Proceedings of the Madras Government, Financial Department,
24th May 1873.

Read the following papers :—

No. 241. Proceedings of the Board of Revenue, dated 3rd March 1873, No. 304.

Read the following letters :—

From the President of the Local Fund Boards, Kistna District, dated 23rd November 187 , No. 2,793.

ABSTRACT.—Submitting the Local Fund Budget of the Masulipatam Circle for 1873-74.

From the same officer, dated 18th December 1872, No. 2,970.

ABSTRACT.—Submitting Local Fund Budget of the Guntoor Circle for 1873-74.

From the same officer, dated 17th January 1873, No. 84.

ABSTRACT.—Submitting copy of the Masulipatam Local Fund Board's resolution requesting sanction to place at their disposal the services of a 1st Class Hospital Assistant to be stationed at Juggiapett.

From the Sanitary Commissioner, dated 6th February 1873, Nos. 337 and 338.

ABSTRACT.—Remarking on the provision made for sanitary purposes in the Budgets of the Masulipatam and Guntoor Circles for 1873-74.

THE Budgets of the Masulipatam and Guntoor Circles of the Kistna District for 1873-74 will be submitted for the orders of Government.

2. The Budgets are framed on the supposition that Repalli will continue in the Northern Circle. To make the Circles conterminous with Public Works Ranges it would have to be placed in the Southern Circle, but the Collector objects to the transfer on the ground that it would make one Circle too rich and the other too poor. So far as the Board can see at present this objection is well founded. Further information was called for by Official Memorandum on the 19th November 1872, and when it is received the question will be submitted for the final orders of Government.

MASULIPATAM.

3. STATEMENT I.-A., RECEIPTS.—No modifications in the estimate of receipts seem to be required. They are as follow :—

	Rs.
Road Fund	1,98,310
Union Fund	2,930
Endowment Fund	960
General Fund	47,299
Total...	2,49,499

4. EXPENDITURE, STATEMENT II., ROAD FUND.—The Road Fund assets as shown above are Rupees 1,98,310.

5. The cost of Petty Establishment, according to the President's letter of the 20th December 1872, No. 2,977, which has been disposed of separately, is Rupees 6,288, so the allotment should be Rupees 6,290 instead of Rupees 6,400.

6. The cost of Public Works supervision at 26·0842 per cent. on Rupees 1,31,250 is Rupees 34,240. The Local Board press for a decision on Mr. Boswell's proposal to maintain a separate engineering staff for Local Fund work. The consideration of the subject was postponed

in G. O., 6th November 1871, No. 2,800, Public Works Department, but the time for disposing of it finally seems to have arrived.

7. The cost of Controlling Establishments being Rupees 2,530 the Road Fund share will be Rupees 2,010.

8. The allotment for Tools and Plant at one per cent. on expenditure should be Rupees 1,340.

9. The Road Fund expenditure is thus Rupees 1,90,210, leaving a balance of Rupees 8,100.

10. STATEMENT II.-A., PART I., NEW WORKS.—Items 6, 7, 11, 12, 13, 15, and 16 of the current year's Budget are omitted, most on the sound principle that it is better to finish works in hand than begin new ones.

11. The following, however, are salt roads and are omitted on the ground that the sandy tracks to Manganapudi "are infinitely better to travel on than unmade country roads":—

12. Manganapudi to Peddana.

13. Masulipatam to Manganapudi.

No provision is made for the road to Nizampatam because "no money can be afforded" at present and it already has means of access by a canal. The Revenue Board think that the Local Board's opinion with regard to these roads may be accepted.

12. Under "Educational" Rupees 5,000 is entered for petty works. From Statement III. the Board learn that Rupees 4,000 of this is for Unions which may be established hereafter and which are to be dealt with in a supplemental Budget. The allotment has accordingly been reduced to Rupees 1,000.

13. Rupees 2,000 is to be spent in enlarging the Peddapatnam Choultry. Only Rupees 840 of this can be paid from the Endowment Fund.

14. Statement II.-A., Part II., and Statement II.-B. call for no remark.

15. In Grant I. the total cost of Department of Public Works Supervision will be Rupees 37,780 and the allotment for Tools and Plant Rupees 1,490.

16. With the other modifications which have been suggested the grant will be—

	Rs.
Road Fund	1,88,200
Union Fund	1,270
Endowment Fund	840
General Fund	16,280
Total...	2,06,590

17. The item in (*d.*) "Rent of School, Rupees 1,000," appears from Statement III. not to refer to schools now established. It has accordingly been struck out. In any case it should not appear under "Grants-in-aid."

18. STATEMENT III.—A column should be entered between 11 and 12 giving the cost of Public Works supervision and Tools and Plant. This will be—

	Rs.
Avanigadda	108
Nizampatam	108
Kykalore	54
Total...	270

In the appropriation column (5) Rupees 12 must be entered opposite to Avanigadda and its balance will then be *nil*. The balance of Nizampatam will be Rupees 374 and that of Kykalore Rupees 40.

