No. 77. Read the following letter from H. E. SULLIVAN, Esq., President of the Municipal Commission, Cuddalore, to the Hon. W. HUDLESTON, Officiating Chief Secretary to Government, Fort St. George, dated Cuddalore, 25th November 1872, No. 359 :—

I have the honour to submit, herewith, the Budget Estimates of the Cuddalore Municipality for the year 1873-74, and request that the sanction of Government may be obtained for the same.

No. 78. ORDER THEREON, 8th May 1873, No. 601.

The Budget Estimates of the Cuddalore Municipality are forwarded for sanction with the letter above recorded. The President will bear in mind in future that his covering letter should contain full explanation of every change in the budget from that of the preceding years. The anticipated decrease of Rupees 1,380 in the expenditure on dispensaries and the increase under conservancy and lighting are cases in point. With reference to the dispensaries, the Government observe that, although so great a decrease in expenditure is anticipated, the Municipality have taken credit for a contribution from Local Funds equal to that entered in the current year's budget. It seems only fair, however, that the Local Fund Board should share at least equally with the Municipality in the savings, and the contribution, as shown in the marginal abstract, has been reduced accordingly by Rupees 690. The entry "Fee for elementary schools" as a contribution from Local Funds is probably a clerical error. To counterbalance the decrease in the contribution from Local Funds, the allotment for New Works has been reduced by Rupees 340. The other items call for no further remark, and the budget is passed as shown in the marginal abstract. Schools without endowments need not be shown in Statement I.-A. All entries in Budget Statements should be in round numbers.
