Proceedings of the Madras Government, Financial Department,
1st *May* 1873.

No. 13. Read the following letter from H. S. THOMAS, Esq., President of the Municipal Commission, Mangalore, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Mangalore, 5th April 1873, No. 6:—

With reference to the orders of Government, dated 31st January last, No. 151, in which they were pleased to sanction a grant-in-aid of Rupees 650 for the repairs of the travellers' bungalow at Mangalore transferred to the Municipality, I regret to be under the necessity of moving the Government again on the subject.

2. In addressing Government in my letter of the 17th December 1872, No. 104, I assumed the expenditure at Rupees 790, and added to it Rupees 210 for reasons given, making the total probable cost Rupees 1,000. Out of this sum Government allowed Rupees 650 in aid, or roughly two-thirds of the former sum. The Acting District Engineer, who kindly consented to carry on the work, points out that the estimated expenditure for renewing the decayed roofs of the main building and its houses was Rupees 1,940, and not Rupees 790, this latter sum being the difference between the original estimate and the sum allowed by Government (but not utilized) in 1866 in their Order, No. 2386, dated 27th July of that year.

3. The Acting District Engineer, however, expects to effect a saving of Rupees 470 by the use of a new description of flat tiles manufactured by the German Mission Establishment, which will reduce the original estimate to Rupees 1,470, or Rupees 470 above the amount proposed in my above-quoted letter, and by laying out this sum (Rupees 1,470) both the main building and its out-houses will be brought under thorough repair, which both the District Engineer and the Commissioners consider to be very desirable.

4. The Commissioners would now solicit that the Government will be pleased to allow them, for reasons already admitted, the same proportion (two-thirds) on the additional sum of Rupees 470, as has been done on the 1,000 Rupees previously taken up. This will in round numbers be Rupees 310.

5. The following will be the provision and result of my present application, viz.:—

		RS.
Original estimate		1,940
Deduct anticipated saving by use of new description of tiles		470
Net ...		1,470
Grant-in-aid already awarded by Government	650	
Further grant-in-aid now solicited	310	
	960	
To be laid out from municipal fund	510	
		1,470

6. The original estimate to be now executed is herewith forwarded for the information of Government, and it is requested that it may be returned with orders of Government to be passed on this my communication.