19. The item "other Unions" must be struck out.

20. Statements III.-A. and III.-B. need no remark.

21. Grant II. will be—

	Rs.
Union Fund	1,260
General Fund	9,100
Total...	10,360

22. GRANT III.—The Local Board propose to establish two dispensaries, one at Juggiapett and the other at Bezwada. The places are well selected. The Inspector-General has not yet furnished the Board with any comment on the allotment of Rupees 4,000.

23. The allotment for Vaccination is Rupees 5,200, the current year's allotment being Rupees 1,650. The increase is intended to provide for the scheme of entertaining a 3rd Class Hospital Assistant in each taluq and a 1st Class Apothecary as Vaccination Superintendent. In submitting the current year's Budget the attention of Government was called to the Local Board's views on this point, but no orders were passed. The President's remarks in submitting the Budget were as follow, "The Local Fund Board were of opinion that it would be far more acceptable and popular if for Taluq Vaccinators could be substituted 2nd Class Hospital Assistants. As most of the Vaccinators get Rupees 18, and as the salary of a 3rd Class Hospital Assistant is only Rupees 35, the net increased expenditure in each taluq will be only Rupees 7 a month, but the Hospital Assistants who secure popularity by the success of their treatment will possess the confidence of the public, who will on that account, it is believed, subject themselves and their children to vaccination more cheerfully than at present." This scheme does not account, however, for so large an allotment as Rupees 5,200, and the President will be requested to explain it in detail.

24. The allotment for Sanitary Establishments and cleansing tanks and wells is disproportionately small, and provides only for cleansing in Juggiapett and Bezwada, and for festivals. The Board have raised it to Rupees 5,000, and the surplus should be spent in the manner indicated by the Sanitary Commissioner in the letter disposed of in G. O., Financial Department, dated 22nd October 1872, No. 1,437.

25. STATEMENT IV.—The dispensaries at Bezwada and Juggiapett and "other choultries" not being endowed institutions should be omitted.

26. The appropriation in favour of the Peddapatnam Choultry should be Rupees 1,260 and the balance *nil*.

27. STATEMENT IV.-B.—A miscellaneous allotment of Rupees 2,500 is entered.

28. GRANT III. is—

	Rs.
Endowment Fund	120
General Fund	15,600
Total...	15,720

29. GRANT IV.—The first item should be Rupees 990 and the second Rupees 740.

30. Grant IV. is—

	Rs.
Road Fund	2,010
General Fund	520
Total...	2,530

31. The General Reserve must be Rupees 3,520.

32. The following is an abstract of the revised Budget :—

GUNTOOR.

33. Receipts.—The amended Budget made out by the President has been of the greatest assistance to the Board, but their observations in these Proceedings will refer to the original Budget. Great inconvenience would have been saved if the sheets of paper had been stitched together and if the paper had been less flimsy.

34. The reasons given by the President for raising the opening balance of the Road Fund to Rupees 20,000 and that of the General Fund to Rupees 2,000 are conclusive.

35. The unsanctioned Unions must be provided for when they are sanctioned in a supplemental Budget. The only Unions now in existence are Nandoor and Chinna Ganjam, and the house-tax collected in them, which is all that should appear in Statement I.-A., is Rupees 1,410.

36. No entry is made (in spite of the remarks made in reviewing the current year's Budget) on account of the contribution of the Guntoor Municipality for educational supervision. The Board have again entered Rupees 100. The proper amount should be determined as soon as possible.

37. As the transfer of the Seetanagaram Choultry to the Local Fund Board is certain to take place, the endowment receipts, namely, Rupees 60, may appear in the Budget; but the sanction of Government for the transfer should be obtained immediately.

38. As suggested by the President Rupees 500 is entered as proceeds by the sale of books in elementary schools.

39. The receipts are thus:—

	Rs.
Road Fund	1,19,720
Union Fund	1,410
Endowment Fund	60
General Fund	36,380
Total...	1,57,570

40. Grant I., Statement II., Road Fund.—The additional appropriation to the Road Fund proposed by the Local Fund Board is unnecessary as the Budget stands.

41. Avenue receipts belong to the General Fund.

42. The Road Fund receipts are thus, as already mentioned, Rupees 1,19,720.

43. The Repair allotment is raised to Rupees 22,600 as proposed by the President.

44. The cost of the Petty Establishment, according to the President's letter of the 26th December 1872, No. 2,977, is Rupees 4,720.

45. The cost of Department of Public Works supervision at 26·0842 per cent. on expenditure is Rupees 20,240.

46. The Road Fund share of the cost of general management will be Rupees 1,260.

47. The allotment for Tools and Plant should be Rupees 780 and the Reserve Rupees 9,970.

48. The Road Fund expenditure is thus Rupees 1,14,770, leaving a balance of Rupees 4,950.

49. Statement II.-A., Part I., New Works.—An allotment of Rupees 24,520 is provided for the Great Northern Road, and the Local Fund Board urge that "the great need of an increased expenditure on the part of the Great Northern Road, which lies within the Circle, and the general expensiveness of road-making in the Delta" are reasons for a special grant from Provincial Funds. The subject is before Government.

