commissioners have allotted Rupees 600 for the elementary education of the Mahomedan population. The Commissioners have not settled yet whether they will themselves establish two schools for this purpose, or whether they will give salary grants to the existing pial schoolmasters, but the sum they have set apart will be sufficient to meet the cost of either plan. Of the other 600 Rupees, Rupees 360 is for salary grants to the Roman Catholic lower-class schools, and Rupees 240, a grant in support of a high-caste girls'-school of the London Mission.

7. Under Grant III. (a), Rupees 1,536 has been allotted for the establishment of the Civil Dispensary; Rupees 430 on account of medicines; Rupees 600 for diet of patients; and Rupees 20 for repairs to the building.

8. Rupees 240 is allotted for the vaccination establishment, and Rupees 160 for fees to vaccinators and to patients, and for lancets, paper, &c.

9. The Registration-of-Births-and-Deaths' Establishment, at a cost of Rupees 432, is accounted for in Statement II.-B. The particulars of Rupees 7,452 for conservancy establishment is also shown in the same statement.

10. A sum of Rupees 10,000 has been allotted for cleaning the latrines of Cowle Bazaar, Bruce Pettah, and filth-carts for the Cantonment, Fort, and Civil lines. The sweeping and scavenging is done by the establishment of coolies, while the cleaning of latrines is given on contract The Commissioners propose to reduce the cost of inspection, and add to the strength of the working establishment.

11. Rupees 2,000 has been allotted for removing prickly-pear, and it is proposed to continue the grant year by year till the plant is extirpated.

12. The establishment and repairs of the public travellers' bungalow are estimated to cost Rupees 240.

13. Under Grant IV. (b), Rupees 500 has been allotted for procuring more iron lamp-posts and lanters, and the cost of lighting these and those at present in use will not be less than Rupees 3,500.

14. Rupees 2,000 is set apart for planting and watering avenue-trees. This year has been a favourable one for planting, so there will be an increase in the cost of watering in the ensuing year.

15. Under Grant V. (b), the sum of Rupees 3,996 has been allotted for office-establishment, this amount being less by Rupees 800 than the budget-estimate for the current year, a few reductions having been made Rupees 500 has been entered for office contingent expenses.

No. 68. ORDER THEREON, 16th April 1873, No. 492.

With his letter above recorded, the President of the Bellary Municipalities submits the Bellary, Adoni, Anantapore, and Gooty Municipal Budgets for the year 1873-74.

Proceedings of the Madras Government, Financial Department,
16*th April* 1873.

2. BELLARY.—In his covering letter the President states that the Bellary Budget requires no remarks. The Government regret that they are unable to concur. The very large opening balance of Rupees 10,000 clearly requires explanation, as does also the anticipated increase of Rupees 4,000 under house-tax, the decrease of Rupees 3,600 under tax on arts, &c., and the high figure put down for tolls. The entries in the column headed "Probable receipts for the current year" do not do much to clear up the difficulty. The sum of Rupees 100 shown as a miscellaneous contribution from the Local-Fund Board is unaccompanied by any explanation and must be struck out as no corresponding entry appears in the Local-Fund Budget of the Bellary Circle. As Statements I. and II. only refer to current transactions, the funded capital of the dispensary should be shown only in Statement I.-A. The necessary amendment has been made in the marginal abstract which shows the estimates as passed by Government.

3. The proposed expenditure on repairs (Rupees 9,000) is very small compared with the amount entered in the budget for 1872-73 (Rupees 24,920). It does not, however, fall much short of the estimated actual expenditure of the year (Rupees 11,000). The allotments for Public Works seem otherwise to have been judiciously selected and call for no further remark beyond an expression of satisfaction with the proposed provision for Mahomedan education. The statements have been somewhat carelessly prepared, for instance the total under Grant II. is shown as Rupees 1,300 instead of Rupees 2,500, and that under Grant III. as Rupees 55,346 instead of Rupees 23,418, while the "grand-total expenditure" appears as "Rupees 200." Travellers' bungalows should appear under "Miscellaneous," not under "Conservancy."

