No. 9. Read the following letter from R. J. MELVILLE, Esq., Acting Collector of Vizagapatam, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Vizagapatam, 20th February 1873, No. 208 :—

I have the honour to forward, herewith, the Budget-Estimates for 1873-74 of the Municipalities of—one, Vizagapatam; two, Bimlipatam; three, Vizianagram; and four Palcondah, prepared according to the prescribed forms.

No. 10. ORDER THEREON, 4th June 1873, No. 770.

With his letter above recorded, the President of the Municipalities, Vizagapatam District, submits the Budget-Estimates of Receipts and Expenditure for 1873-74.

2. VIZAGAPATAM.—An abstract of the estimates for 1873-74, compared with those for 1872-73, is shown in the subjoined table :—

3. The Government observe that, though the rate of house-tax is reduced from three to one-and-a-half per cent., the estimated current collection stands at Rupees 1,900 against Rupees 2,300 in 1872-73. The other items of receipts are very much the same as in the previous year, and call for no special remark.

4. The smaller allotments found necessary for Repairs have enabled the Commissioners to devote the sum of Rupees 1,411 to New Works, and the distribution of this amount, as shown in Statement II-A, appears unobjectionable.

5. The item of Rupees 678, "Salary Grants, Inspecting Agency," should have appeared as "Contribution to Local Funds." The increase under "Supervision and

General Management" appears to be owing to the appointment of a new Accountant on Rupees 50 per mensem. This addition to an already large establishment appears quite unnecessary, and, in the absence of further explanation, the Government must direct the removal of the provision from the budget.

6. It is observed that the provision for vaccination includes the charge for superintendence sanctioned for 1872-73 in G. O., dated 20th July 1872, No. 961.

7. VIZIANAGRAM.—A comparative abstract of the estimates for the years 1872-73 and 1873-74 is appended :—

Miscellaneous	140	112
	12,470	12,830
Balance	90	...
Total ...	12,560	12,830

8. The estimates, as above shown, vary but slightly from those of the previous year, and call for little or no remark. The Government are glad to see that some provision has been made for lighting, but think the amount might with advantage be increased, the allotment for New Works being reduced for the purpose.

9. BIMLIPATAM.—The comparative abstract of the estimates is as follows :—

RECEIPTS.

	1872-73. Rs.	1873-74. Rs.
House-tax	950	1,020
Trades-tax	2,000	1,600
Tax on vehicles	390	400
Carts	160	150
Tolls	5,500	6,200
Miscellaneous	...	30
Total ...	9,000	9,400

CHARGES.

	1872-73. Rs.	1873-74. Rs.
Grant I.—		
New Works	2,950	3,710
Repairs	1,150	840
Grant II.—

Training Schools	...	500
Grant III.—		
Dispensary	600	300
Vaccination	120	120
Registration of births and deaths'	180	180
Conservancy	2,660	2,634
Grant V.—		
Office	890	966
Miscellaneous	150	150
Total ...	9,000	9,400

10. The decrease under Tax on arts, &c., and the increase under Tolls appear to be the result of revised estimates, and not of an alteration in the rate of the taxes.

11. The increase in the allotment for New Works is considerable, and the whole amount is assigned to "Communications." The Commissioners should consider whether it would not be advisable to divert a portion of it for the lighting of the town. There is, perhaps, no object of municipal expenditure which is so generally appreciated by the people.

12. No charge for Public-Works Establishment appears in Statement II., but an item of Rupees 96 is entered in Statement II.-B. Similarly, the entries for Conservancy and Office Establishment in Statement II. do not correspond with those in Statement II.-B. Explanation should be given of these discrepancies and of the nature of the "&c., &c.," for which Rupees 203-8-0 are allotted under Grant V. in Statement II.-B.

13. The sum of Rupees 500 appears to have been entered by mistake for "Training Schools" instead of for "Results' Grants." No provision is made for "Contribution to Local Funds for Educational Inspectorate." If Rupees 110 from the allotment for Results' Grants be transferred to this head, the aggregate contributions from the Municipalities will amount to Rupees 1,080, the sum entered in the Vizagapatam Local-Fund Budget. It is observed that, in Statement No. II., the contribution to the private dispensary for 1872-73 is entered at Rupees 375, the amount originally provided by the Commissioners, instead of Rupees 600, the whole amount formerly contributed by Government, and which was entered by Government in the estimate with the remark that the Local-Fund Board could be applied to for aid to provide the amount. The contribution for the current year is still further reduced to Rupees 300. The Government desire to know whether the Local-Fund Board contribute to the support of the institution.