Vide G. O., Financial Department, dated 27th September 1873, No. 1,235.

50. Part II., Repairs.—The allotment of Rupees 1,000 for unspecified petty repairs proposed by the President is approved, as also that of Rupees 200 for repairing the Seetanagaram Choultry.

51. The charge for Public Works supervision in Grant I. will be Rupees 21,150 and the allotment for Tools and Plant Rupees 810.

52. With the other modifications already suggested the grant will be—

	Rs.
Road Fund	1,13,510
General Fund	4,640
Total...	1,18,150

53. Grant II.—The charges in the sanctioned Union Schools will be—

	Rs.
Salaries	840
Servants	60
Miscellaneous	370
Total...	1,270

It may here be mentioned that the exclusion of unsanctioned Unions from the Budget necessitates the exclusion of all allotments connected with them, as, for instance, the Rupees 1,000 proposed by the President for building school-houses.

54. As proposed by the President Rupees 1,000 is entered for salary grants, Rupees 600 for purchasing books to be sold in elementary schools, and Rupees 1,000 as a contribution to the Masulipatam Circle for a training school.

55. STATEMENT III.—All the Unions except Nundoor and Chinna Ganjam must be struck out in Statement III.

56. The salaries of the Masters should not be entered as salary grants, which are a form of aid given to schools not wholly supported by the Local Fund.

57. It is observed that the balance in each Union is devoted to sanitary purposes. The amount which in the case of the Unions retained is Rupees 142 should be shown under Grant III. and not under Grant II.

58. STATEMENT III.-A.—The Rupees 142 devoted to sanitary purposes should not be shown in this statement, which is restricted to charges in Local Fund Schools.

59. All the Unions except Nundoor and Chinna Ganjam must be struck out.

60. GRANT II. is thus—

	Rs.
Union Fund	1,270
General Fund	10,600
Total ..	11,870

61. GRANT III.—The Local Fund Board propose to establish dispensaries at Dachipalli, Vinukonda, and Cherala. There can be no objection to the first two situations, and it is very desirable that there should be a dispensary somewhere in the line of coast villages which includes Cherala. The Board are inclined to think, however, that it would be better to place the dispensary at Bapatla, the Tahsildar's head-quarters, as being more accessible to supervision. The President will be good enough to report on this point.

62. The Board agree with the President that the allotments are too low, and have raised them to Rupees 5,930, as shown below.

63. The President thinks the allotment for Vaccination should be raised as in the other Circle; but this cannot be done unless the Circle Board wish to introduce the same scheme into Guntoor.

64. Nothing is entered for the employment of Medical Practitioners. From the current year's Budget and the information submitted with it the Board are under the impression that certain men have been already engaged and are being trained, and, if so, they must be paid. The current year's allotment of Rupees 360 is, therefore, repeated.

65. The allotment of Rupees 3,000 for sanitary expenditure is raised to Rupees 5,000, as shown below.

66. The expenses in Choultries and Public Bungalows must be exhibited separately. The President seems to be under a mistake when he says that nothing is provided for them. Rs. 500 is allotted in Statement II.-A., Part II., for repairs, and the other allotments, which are retained though they seem to be small, are—

	Rs.
Establishment	290
Contingencies	60

67. STATEMENT IV.-A.—The allotment for Medical Subordinates in the dispensaries is raised from Rupees 480 to Rupees 720 as the Board agree with the President that a better paid officer should be in charge of such institutions.

68. Two servants will certainly be needed, and the provision on this account is raised from Rupees 48 to Rupees 156.

69. If there are to be in-patients at all Rupees 100 will not be enough for their diet. The provision is raised to Rupees 400.

70. The total expenditure in the three dispensaries will thus be Rupees 5,930.

Proceedings of the Madras Government, Financial Department,
24th May 1873.

71. STATEMENT IV.-B.—The allotment for general sanitary purposes is raised to Rs. 4,860, which should be expended as the Sanitary Commissioner has advised in the letter disposed of in G. O., Financial Department, dated 22nd October 1872, No. 1,437. The Rupees 140 which it appears from Statement III. is to be spent from Union Funds for sanitation in Unions is entered.

72. GRANT III. is thus—

	Rs.
Endowment Fund	60
Union Fund	140
General Fund	14,300
Total...	14,500

73. GRANT IV.—The Circle's share of the sanctioned cost of the Collector's office establishment, namely, Rupees 1,200, is Rupees 460.