4. ADONI.—The funded capital of the dispensary should not have been shown in Statement I. as a balance but only in the appropriate column of Statement I.-A. The estimated income from Rates and Taxes differs but little from that for the year 1872-73, and the details call for no remark. The sum of Rupees 50 shown in Statement I.-A as realizable by the sale of medicines in the dispensary, and Rupees 176, the amount of interest on funded property, should have been shown under "Endowments, &c." The President points out that Rupees 6,500 should have been shown in Statements I. and I.-A as the Local-Fund contribution for the Dispensary building, but a reference to the Gooty Circle Budget shows only Rupees 5,500 allotted for this purpose. This sum has consequently been accepted in the marginal abstract. Statement I.-A is not correctly prepared. Column 2 is meant for the floating balance and should be left blank where there is none, as Government gather to be the case in the present instance. The municipal contribution should not be included in column 6. The proper entry is Rupees 6,462 composed of the marginally given items.* The entry in column 10 should be Rupees 6,500, the amount which it is proposed to expend on the building in the course of the year. This will give a deficit of Rupees 1,542 which (as the Municipality can afford it) should be met entirely from Municipal funds leaving the funded capital intact to be utilized in 1874-75 for the completion of the building. The Government must point out, however, that the proposed contributions from Municipal, Local, and Dispensary funds aggregate only Rupees 14,000, while the estimated cost of the standard plan which it is proposed to adopt amounts to Rupees 19,750, or at the least Rupees 17,000. It should be carefully considered whether the rates locally prevailing justify so large a reduction in the estimate. The President is in error in supposing that the allotment of Rupees 6,500 is not included in the entry of Rupees 9,000 against Public Works in Statement II. The

abstract submitted with reference to G.O., dated 15th December 1871, No. 1854, is not correctly prepared. The column headed "Regular" should contain a revised estimate for the current year based on the actuals of the first eight months of the current year and the last four months of the preceding. The Government note the provision made for the establishment of a school for the Mahomedan population.

5. ANANTAPORE.—The new valuation of the houses appears to have had the effect of raising the estimates to Rupees 1,100 against Rupees 570 shown in the budget for 1872-73. The Commissioners propose to introduce the tax on professions, the levy of which was decided on last year but subsequently abandoned, as it appeared that the income from other sources was sufficient to meet all demands, and they also request permission to continue the levy of tolls at half rates. The Government have resolved not to allow the introduction of the Profession-tax in any Municipality in which it has not hitherto been in force, but under the circumstances they will not insist on any reduction in the rates of toll now levied. In the marginal abstract the budget has been balanced by reducing the grant for New Works, but it is open to the Commissioners to effect the necessary saving under any other head. The exemption of pot-makers from the payment of a license-fee is sanctioned in accordance with the request of the petitioners, but the Government have no authority to exempt any animal or class of animals from the operation of the tax on vehicles, animals, &c., and it is, therefore, unnecessary to consider the expediency of the proposal that no such tax should be levied on male buffaloes. It is, however, within the competence of the Commissioners to exempt individuals from liability to the tax on the score of poverty.

6. The President proposes a reduction in the amount to be contributed by the Local-Fund Board on account of the Dispensary, and such reduction will doubtless be in accordance with the view expressed by Government in reviewing the budget of the current year; but, as a sum of Rupees 520 has been entered in the Circle Budget, the entry will be allowed to stand. The Municipality and Local-Fund

Board should communicate with each other on the subject if they have not already done so. The amount should appear in Column 6, Statement I.-A. From a note in the remark column of that statement it appears that it is intended to add the interest to the funded capital. The amount (Rupees 80) should, however, appear as a receipt under "Endowments" in Statement I., and as a charge in Statement II. under Grant III. (1), "Hospitals." The last column in Statements I. and II. should have been filled up from the current-year's budget. The Government observe that here as in Bellary and Adoni it is proposed to provide for the education of the children of the Mahomedan inhabitants of the town.

7. Gooty.—The estimates for this Municipality appear to have been almost quite correctly prepared, and the few errors and deficiencies having been pointed out by the President it is unnecessary to repeat them here. The last column of Statements I. and II. should, however, have been filled up with the amounts shown in the sanctioned budget of the current year. The allotments for expenditure appear unobjectionable. The attention of the Director of Public Instruction is called to the Vice-President's remark regarding the difficulties in the way of the inspection of schools in which education is imparted in Hindustani. It should be reported whether the schools are intended for elementary education only.

8. The budgets are passed as above modified, and the usual notifications will issue.

Notifications.

Under the provisions of Section 38, Act III. of 1871 (The Towns' Improvement Act), the Governor in Council authorizes the Municipal Commissioners for the Town of Bellary, in the Bellary District, to levy, during the year beginning 1st April 1873 and ending 31st March 1874,—

A rate on houses, buildings, and lands, according to the annual value thereof.

Proceedings of the Madras Government, Financial Department,
16th April 1873.

A tax upon arts, professions, trades, and callings.

Tolls on carriages, carts, and animals entering the municipal limits at half schedule rates.

Taxes on carriages, horses, and other animals as described in Schedule C to the above Act annexed.

Fees on the registration of carts.

