Proceedings of the Madras Government, Financial Department, 26*th May* 1873.

No. 247. Read the following letter from G. VANSAGNEW, Esq., President of the Municipal Commission, Nellore, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Nellore, 19th April 1873, No. 5:—

With reference to G. O., No. 327, dated 8th March 1873, I have the honour to submit Revised Statements of Budget-Estimates for 1873-74. In regard to the increase under rates on houses, the word "valuation" should have been used and not "tax."

	Rs.
Entry in Column 9 of I.-A	4,640
Corresponding entries in Statement II., Grant I., Repair of Dispensary ...	140
Grant III.	4,500
Total ...	4,640

2. The entry against the Dispensary in Column 9, Statement I.-A, is correct, and agrees with the total of the sums entered in Grants I. and III. as marginally noted.

3. The Government remark that II.-A does not contain sufficient details of works. In paragraph 3, G. O., No. 575, of the 29th April 1872, it was desired that a detailed scheme of allotment should be made each year to be adhered to except in cases of emergent necessity.

4. In the Budget now reviewed, lump grants are entered against the following items, viz.:—

	Rs.
Improvement of streets and drains	800
Repairs of roads and streets	4,000
Repairing drains and sanitary works	500

It is not possible to determine the particular works on which the first and last items should be spent at the time of the budget, or six months before the year begins. They are minor works, and can best be settled and undertaken as occasion requires.

The provision for repairs of roads and streets is also necessarily a lump grant. The sum is spent on about thirty miles of road, according to their requirements of the time.

5. Particulars are given in regard to other works.

No. 248. ORDER THEREON, 26th May 1873, No. 729.

The Revised Statements now received will be recorded.

2. The President is in error in stating that the entry in Column 9, Statement I.-A, was correct, and the Government observe that, in the Revised Statement I.-A now submitted, the mistake has been corrected, and the amount distributed between Columns 9 and 10.

3. The explanation regarding the impossibility of giving full details under certain heads in Statement II.-A is accepted, but it must be understood that it is only on account of the smallness of the amount (Rupees 800) that the Government sanction an allotment for new works in the shape of a lump grant.

(True Extract.)

Acting Under Secretary,