74. Grant IV. is—

	Rs.
Road Fund	1,260
General Fund	400
Total...	1,660

75. The General Fund Reserve should be Rupees 3,440.

76. The following is an abstract of the revised Budget:—

No. 242. Proceedings of the Board of Revenue, dated 13th March 1873, No. 1492 (Miscellaneous).

Read the following letter from Surgeon G. BIDIE, M.B., Secretary to the Inspector-General, Indian Medical Department, to the Secretary to the Board of Revenue, dated Fort St. George, 8th March 1873, No. 1589 :—

In compliance with No. XX., Local-Fund Rules, I have the honour, by desire of the Inspector-General, to submit to your Board the following remarks on the Budget-Estimate for 1873-74 of the Masulipatam Circle.

2. The Local-Fund Board propose to open new Dispensaries at Bezwada and Juggiapett, and enter a grant of Rupees 2,000 for each of these. This allotment, I am to remark, will not be sufficient, and the Inspector-General thinks that some addition should be made in each instance to the sum of Rupees 400 set apart for the purchase of medicines and instruments.

3. A grant of Rupees 1,000 is entered as a contribution to the Municipality of Masulipatam for the Dispensary there. This will leave about Rupees 2,010 to be provided from Municipal funds.

Submitted to Government in continuation of the Board's Proceedings, dated 3rd March 1873, No. 304.

No. 243. Proceedings of the Board of Revenue, dated 14th March 1873, No. 1527 (Miscellaneous).

Read the following letter from Surgeon G. BIDIE, M.B., Secretary to the Inspector-General, Indian Medical Department, to the Secretary to the Board of Revenue, dated Fort St. George, 8th March 1873, No. 1588 :—

With reference to No. XX., Local-Fund Rules, I have the honour, by desire of the Inspector-General, to submit to the Board the following remarks on the Budget-Estimate of the Local-Fund Board, Guntoor Circle.

2. In Form B, Grant III., there is a proposed appropriation of Rupees 6,500 for "Hospitals and Dispensaries." Of this amount Rupees 4,000 are apparently destined for the opening of three new dispensaries in the district, and regarding the provision for these, I am to remark that the sums allotted for medicines and medical apparatus are much too small. Another item in this grant is a sum of Rupees 500 said to be for travelling allowance of Zillah Surgeon, but as none of his official duties, in connexion with the dispensary, require him to leave his station, it seems desirable that this sum should be added to the insufficient grants for medicines for the new dispensaries.

3. The two proposed grants, alluded to in paragraph 2, viz., that for new Dispensaries and that for travelling allowance for Zillah Surgeon, dispose of Rupees 4,500 of the total sum allotted for Hospitals and Dispensaries, and there thus remains a balance of Rupees 2,000 the object of which is not clearly understood as it does not appear in Form IV.-A.

4. The grant to the Guntoor Municipality in aid of the dispensary there is Rupees 1,500, which will leave a sum of about Rupees 800 to be provided from the Municipal funds of the town.

Proceedings of the Madras Government, Financial Department,
24th May 1873.

Submitted to Government in continuation of the Board's Proceedings, dated 3rd March 1873, No. 304.

No. 244. ORDER THEREON, 24th May 1873, No. 728.

With their Proceedings above recorded, the Board of Revenue submit the Local-Fund Budgets of the Masulipatam and Guntoor Circles for 1873-74. The Budgets have been prepared on the assumption that the transfer of the Repalli Taluq to the Guntoor Circle will not be insisted on, and in G. O., dated 25th April 1873, No. 533, the Government have acceded to the view of the Collector and the Board of Revenue in this respect.

2. MASULIPATAM.—The following abstract shows the Budget for 1873-74 compared with that for 1872-73 :—

3. The very excessive opening balance is explained by the fact that allotments were made in the current year for several new works for which it was found impossible to get the estimates ready in time. A recurrence of such an impediment to the utilization of funds has been avoided in the preparation of this budget.

4. In the Order of Government reviewing the Budget for 1872-73 it was distinctly intimated that the grant assigned for roads in G. O., dated 15th January 1872, was made with special reference to the salt roads, and that but for these the Masulipatam Circle with its large balances would have had no claim to any grant. In the present Budget the two most important of these works have been omitted, and the Board of Revenue recommend the acceptance of the Local-Board's opinion. The Government will not insist on their prosecution under the circumstances, but the greater portion of the allotment from Provincial Funds will not be renewed only Rupees 5,000 being given (in addition to the establishment grant of Rupees 12,610) on account of Item No. 9, Statement II.-A, and Part I., and Item No. 3, Part II. This, with the grant for schools, will make the Provincial allotment Rupees 17,950.