Under the provisions of Section 38, Act III. of 1871 (The Towns' Improvement Act), the Governor in Council authorizes the Municipal Commissioners for the Town of Adoni, in the Bellary District, to levy, during the year beginning 1st April 1873 and ending 31st March 1874,—

A rate on houses, buildings, and lands, according to the annual value thereof.

A tax upon arts, professions, trades, and callings.

Tolls on carriages, carts, and animals entering the municipal limits at half schedule rates.

Taxes on carriages, horses, and other animals as described in Schedule C to the above Act annexed.

Fees on the registration of carts.

Under the provisions of Section 38, Act III. of 1871 (The Towns' Improvement Act), the Governor in Council authorizes the Municipal Commissioners for the Town of Anantapore, in the Bellary District, to levy, during the year beginning 1st April 1873 and ending 31st March 1874,—

A rate on houses, buildings, and lands, according to the annual value thereof.

Tolls on carriages, carts, and animals entering the municipal limits at half schedule rates.

Taxes on carriages, horses, and other animals as described in Schedule C to the above Act annexed.

Fees on the registration of carts.

Under the provisions of Section 38, of Act III. of 1871 (The Towns' Improvement Act), the Governor in Council authorizes the Municipal Commissioners for the Town of Gooty, in the Bellary District, to levy, during the year beginning 1st April 1873 and ending 31st March 1874,—

A rate on houses, buildings, and lands, according to the annual value thereof.

A tax upon arts, professions, trades, and callings.

Tolls on carriages, carts, and animals entering the municipal limits at half schedule rates.

Proceedings of the Madras Government, Financial Department,
16th April 1873.

Taxes on carriages, horses, and other animals as described in Schedule C to the above Act annexed.
Fees on the registration of carts.

Enclosure
Received 9th Jan^y 73

Submitting an abstract Statement received from the Vice President Municipality Commissioner Goa and the Forwarded with the Budget Estimate for 1873-74

L. Stuart
10/1/73

amendment has been
made in the marginal
abstract which shows the
estimates as passed by
Government.

The proposed
expenditure on repairs (Rs 900)
is very small compared with
the amount entered in the
~~current years~~ Budget (Rs 2,920)
It does not however fall
much short of the estimated
actual expenditure of the
year (Rs 1100). The allotments
for Public Works seem other-
-wise to have been judiciously
selected and call for no
further remark beyond
an expression of satisfac-
-tion with the proposed
provision for Mahomedan
education. The statements
have been somewhat care-
-lessly prepared, for ins-
-tance the total under

Grant

Abstract Statement
1873-74

Grant II is shown as Rs 1300 instead of Rs 2500, and that under Grant III as Rs 55346 instead of Rs 23418 while the "grand total expenditure" appears as "Rs 200". Travellers Bungalows should appear under "Miscellaneous" not under "Conservancy". Above the funded capital of the Dispensary should not have been shown in Statement I as a balance but only in the appropriate column of Statement I A. The estimated income from Rates and Taxes differs but little from that of the 1872-73 year, and the details call for no remark. The sum of Rs 50 shown in Statement I A as realisable by the sale of medicines in the Dispensary and Rs 176 the amount of interest on funded property should have been shown under "Endowments &c". The

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the President Municipal Commissioner Bellary dated 10th December 1872 No 107.

Order thereon. 16 April 1873 No 492.

With his letter please recorded the President of the Bellary Municipal Commissioners submits the Bellary Adoni Gooty Anantapore and Gooty Municipal budgets for the year 1873-74.

Bellary. In his covering letter the President states that the Bellary budget requires no remarks. The Government regret that they are unable to concur. The very large opening balance of Rs 10000, clearly requires explanation, as does

Sanitation

I think there should be orders called for shewing the receipts & disbursements of the preceding year

Receipts

Balance		
Municipal	10,000	
Endowment	" 10,000

Result Grants	1000	
other items	300	2500

1873 — 4/91

does also the anticipated increase of Rs 5000 under House tax, the decrease of Rs 3900 under Tax on Arts &c, and the high figure put down for Tolls. The entries in the column headed "Probable receipts for the current year" do not do much to clear up the difficulty. The sum of Rs 100 shewn as a Miscellaneous contribution from the Local Fund Board is unaccompanied by any explanation and must be struck out as no corresponding entry appears in the Local Fund Budget of the Bellary Circle. As Statements I and II only refer to current transactions the funded capitals of the Dispensary should only be shewn in Statement I A. The necessary amendment

