Proceedings of the Madras Government, Financial Department,
26th May 1873.

Read *the following* papers:—

No. 249. From W. D. HORSLEY, Esq., President of the Municipal Commission, Cuddapah, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Cuddapah, 24th March 1873, No. 169.

I have the honour to forward the Budget-Estimates for 1873-74 with the following remarks.

2. A balance of Rupees 2,500 has been brought forward from the present year. This sum may probably remain in the hands of the Commissioners at the close of the year.

3. The estimate of Rates and Taxes is the same as that of the previous year, except the estimate for Tolls has been lowered as the Contractor has failed this year to realize the amount of his contract.

4. The two last classes of the Zillah School having been abolished, the Commissioners propose to establish an Elementary School, and the income on account of fees is estimated at Rupees 250 per annum. The school is to consist of three classes. It is proposed to collect fees of Annas 4 per boy in the two lower classes, and Annas 8 in the highest class. Three Masters will be required on salaries of Rupees 25, 15, and 12, and a Peon on Rupees 4. This, with contingencies, amounts to an expenditure of Rupees 720 per annum, and is entered under its proper head in the Budget. The necessity of an institution of this kind was brought to the notice of the Commissioners by the Inspector of Schools as a preparatory school to the Zillah School.

5. The receipts of the Civil Dispensary are calculated as follow:—

	Rs.
Interest on Rupees 34,000	1,530
European and Native subscription	270
Sale of medicines	200
Total ...	2,000

6. The Local-Fund Board, Cuddapah Circle, have allotted in the Budget of 1873-74 Rupees 2,400 on account of the Civil Dispensary, which sum has been included in the estimate.

7. The Slaughter-house will be complete by the end of this year, and the Commissioners intend to open it for public use from the commencement of next year. It is calculated that fifty sheep on an average are slaughtered daily within the town, and, by charging 3 Pies per head of sheep slaughtered, the annual income is estimated at Rupees 300.

8. The Travellers' Bungalow at Cuddapah has been transferred to the Commissioners; they have requested the Collector to make over to them the surplus collection of previous years, and, in anticipation of its receipt, have included in the estimate a sum of Rupees 500 in addition to Rupees 180 which may be realized during the year.

9. The question as to the transfer of these funds was referred to the Board of Revenue by the Collector. In their Proceedings, copy of which is enclosed, the Government will observe that the Bungalow Fee Fund has been divided between the two Local-Fund Circles. On what principle this division has been made I do not understand. The Cuddapah Local-Fund Board have nothing what-

ever to do with the bungalow handed over to the Municipality. Though no conditions were made at the time of transfer, the Commissioners naturally expected that with the bungalow would be handed over funds collected in past years for its support. I beg that Government will be pleased to pass orders on the claim of the Commissioners.

10. Under New Works Rupees 9,800 have been allotted, of which Rupees 1,500 are for widening streets; Rupees 500 for constructing latrines; Rupees 7,000 for the market including compensation; and Rupees 400 for slaughter-house. The last sum the Commissioners intend to expend on constructing a separate bullock slaughter-house in the town. Rupees 400 are required for compensation for a new burial-ground. This sum was shown in the last year's budget, but was not paid to the owners, as some of them have not yet come to terms, and the expenditure the Commissioners will probably have to meet in the coming year.

11. Under the head of "Repairs" Rupees 4,350 have been estimated as shown in Statement II.-A.

12. Grant II., *Education.*—The estimate for this branch is Rupees 1,650. The expenses of the Elementary School have already been explained. Rupees 180 salary grant is for the girls' school at Cuddapah, managed by the London Mission Society; Rupees 500 are for the lower-class schools at Cuddapah paid under the Result system; and Rupees 250 is an amount proportionate to one-sixth of the salary and travelling allowance of the Deputy-Inspector of Schools, Cuddapah Division.

13. The estimate of expenditure for the Civil Dispensary has been furnished by the Acting Zillah Surgeon.

14. The expenditure for Conservancy has been augmented this year. The present establishment and the number of carts have been found insufficient to keep the town thoroughly clean.

15. The amount payable to the bill-collectors as percentage on collections of taxes has been included in the estimate.

16. This report has been delayed in consequence of the sudden illness of the Vice-President, M. Iyasamy Pillay, who has since been obliged to leave Cuddapah for a time. I should mention that the project for supplying the town of Cuddapah with water from the Boogga springs has been given up by the Commissioners. The scheme is altogether too expensive a one, while it is very doubtful whether the springs could give the supply required. There is no entry on account of this work in the budget.

Proceedings of the Board of Revenue, dated 6th January 1873, No. 18 (Miscellaneous).

Read letter from the President of the Local-Fund Board, Cuddapah District, dated 14th October 1872, No. 183, requesting to be informed if the balance of the Bungalow Fund is to be given over to the Cuddapah Municipality and Madanapally Local-Fund Board.

It is presumed that the balance of the Bungalow Fund on the 1st April 1872, viz., Rupees 1,070-2-7, appertains to the bungalows at Cuddapah and Royachoti, which are situated in the Cuddapah and Madanapally Circles, respectively.

2. The balance should be credited to the General Fund of each Circle, unless any conditions have been entered into with the Cuddapah Municipality regarding the transfer of the balance in favour of the bungalow at that place.

The Municipal Commissioners for the Town of Cuddapah having decided to levy the under-mentioned taxes for the purposes of Act III. of 1871, I have the honour to submit the accompanying Draft Notification for the approval of the Right Honourable the Governor in Council and publication in the *Fort St. George Gazette*, as provided in Section 38 of Act III. of 1871:—

2. The decrease under rates on houses in the above table is owing to there being no arrear demand for 1873-74. The current demand under all heads differs but little from that of the year 1872-73, except in the case of tolls, for which a satisfactory explanation is given in the President's covering letter. The Government agree with the Commissioners in considering that the claim of the Municipality to a share of the balance of the Bungalow Fund is stronger than that of the Cuddapah Circle Board, but there is nothing in the papers submitted to show that when

the Board of Revenue passed the order objected to, they were aware that the Cuddapah Municipality had undertaken to keep up the bungalow at that place.

3. The explanation given regarding the various items of expenditure is satisfactory; but the Government regret that it has been found advisable to abandon the Boogga Water Scheme, and trust that the Commissioners will not on that account lose sight of the necessity of doing something when the state of their finances admit of it for the improvement of the water-supply of the town.

4. Statement I.-A has not been correctly prepared. The entry in column 8 should correspond with the sum of the hospital assets as shown in Statement I., viz., Rupees 4,848, and a deficit balance of Rupees 2,052 should appear in column 12 representing the municipal contributions to the institution.

5. Subject to the above remarks the budget is passed, and the usual notification will issue. The Profession-tax must be dispensed with in preparing the Budget for 1874-75, and the Government desire that this may be done, as far as possible, by a reduction of the expenditure, rather than by proposals for an increase of other taxation.