5. No reason is assigned for the decrease in the estimated assignments from Special Funds. The House-tax must disappear from the Budget under recent orders. The allotment for New Works must be decreased by Rupees 8,000 on account of the reduction in the Provincial grant. The amount can probably be best spared from Item No. 4, but it is open to the Local-Fund Board to adopt any other arrangement. This will reduce the charge for Establishment to Rupees 41,980, and the Road-Fund Reserve to Rupees 9,830. The Local Board and the Board of Revenue press for a decision with regard to Mr. Boswell's scheme for a separate establishment for public works, the consideration of which was deferred in G. O., dated 6th November 1871, No. 2800. The Government need hardly say that the adoption of any such scheme (which could not be confined to a single district) would be somewhat premature before a fair trial had been given to the working of the present arrangements under the new organization of the Public-Works Department, and on this ground alone they would be prepared to negative the proposal.

6. It must also be pointed out, however, so far as the difference in cost is concerned, that the normal saving under the proposed scheme would not be so great as appears when the comparison is made with allotments for establishment calculated rateably on the expenditure entered in a budget, framed, as the present one is, with the view of working out the greater portion of an overgrown opening balance aggregating Rupees 1,14,800 in the two circles. When the balances have once disappeared the annual amount allotted for expenditure by the Public-Works Department in the two circles is not likely at the utmost to exceed Rupees 1,40,000, the cost of supervision for which would be about Rupees 36,500. This, with the petty establishment costing Rupees 11,000, would make the charge under the present arrangements only about Rupees 5,000 in excess of the Rupees 42,408 proposed by Mr. Boswell. The latter, it is also to be observed, makes no allowance for a Pension Fund which would be a necessity were a separate establishment

Proceedings of the Madras Government, Financial Department,
24th May 1873.

entertained, and which, in the case of the regular officers of the department, falls, under the present arrangement, entirely on Imperial Funds. The question of inefficiency through neglect of road for irrigation work, raised, and apparently well-supported, in the papers incorporated with G. O., dated 25th May 1871, No. 919, Revenue Department, and G. O., dated 6th November 1871, No. 2800, Public Department, will receive serious consideration in the Public-Works Department, and the Local-Fund Board may rest assured that the Government fully realize the obligation to provide thoroughly competent and sufficient supervision which they have assumed by negativing the proposal for a separate establishment.

7. The Circle Board's proposal to employ a first-class Apothecary and third-class Hospital Assistants instead of ordinary vaccinators is referred for the consideration of the Inspector-General, Indian Medical Department, who will consult the Superintendent-General of Vaccination. In the meantime the provision may remain in the budget. The allotment for Hospitals will be raised to Rupees 5,000 with reference to the remarks of the Inspector-General, Indian Medical Department. The attention of that Officer is drawn to the Circle-Board's application for the services of a first-class Hospital Assistant from the commencement of the next official year.

8. The abstract of the budget, as modified by Government, is as follows :—

10. The high opening balance in this Circle appears to be chiefly owing to unexpected receipts during the current year, and not, as in the Masulipatam Circle, to failure to work out the allotments. Excluding the opening balance, the receipts of the year, however, are only expected to exceed those of the preceding year by Rupees 3,200, of which it was intended that Rupees 1,410 should come from House-tax. This item must now disappear from the Budget. The Circle Board ask for an increased allotment from Provincial funds on account of the great need of an increased expenditure on the part of "The Great Northern Road which lies within the circle and the general expensiveness of road-making in the delta." The Masulipatam Circle Board, on the other hand, are of opinion that this road is one of the last in the circle likely to be taken up on purely local grounds, and on this strong expression of opinion the Government hesitated to direct the prosecution of the work by the Local Boards of any Circle, and called for reports from all Collectors through whose districts the line passes. Pending the consideration of

President's letter, dated 30th July 1872, No. 58.

these reports the Government are not prepared to make any special grant on account of the line, and think that, for the present, it would be as well only to incur such expenditure on the line as may be necessary to meet local requirements. The other items in the budget call for no special remark.

Proceedings of the Board of Revenue
dated 3rd March 1873 for 1873-

Read the following Letters

From the President of the Local Fiscal Board, Cochin
District 23rd November & 18th December 1872 - Nos 2798
2970 and 17th January 1873 - No. 84.

From the Sanitary Commissioner dated 6th
February 1873 - Nos 337 & 338.

1. The Budgets of the Malabar Salaries
and Circles of the Cochin District for
1873-74 will be submitted for the orders of
Government &c.

2. The Budgets are framed on the supp-
-osition that Repairs will continue in the
Northern Circle as it may be the Circles Contermi-
-nous with Public Works Ranges it would have
to be placed in the Southern Circle, but the Col-
-lector objects to the transfer on the ground that
it would make one Circle too rich and the other
too poor. So far as the Board can see at present

the

this objection is well founded. Further information was called for by Official Memorandum on the 19th November 1872 and when it is received the question will be submitted for the final orders of Government.

Mauritius

3. No modifications in the estimate of receipts seem to be required.

They are as follows:

Road Fund	Rupees 178,310	✓
Union	2,930	✓
Embankment	960	✓
General	47,200	✓
	249,400.	