Sanitation &c		
Dispensary	2586

President points out that Rs 6500 should have been shown in Statements I and I A as the Local Fund contribution for the Dispensary building, but a reference to the Gooty circle budget shows only Rs 5500 allotted for this purpose. This sum has consequently been accepted in the marginal abstract. Statement I A is not correctly prepared. Column 2 is meant for the floating balance and should be left blank where there is none as Government gather to be the case in the present instance. The Municipal contribution should not be included in Column 6. The proper entry is Rs 6462 Comprised of the marginally given items. The entry in column 10 should be Rs 6500

the

	Rs
× Subscription	100
Local Fund contribution for General expenses	862
Do for building	5500
	6462

718

the amount which it is proposed to expend on the building in the course of the year. This will give a deficit of Rs 1542 which (as the Municipality can afford it) should be met entirely from Municipal funds leaving the funded capital in tact to be utilized in 1874-75 for the completion of the building. The Government must point out however that the proposed contributions from Municipal, Local and Dispensary funds only aggregate Rs 14000 while the estimated cost of the standard plan which it is proposed to adopt amounts to Rupees 19750 or at the least Rs 17000. It should be carefully considered

whether

whether the rates locally prevailing justify so large a reduction in the Estimate. The President is in error in supposing that the allotment of Rupees 6500 is not included in the entry of Rs 9000 against Public Works in Statement II. The abstract submitted with reference to G.O dated 15th December 1871 No 1854 is not correctly prepared. The Column headed "Regular" should contain a revised estimate for the current year based on the actuals of the first eight months of the current year and the last four months of the preceding. The Government note

the

the provision made for the Establishment of a school for the Mahomedan popu-lation.

Anantapore. The new valuation of the houses appears to have had the effect of raising the estimate to Rs. 1100 against Rs. 570 shown in the budget for 1872-73. The Commissioners pro-pose to introduce the tax on Professions the levy of which was de-cided on last year but subsequently abandoned as it appeared that the income from other sources was sufficient to meet all demands and they also request permission to

They have nearly doubled the House Tax already by altering the valuation. I think we had better leave them to suggest the best means of adjusting their income tax.

Note
If the House Tax be not raised the Allotment for new works must be reduced to Rs 300 instead of Rs 900 as in the Draft.
The budgetted new works are:-

Roads	Rs 100
Rent room to School	300
Two Latrines	1000
Female Ward to Dispensary	200
Road Rein Bills	200
	1800

-penditure in lieu of the Local and Municipal Taxes being suitable to

to continue the levy of tolls at half rates. The Government have resolved not to allow the introduction of the Profession Tax in any Municipality in which it has not hitherto been in force but under the circumstances they will not insist on any reduction in the rates of tolls now levied. ~~To compensate~~ for the deficit which will be caused in the budget by the disallowance of the Profession Tax the rate of House tax may be raised from 5 to 7½ per cent and the expenditure reduced ~~by Rs 960~~. In the marginal abstract the budget has been ~~this has been~~ balanced ~~by~~ by reducing the grant for new works but it is open to the Commissioners

more

Commissioners to effect the necessary saving under any other head The exemption of Potmakers from the payment of a license fee is sanctioned in accordance with the request of the Petitioners, but the Government have no authority to exempt any animal or class of animals from the operation of the Tax on Vehicles, animals &c&c and it is therefore unnecessary to consider the expediency of the proposal that no such tax should be levied on male Buffaloes. It is however within the competence of the

Commissioners

Commissioners to exempt individuals from liability to the tax on the score of poverty.

The President proposes a reduction in the amount to be contributed by the Local Fund Board on account of the Dispensary and such reduction will doubtless be in accordance with the view expressed by Government in reviewing the budget of the current year but as a sum of Rupees 520 has been entered in the Circle budget the entry will be

allowed

more

allowed to stand. The Municipality and Local Fund Board should communicate with each other on the subject if they have not already done so. The amount should appear in Column 6 State-ment I A. From a note in the remark Column of that Statement it appears that it is intended to add the interest to the funded Capital. The amount

amount (Rs 80) should however appear as a receipt under "Endowments" in Statement I and as a charge in Statement II under Grant III (1) "Hospitals" The last column in Statements I and II should have been filled up from the current years budget. The Government observe that here as in Bellary and Adoni it is proposed to provide for the education of the children of the Mahomedan inhabitants of the town.

Gooty. The estimates for this Municipality appear to have been almost quite correctly prepared and the few errors and deficiencies having been pointed out by the President it is unnecessary to repeat them here

here. The last column of Statements I and II should however have been filled up with the amounts shewn in the sanctioned budget of the current year. The allotments for expenditure appear unobjectionable. The attention of the Director of Public Instruction is called to the Vice-Presidents' remark regarding the difficulties in the way of the inspection of schools in which education is imparted in Hindustani. It should be reported whether the schools are ~~only~~ intended for elementary education only.

The budgets are passed as above modified and the usual Notification will issue.
