Proceedings of the Madras Government, Financial Department, 14th May 1873.

No. 130. Read the following Proceedings of the Board of Revenue, dated 3rd May 1873, No. 710:—

Read the following letter from A. MACGREGOR, Esq., President of the Local-Fund Boards, Malabar, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Calicut, 31st March 1873, No. 668:—

I HAVE the honour to forward an abstract estimate from the Tellicherry Circle Board for alterations to the road from Manantoddy to Peria, appearing as Item No. 5, in Part I. of the Tellicherry Budget, with an allotment of Rs. 9,000.

2. In their Order, dated 13th June 1870, No. 395, B.C., embodied in the Proceedings of this Government, Public Works Department, dated 11th July 1870, No. 1659, the Government of India sanctioned the construction of the whole line from Manantoddy to Bawally, including Peria Ghaut, on an estimate of Rupees 1,82,700; but this never included the amount required for altering the gradient of the section between Peria and Manantoddy.

3. The present estimate, amounting to Rupees 44,580, supplies the omission, including in it the bridges and culverts that were sanctioned in G. O., dated 28th June 1865, No. 1787, Public Works Department, at a cost of Rupees 15,800.

4. The object of including the bridge-estimate is to carry out certain alterations in it, which the Special Executive Engineer considers advantageous.

5. The amount now requiring sanction is only Rupees 28,780, the difference of Rupees 15,800 having been already sanctioned as quoted above.

ENCLOSURE No. 1.—Estimate.

THE abstract estimate for improving a portion of the road from Cannanore to the Mysore frontier lying between Manantoddy and the Peria Ghaut, at a cost of Rupees 46,000, will be submitted for the orders of Government.

2. Of this amount, an estimate for constructing masonry culverts, at a cost of Rupees 15,800, is sanctioned in G. O., Public Works Department, 28th June 1865, No. 1787. The Executive Engineer proposes to make alterations in the plans, but there is nothing to show what the alterations will be.

3. The rest of the expenditure is for altering the gradient of the line between Peria and Manantoddy. The President should have submitted the specification report showing the extent and nature of the alterations.

(A true Copy and Extract.)

(Signed) J. GROSE,
Secretary.

No. 131. ORDER THEREON, 14th May 1873, No. 639.

The estimate is sanctioned.

2. It is not evident why the Board state the amount at Rupees 46,000 instead of Rupees 44,580.

(True Extract.)

Acting Under Secretary,
for *Chief Secretary.*

To the Board of Revenue, with the estimate.
,, Public Works Department.
,, Accountant-General.