Statement I Receipts

4. The Road Fund receipts are shown above one Rupees 198,310.

Expenditure Statement II Road Fund

5. The cost of Petty Establishment according to the Presidents letter of the 20th December 1872 No 2977 which has been disposed of separately is Rupees 6288, so the allotment should be Rupees 6290 instead of Rupees 6400.

6. The cost of Public Works supervision at

at 26·0842 P.Cent on Rupees 131,250 is Rs 34,240.

The local Board press for a decision on Mr Bonnell's proposal to maintain a separate engineering staff for Local Fund work. The consideration of the subject was postponed in Government Order 6th November 1871 No 2800 R.D. but the time for disposing of it finally seems to have arrived.

7. The cost of controlling establishments being Rupees 2530 the Road Fund share will be Rupees 2,010.

8. The allotment for tools and plant at 10 P.Cent on expenditure should be Rupees 1340

9. The Road Fund expenditure is thus Rupees 190210. leaving a balance of Rs 8100.

10. Items 6, 7, 11, 12, 13, 15 & 16 of the current years Budget are omitted, most on the score of principle but it is better to fix where boundaries shall begin new ones.

11. The following, however, are all roads and are omitted on the ground that the Local Boards & Municipalities are infinitely better to travel on than unmade country roads.

12. Mangamapudi to Peddapuram

13. Kasibugga to Mangamapudi

No provision is made for the road to Nizampatam because "no money can be afforded" at present and it already has access by a canal. The Revenue Board think that the Local Board's opinion with regard to these roads may be accepted.

12. Under Educational Rupees 5000 is entered for petty works. From statement III the Board learn that Rupees 4,000 of this is for Unions which may be established hereafter, and which are to be dealt with in a Supplemental Budget. The allotment has accordingly been reduced to Rupees 1000.

13. Rupees 2000 is to be spent in enlarging the Peddapuram choultry. Only Rs. 840 of this can be paid from the Endowment Fund.

14. Statement II of Part II and statement III call for no remark.

15. The Grant to the Local cost of D.P.W. Supervision will be Rupees 2780 and the allotment for tools and plant Rupees 1490.

16. With the other modifications which have

Statement III

been suggested the Grant will be

Road Fund	Rupees	1,88,200
Union	"	1,270
Endowment	"	840
General	"	16,280
		2,06,590

17. The item in (d) "rent of school Rs. 1000" appears from statement III not to refer to schools now established. It has accordingly been struck out. In any case it should not appear under Grant-in-aid.

18. A column should be entered between columns 11 & 12 showing the cost of P.W. Supervision and tools and plant. These will be

Kasibugga	Rupees	108
Nizampatam	"	108
Koyyalagudem	"	54
		270

in the appropriation column (5) Rupees 12 must be entered opposite to Kasibugga and all its balances will then be nil. The balance of Nizampatam will be Rs. 374 and that of Koyyalagudem Rs. 40.

19. The item "other unions" must be struck out.

20. Statements III A & III B need no remarks.

21. Grant II will be

Union Fund	Rupees	1,260

The

22. The Local Board proposes to establish two dispensaries one at Jaggiapett and the other at Bezwada. The places are well selected. The Inspector General has not yet furnished the Board with any Comment on the allotment of Rs 4,000.

23. The allotment for vaccination Rupees 5200 the current year's allotment being Rupees 1650. The increase intended to provide for the scheme of entertaining a third class hospital assistant in each Taluq and a first class apothecary as Vaccination Superintendent in substitution the current year's Budget the attention of Government was called to the Local Boards views on this point, but no orders were passed. The Presidents remarks in valuing the Budget were as follows "The Local Fund Boards were of opinion that it would be far more acceptable and popular if for taking vaccinators could be substituted third class hospital assistants most of the vaccinators get Rupees 18 and

and as the salary of a third class Hospital assistant is only Rs 35 the net increased expenditure on each Taluq will be only Rs 7 a month, but the Hospital Assistants who are employed by the Natives in case of their treatment with respect the confidence of the public who will on that account be induced subject themselves and their children to vaccination more cheerfully than at present. This scheme does not account however for so large an allotment as Rs 5,200 and the President will be requested to explain it in detail.

24. The allotment for Sanitary Establishments and cleansing tanks and wells is disproportionately small, and provides only for cleansing in Jaggiahpett and Bezwada, and for Festivals. The Board have passed it to Rs 5000 and the surplus should be spent in the manner indicated by the Sanitary Commissioner, in the letter disposed of in Government Order, Financial Department, dated 22nd October 1872, No 1437.

Statement IV

25. The Dispensaries at Bezwada and Jaggiahpett and "Other Charities" not being

being Endowment institutions should be omitted.

26. The appropriation in favor of the Poddapatam Chowdry should be Rs. 1,260 and the balance nil.

Question

Receipts 33. The amount of Budget made out by the President has been of the greatest assistance to the Board but to their observations in these Proceedings will refer to the original Budget. Great inconvenience would have been saved if the sheets of paper had been stitched

Sidehead together and if the paper had been lost sufficiency.

