FINANCIAL DEPARTMENT.

No. 514.

FROM

THE HON. W. HUDLESTON,
Chief Secretary to the Government of Fort St. George,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,
FINANCIAL DEPARTMENT.

SIR,

Referring to your letter of 14th March 1872, No. 2365, and the Proceedings of the Government of India, dated 17th September 1872, No. 2762, Financial, I am directed to submit the accompanying List of Uncovenanted Officers to whom this Government recommend that the exceptional rules for furlough be made applicable.

2. In numerous cases the effect of admitting the gentlemen named to the special rules will be little more than nominal, inasmuch as their length of service would, under the ordinary rules, entitle them to the two years' furlough.

I have the honour to be,

Sir,

Your most obedient servant,

FORT ST. GEORGE,
22nd April 1873.

*Acting Under Secretary,
for Chief Secretary.*

THE *Chief Secretary to Government*

SIR,

I have the honor with reference to para b
of the Proceedings of Government, dated 19th April
1872, N^o 543, Financial Department, to forward
the Nominal list therein called for, together with
a list received from the Master Attendant under
Orders of the 30th July last, N^o 181, Marine Department.
There were singular delays in reply to my call for in-
formation as to first appointments, and the work
of waiting later service has been tedious.

2. This Office has not been able to trace out from
its records a few of the early appointments given by
Officers in the Educational and other Departments, and
I have deemed it proper to insert them in the list for
the information of Government, holding the officers
concerned responsible for their correctness. The names
of Mr. Dalrymple, Master Attendant, & Mr. Poyson, &
Astronomer, have been omitted in the list as they come
under special rules.

I have the honor to be,

Sir,

From
The Accountant General
To
The Chief Secretary
to Government

Sir,

In reply to Government Order 1304 dated 1st Instant, I have the honor to report that the names of the few uncoerced officers known to have been appointed by the Secretary of State were included in the return submitted under cover of my 380 dated 25th Ultimo "in order to avoid all doubt". They are now detailed in the margin, and besides these I learn that Mr. Porter (No. 114), whose former return was silent on this point, was appointed by the Secretary of State. Lest it should seem strange that I have to ask for information on such a point from the officers concerned, I may remind you that hitherto the only point of practical importance was the dates on which an officer began work in this country.

2. I enclose a memorandum complete as far as my records allow of the services of four officers (Messrs. Cox, Mayer, Wright, and Bagochar) who are now absent from the Country and consequently have not replied to my call for information. From

such enquiries as I have been able to make I believe the return shows the whole Government Service of all except Mr. Wright. Captain Priestley's letter of recommendation whereon this officer was appointed to the Survey Department says - "Mr. Wright who has been employed in the Department of Public Works appears competent to undertake the duties of Asst. Supt. Revenue Survey;" but the search in my records for his earlier service has been fruitless.

3. I have not thought it necessary to submit a new copy of the list, partly because the names to be struck out are so few but - more because my list will probably not be passed on to Government of India, but the selected names will be extracted and the necessary particulars embodied in the statement of the Administrative reasons for which the appointment of a European rather than a native to such a post is objectionable. Apparently however the late appointment of Streetbalick to act as Deputy Director of Revenue Settlement proves that natives are qualified to hold that post, and consequently that it and the junior grades may be omitted; the Assistant Superintendents of Revenue Survey are sometimes interchanged with this department and will I believe on completion of Survey fall back into their places as Deputy Collectors possibly therefore Government will still think it necessary to omit their names also (see para 7 of its Government Order of 19th April).

23
4. I submitted an original Statement of Marine officers with my return from which the majority had been excluded in accordance with the verbal instructions given on my 100 dated 22nd May; the new orders are in spirit by no means more favorable to their claims (for they are evidently intended to narrow rather than widen the old one) though in form they may be; if among them are any who in the strictest sense can be called Europeans, they are probably of much the same real rank of "high class Artificers". At all events not one of the officers excluded by me had been specially sent out from England nor is any one of their successors likely to be so sent out unless the sphere of their duties is very much enlarged.

I have the honor to be,
Sir,

Your Obedient Servant

W. A. L.

Offg. Accountant General

P.S. I may draw attention to two names (Nos 49, 50) which it may be necessary to exclude. The former is that of the only uncommissioned assistant District Superintendent of Police (Mr. Thomas), the latter that of an officer (Mr. Cross) who has been promoted through two of the posts mentioned expressly by this Government as qualifying to his present office which is not so named.

No. 544

To

The Secretary to the Government
of India,

Financial Department.

Sir,

Referring to your
letter of 14 March 1872, and
the Proceedings of the Govt.
of India dated 17 September
1872, No. 2762, Financial, I
am directed to submit the
accompanying list of
Uncovenanted Officers to
whom this Govt. recommend
that the exceptional rules
for Hurlough be made
applicable.

[Signature]
L. D. S.

2. In numerous
cases the effect of admitting
the gentlemen named
to the special rules will
be

be ~~the~~ little more than
nominal, inasmuch as
their length of service
would, under the ordinary
rules, entitle them to the
two years furlough.

Old Rules of 1864.

Furlough.

Under the Uncovenanted Service Leave Rules of 1864, an Uncovenanted servant could obtain two years furlough, viz. one year after 10 years service, and two years after eighteen years service.

The absentee retained a lien on his appointment and drew absentee allowance as follows.

Half pay not exceeding Rs 500 a year when the pay did not exceed Rs 200 per mensem.

Rs 200 - not exceeding Rs 400 -	half pay not exceeding	per mensem
400	400	2000
700	1200	3000
1200		4000

Sick Leave.

