No. 90. Read the following letter from W. M. CADELL, Esq., Officiating President of the Municipal Commission, Mayaveram, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Vallam, 22nd February 1873, No. 31 :—

With reference to the Order of Government, dated 28th October 1871, No. 1646, I have the honour to submit, in the prescribed forms, the estimate of receipts and expenditures of the Mayaveram Municipality for the year ending 31st March 1874.

2. The gross receipts of the Municipality for the coming year have, it will be seen from Statement I., been estimated at Rupees 19,600, against Rupees 15,710 in the current year. The increase is chiefly due to the large amount of balance that is expected to remain unexpended.

3. Rupees 300 have been put down as the contribution payable by the Local-Fund Board of the Negapatam Circle on account of the branch dispensary under the management of the Commissioners. This sum the Local Board have agreed to pay, and have entered in the budget.

4. In Statement II. a sum of Rupees 1,640 has been allotted for the construction of schools, and another sum of Rupees 1,000 for a new hospital-building. The Deputy Inspector-General, Indian Medical Department, had remarked, during his late tour of inspection, that the accommodation at the dispensary was insufficient, and the Commissioners have accordingly resolved upon erecting a suitable building, and have consulted the Inspector-General of the Medical Department on the subject. They are on the look-out for a proper site, and, as soon as this is secured, the work will be commenced.

5. The Commissioners have put down only a small sum of Rupees 100 for Results' Grants, as they have been endeavouring to establish elementary schools under their own management.

6. The other items in the budget call for no remarks.

No. 91. ORDER THEREON, 22nd April 1873, No. 512.

With his letter above recorded, the President of the Mayaveram Municipality forwards the Budget-Estimates for 1873-74 which are passed as submitted. It is presumed that the reason for the existence of so large an opening balance as Rupees 3,500 will be satisfactorily explained in the report on the operations of the current year.

2. The estimated expenditure of the year 1872-73 should have been shown in the last column of Statements I. and II. The increase in the Local-Fund contribution to the dispensary is approved, as, from the President's letter of the

With reference to the order of Government dated 28th October 1871 No 1646, I have the honour to submit in the prescribed form the estimate of receipts and expenditures of the Mayaveram Municipality, for the year ending 31st March 1874.

2. The gross receipts of the municipality for the coming year have, it will be seen from Statement I been estimated at Rs 19,600 against Rs 15,710 in the current year. The increase is chiefly due to the large amount of balance that is expected to remain unexpended.

3. Rs 300 have been put down as the contribution payable by the Local Fund Board of the Tegaparam circle,

circle, on account of the Branch Dispensary under the management of the Commissioners. The sum the Local Board have agreed to pay and have entered in the Budget.

4. In Statement II, a sum of Rs 1,640 has been allotted for the construction of schools, and another sum of Rs 1,000 for a new Hospital building. The Deputy Inspector General Indian Medical Department head, remarked during his late tour of inspection that the accomodation at the Dispensary was insufficient, and the Commissioners have accordingly resolved upon erecting a suitable building and have consulted the Inspector General of the Medical Department on the subject. They are on the look out for a proper site and as soon as this is secured the work will be commenced.

5. The Commissioners have just drawn only a small sum of Rs 100 for Results grant, as they have been endeavouring to establish Elementary Schools under their own management.

A rate on houses, buildings, and lands, according to the annual value thereof.

Memorandum with reference to His Excellency the Governors remarks on the Mayaveram Municipal Budget.

The opening balance shown in the present budget was calculated some nine months after the commencement of the year 1872-73 and is therefore more likely to be correct than that shown as a closing balance in the Budget for the year 1872-73. The President ought to have stated how he arrived at it. In the draft G.O., a remark is made to the effect that it is presumed it will be satisfactorily explained in the annual report for 1872-73.

In the Budget for 1873-74, Rs. 5350 are assigned for new works, being Rs. 3250 in excess of the amount provided in the Budget for 1872-73.

Of the excess Rs. 1000 is from endowment funds. Leaving this out of consideration the items of new works are -

2 small bridges	330.
School Buildings	1640.
Drains	800.
Walling) Cart stand	500.
Heightening) wall of Tepparkulam Tank	300.
Petty) works Treasure	780.
	4350

The excess in the budgetted assignment for new works in 1873-74 appears to be merely the result of that for 1872-73 having been limited by want of funds. The whole amount available after meeting other demands, was assigned to new works in that year as well as in 1873-74.

The budget abstracts for both years will in future be shown in the draft G. As as directed.