34. The reasons given by the President for receiving the opening balance of the Road Fund to Rupees 20000 and that of the General Fund to Rupees 2000 are conclusive.

35. The unsanctioned unions must be provided for when they are sanctioned in a Supplemental Budget. The only Unions now in existence are Tuticorin and Chinna Ganjam and the house-tax collected in them, which is all that should appear in the Current Ist ct is Rupees 1,410.

36. Nothing is made (in spite of the remarks made in reviewing the Current year's Budget) on account of the contribution of the Tuticorin Municipality for Educational purposes. The Board have again entered Rupees 100. The proper amount should be determined as soon as possible.

37. As the transfer of the Telungarain should be by the Local Fund Board is certain to take place the endowment receipts viz Rupees 60 may appear in the Budget, but the sanction of Government for the transfer should be obtained immediately.

38. As suggested by the President Rs 2500 is entered as proceeds by the sale of books in elementary schools.

39. The receipts are thus -

Receipts	Local Fund	Rupees 119720
	Union	" 1410
	Endowment	" 60
	General	" 36380
		157570.

Grant I
Statement II
Road Fund.

40. The additional appropriations to the Road Fund proposed by the Local Fund Board is nine as coming on the Budget Estimate.

41. Various Receipts belong to the General Fund.

42. The Road Fund Receipts are thus -
as already mentioned Rupees 119720.

43. The Repair allotment is raised to Rs 22600 as proposed by the President.

44. The cost of the Petty Establishment according to the President's letter of the 20th December

December 1872 No. 2977 is Rupee 4720.

45. The cost of D.P.W. Supervision at 2 & 8½ P.C. on expenditure is Rs. 20240.

46. The Road Fund share of the cost of General Management will be Rupees 1260.

47. The allotment for Tools & Plant should be Rupees 780 and the Reserve Rupees 9970.

48. The Road Fund expenditure in this Rupees 114770 leaving a balance of Rupee 4950.

49. An allotment of Rupees 24520 is provided for the Great Northern Road and the Local Fund Board urge that the great need of an increased expenditure on the part of the Great Northern Road which lies in their this Circle and the general expensiveness of road making in the "Delta" are reasons for a special grant from Provincial Funds. The subject is before Government.

Statement III A Part I. Public Works.

Vide Government Order No. 2758 dated 17th Sept. 1872. & No. 1285.

50. The allotment of Rupees 1000 for unspecified petty repairs proposed by the President is approved as also that of Rupees 200 for repairing

Part II Repairs

repairing the Seebaugaram Chowltry.

51. The charge for P.W. supervision in Grant I will be Rupees 2150 and the allotment for Tools & Plant Rupees 180.

52. With the other modifications already suggested the Grant will be—

Road Fund Rupees	11350
General	4640
	11815.

Grant II

53. The charges in the sanctioned Union Schools will be—

2 Curies Rupees	840
Clerk do	60
Miscellaneous	370
	1270.

It may here be mentioned that the exclusion of sanctioned Unions from the Pandgoli Circle calls for the exclusion of all allotments connected therewith as for instance the Rs. 1000 proposed by the President for two Union School houses.

54. As proposed by the President Rs. 1000 is entered for Palang Grant & Rs. 600 for purchasing books to be sold in elementary schools and Rs. 1000 as a contribution to the Masulipatam Circle

circle for a training school.

55. All the Union except Kumaloor and Chinnar Gangam must be struck out in statement III.

56. The salaries of the masters should not be entered as Salary Grants in such cases for aid given to schools not wholly supported by the Local Fund.

57. It is observed that the balances in each Union is devoted to sanitary purposes. The amount which in the case of the Unions retained is Rupees 142 should be shown under Grant III and not under Grant II.

58. The Rupees 142 devoted to sanitary purposes should not be shown in this statement which is restricted to charges in Local Fund schools. Statement III

59. All the Unions except Kumaloor and Chinnar Gangam must be struck out.

60. Grant II is thus—

Union Fund	Rupees 1270 ✓
General	10600 ✓
	11870 ✓

61. The Local Fund Board proposes to establish Grant III

establish dispensaries at Pachapalli Vinkorda and Cheerala. There can be no objection to the first two situations and it is very desirable that there should be a dispensary somewhere in the line of coast villages which includes Cheerala. The Board are inclined to think, however, that it would be better to place the dispensary at Papulla, the taluk's headquarters, as being more accessible to supervision. The President will be good enough to report on this point.

62. The Board agree with the President that the allotments are too low and have raised them to Rupees 5930 as shown below.

63. The President thinks the allotment for vaccination should be raised as in the other Circle, but this cannot be done unless the Circle Board wish to introduce the same scheme into Gumtoor.