On medical Certificate with allowances could be taken for 3 years, but not more than 2 years were given at one time.

Half pay for the first 15 months not to exceed Rs 500 a month, and one-fourth pay during the remainder of the leave not to exceed Rs 250 a month.

New Rules of 1872. Supplement II

Furlough.

After ten years, one year; and after eighteen years service another year; or in one period of two years after eighteen years service.

An Officer on furlough is entitled to half of his average salary.

Sick Leave

On medical Certificate for 3 years but not more than two years at one time.

Half pay for the first 15 months & one fourth pay for the remainder of the period.

New Rules of 1872. Applicable to Uncovenanted Servants appointed by the Secretary of State or included in the List of appointments to be held by Europeans.

Furlough.

After three years continuous service furlough for not more than two years may be granted as follows.

First - on Medical Certificate unconditionally.
Secondly - without Medical Certificate. subject to three provisos.

- (1) that the furlough be due to him.
- (2) that he have rendered 8 years service.

Furlough may, on Medical Certificate be extended to not more than 3 years.

To an Officer who has not rendered three years continuous service, furlough for not more than one year may be granted on Medical Certificate.

The maximum allowance of an Uncovenanted Civil servant on "Ordinary" furlough is, if paid in England, £ 200 a quarter, and if paid in Indian Rupees Rs 600 a month. There is no minimum limit.

On furlough other than ordinary, £ 120 a quarter, if paid in England, or Rs 400 a month if paid in India, or one quarter of the average salary, whichever is less.

65✓
Note.

In G.O., dated
the 19th April 1872, the
Accountant General was
required to prepare and
submit a nominal List
of the Uncovenanted officers
holding any of the appoint-
ments described in the
List therein referred to,
with the particulars as to
appointment and service
required by the Secretary
of State, and a Supplemental
list of any other uncovenanted
servants in analogous
position

position or rank, whom it would be right to place in the same position as regards leave.

2. Since the issue of the order, the Government of India upon a review of the whole correspondence, desire that, in the case of each officer, whose name it is proposed to include in the list, it may be shewn and explained.

First, that his office is, within the meaning of the Secretary of State, an exceptional post to which for special reasons, a European and not a Native, must be appointed.

Secondly

57✓
Secondly, officers holding appointments not included in the list referred to in paras of this note, must not, without previous separate special orders in each case, be included in the list.

3. The first office in the list furnished by the Accountant General on the 28th September 1872 is that of "Deputy Collector of Sea Customs." It is held at present by Mr G. B. Shaw, a European, but there is nothing in the nature of the duties of the office to preclude a Native of India from filling it.

4. Under "Forest" the names of the Assistant Conservators sent out by the Secretary of State as well as those employed by Government in this country are included while some of the names entered in pencil at the foot have been omitted.

5. The same remarks are applicable to the names of the officers entered under "Educational." According to the wording of the Secretary of State's Despatch dated 10th March 1870, the new leave rules are to apply to officers of the Educational Department appointed from England, and to such others of

197
of those now actually in the service as the Government may think fit to include in the list. The name of Mr J Bradshaw, Head Master of the Provincial School at Mangalore, has been omitted in the list submitted by the Accountant General.

6. There is nothing exceptional in the appointments in the Revenue Settlement and Survey Departments which require that they must be exclusively held by Europeans. A native was recently appointed Deputy Director of Revenue Settlement, and the Government may, if

Exceptional circumstances
is that qualified
natives are not
presumable or
excessively rare

if they desire it, appoint
others, Natives.

7. The appointment
of Health Officer need not
necessarily be held by a
"European" "Natives of India,"
according to the definition
given by the Secretary of State,
being quite competent to fill
the appointment. The same
may be said of the office
of "Coroner."

8. The offices under
"Judicial" may all be
filled by "Natives of India."
Three out of the four persons
entered in the list, being
"Natives of India."

9. Under "Miscellaneous"
the appointment of Assistant
Secretary in the Legislative
Dept

714
Dept, might, if the Government
desired it, be held by a
"Native of India."

10. The Superintendent-
ship of the Government Press
must, for the present, be
held by a European. So
must also that of Deputy
Superintendent whose name
has not been included in
the List.

11. The Superintendent
of the Botanical Gardens,
Cotacamund, was appointed
by the Home Government.
The appointment cannot be
filled by a "Native of India."
So also the appointment of
Linguist.

12. The appointments
of

Assistant Superintendent of Police, and Judge of the Court of Small Causes can be filled by "Natives of India".

13. As a rule the appointments of Superintendents of Central Jails, are filled by officers belonging to the Staff Corps, or the Medical Department and it appears unnecessary therefore to include Mr Grimes in the list.

14. The Master Attendant recommends that not only the Deputy and Assistant Master Attendants but the Master Attendants at the out-ports should have the benefit of

73✓
of the new leave rules. There appears to be no objection to this being done.

15. The N.C. S. Rules of 1864, and of 1872 as regards Furlough and sick leave, and the Rules applicable to servants appointed by the Secretary of State for India, are given in juxtaposition in the annexed paper.

16. It will be seen from this, that all those servants who come under the general Rules have gained in respect of furlough pay, which is half the average pay.

17. Under the special
Rules, the advantages are
that two years furlough
may be taken after eight
Years' service, while under
the general Rules it could
only be taken after 18
Years service. The boon
in the case of a European
(not a "Native of India")
is of course very great, and
many of the Deputy Collectors
who are Europeans would
of course be glad to have
the new rules extended to
them. But their appoint-
ments are not "exceptional"
and no "special reasons"
can be assigned
in

in their behalf. 75✓