64. Nothing is entered for the employment of Medical Practitioners. From the current year's Budget and the information submitted with

with the Board are made a the impression that certain men have been already engaged and are being trained & not if so they must be paid. The Current year's allotment of Rupees 360 is therefore repeated.

65. The allotment of Rupees 3000 for Sanitary expenditure is raised to Rupees 5000 as shown below.

66. The expenses in Chowkies and Public Bungalows must be exhibited separately. The President seems to be under a mistake when he says that nothing was provided for them. Rupees 500 is allotted in Statement II A Part II for repairs and the other allotments, which are retained though they seem to be small, are

Establishment Rupees 290.
Contingencies " 60

67. The allotment for medicated bandages in the Dispensaries is raised from Rupees 480 to Rs 720 as the Board agree with the President that a better Jail Officer should be in charge of such institutions. Statement IV a

68. Two servants will certainly be needed and the provision for this account is raised from Rupees 48 to Rupees 186.

69. If there are to be no patients at all Rupees 100 will not be enough for their diet & the provision is raised to Rupees 400.

70. The total expenditure in the three dispensaries will thus be Rupees 5930.

Statement IV B

71. The allotment for general sanitary purposes is raised to Rupees 4860 which should be expended as the Sanitary Commissioner has advised in the letter disposed of in Government Order F. D. dated 22nd October 1872 No. 1437. The Rupees 140 which it appears from Statement III is to be spent from Municipal funds for sanitation in Chicacole should be

72. Grant III is thus—

74. Grant IV is

Sir,

In compliance with Rule XX Local Fund Rules, I have the honor by desire of the Inspector General, to submit to your Board the following remarks on the Budget Estimate for 1873-74 of the Nagapatam Circle.

2 The Local Fund Board proposes to open new dispensaries at Bezwada and Jaggiapett, and enter a grant of Rs. 2000 for each of these. This allotment I am to remark will not be sufficient, and the Inspector General thinks that some addition should be made in each instance to the sum of Rs. 400 set apart for the purchase

SIR,

With reference to Rule XX Local Fund Rules I have the honor by desire of the Inspector General to submit to the Board, the following remarks on the Budget Estimate of the Local Fund Board Guntoor Circle.

2nd In form B Grant III there is a proposed appropriation of Rs. 6500 for "Hospitals and Dispensaries". Of this amount Rs. 4000 are apparently destined for the opening of 3 new dispensaries in the district, and retaining the provision for these 3 items to remark, that the amounts allotted for medicines and medical apparatus are much too small

PROCEEDINGS OF THE BOARD OF REVENUE.

SUBJECT.

another item in this grant is a sum of Rs 500 said to be for travelling allowance of Zillah Surgeon, but as none of his official duties, in connection with the Dispensary, require him to leave his station, it seems desirable that this sum should be added to the insufficient grants for medicines for the new Dispensaries.

3. The two proposed grants alluded to in para 2 viz, that for new Dispensaries and that for travelling allowance for Zillah Surgeon dispose of Rs 4500 of the total sum allotted for Hospitals and Dispensaries, and there thus remains a balance of Rs 2,000 the object of which is not clearly understood as it does not appear in Form IV of J.

4. The grant to the Cuttack Municipality in aid of the Dispensary there is Rs 1500 which will leave a sum of about Rs 800 to be provided from the Municipal funds

funds of the town.

for 1872-73
it was directed that the grant
contemplated for expenditure
of 1st January 1872
was made with reference to
the actual
and that for those
Heads in which
to large balances remained
there should not be taken to grant
the full amount

Accountant

It appears that the
Board exceeded their
appropriation for
salaries during
current year by
Rs 160 000
and by Rs 250,000
in all. The Board to
explain.
Also that
proceedings
in that they call
for detailed
statements
from which the
Inspector of Schools
in their current year
Did they do such
employment (as was
their case last year)

Audited the two most inclosed
of these would have been
omitted and the Board of
Revenue recommend the pay-
-ment of the said Bonds
as prayed. The Lord Lieutenant
directed that these proceedings
under the recommendations but
the greater part of the
collectors from Connaught
and by the same being given
for deductions to the establish-
-ment agreeable to the 12 612)
per annum of the Hon Major
Stratmore A.D. and Sparks
passed clause No 3 Part II. This
with the grant for reducing
militia into the Provinces of
collection 1750.

A reason to be assigned
for the clerks in the esta-
-blishment assigned to them
of special funds. The House
has ordered that an address from

The Lord Lieutenant recommends payment
of the Bonds. The Establishment for
Port Patrick must be increased
by Rs 200 per annum of the
present year. The increase must come
probably be best placed
from about Feb but it is
open to the Board
to adopt any other arrange-
-ment. The militia
the charges for establishment
to the 1790, and the Board
of Revenue report to Rs 930. The
Lord Chancellor and the Board
of Revenue from for the
decision on the reference to
Mr Parsons's demand for
a reference to be laid before
for Public Parts the Commis-
-sioners of Inland