14. PALCONDAH.—The estimates for 1873-74 compared with those for 1872-73 are as follow :—

RECEIPTS.

	1872-73. Rs.	1873-74. Rs.
Assignment by Government...	40	40
House-tax	500	800
Trades-tax	1,000	1,400

Endowments and contributions.	420	360
Contributions from Local Funds	410	410

CHARGES.

Office	950	900
Miscellaneous	100	150
Total ...	6,890	7,674
Balance	20	56
Total ...	6,910	7,730

15. The increase under House-tax and Tax on professions, &c., appears to be partly owing to outstanding arrears, and partly to its being anticipated that it will not be necessary to make so many remissions as have been made of late years on account of the badness of the seasons.

16. The sum of Rupees 20 seems an absurdly small allotment for lighting. It should be explained why the establishment under Grant V. is shown at Rupees 900 in Statement II., and at Rupees 1,050 in Statement II.-B.

17. Subject to the above remarks the Budgets of the four Municipalities are sanctioned, and the usual notifications authorizing the levy of taxes will be published in the *Fort St. George Gazette*.

18. The Profession-tax must be dispensed with in the Municipalities of Vizianagram, Bimlipatam, and Palcondah, in preparing the Budgets for 1874-75, and it is desired that this may be done, as far as possible, by a reduction in the expenditure, rather than by an increase in the rates of the other taxes. In Vizagapatam the proportion of the whole income which is derived from this source is so large, that, although the Government are directing the abolition of the tax generally in Municipalities from next year, they desire to receive the opinion of this Municipality on the subject of providing a substitute for it before extending the order to it.

19. The Budgets must in future be submitted with a covering letter explaining in detail the causes of any variations from the estimates of the preceding year.

The Govt. observe that though the rate of House tax is reduced from three to one and a half per cent the estimated current collections stands at Rs 1901 against Rs 2300 in 1872-73. The other items of receipts are very much the same as in the previous year and call for no special remark.

The smaller allotments of funds necessary for repairs have enabled the Commissioners to devote the sum of Rs 1411 to New Works, and the distribution of this amount as shewn in Statement III A, appears unobjectionable.

The item of Rs 678 "Salary Grants Inspecting Agency" should have appeared as "Contributions

to

to "Local Funds". The increase under Supervision and General management" appears to be owing to the appointment of a new Accountant on Rs 50 per mensem. This addition to an already large establishment appears quite unnecessary and in the absence of further explanation the Govt must direct the removal of the provision from the budget.

It is observed that the provision for vaccination includes the charge for superintendence sanctioned for 1872-73 in G.O dated 20th July 1872 to 961.

Vizianagram. A comparative abstract of the estimates for the years 1872-73 and 1873-74 is appended.

The

The estimates, as above shewn vary but slightly from those of the previous year, and call for little or no remark. The Govt. are glad to see that some provision has been made for lighting but think the amount might with advantage be increased the allotment for New Works being reduced for the purpose.

Bimlipatam. The comparative abstract of the estimates is as follows

The decrease under Tax on Carts &c and the increase under tolls appear to be the result of revised estimates and not of any alteration in the rate of the taxes.

The increase in the allotment for New Works is considerable and

paid the whole amount is assigned to "Communications". The Commissioners should consider whether it would not be advisable to divert a portion of it for the lighting of the towns. There is perhaps no object of Municipal expenditure which is so generally appreciated by the people.

No charge for Public Works establishment appears in Statement II but an item of Rs96 is entered in Statement II B. Similarly the entries for conservancy and office establishment in Statement II do not correspond with those in Statement II B. Explanation should be given of these discrepancies and of the nature of

of the "sea dea" for which Rs203-8-0 are allotted under Grant V in Statement II B.

The sum of Rs500, appears to have been entered by mistake for "Training schools" instead of for "Results grants". No provision is made for "Contributions to Local Funds for Educational Inspectorate". If Rs110 from the allotment for Results Grants be transferred to this head the aggregate contributions from the Municipalities will amount to Rs1080 the sum entered in the Vizagapatam Local Fund budget.

The increase under House tax and Tax on Professions &c appears to be partly owing to outstandings arrears and partly to the being anticipated that it will not be necessary to make so many remissions as have been made of late years on account of the badness of the seasons.

The sum of Rs 20 shown as absurdly small allotment for lighting. ~~Explanation should be given of the necessity of framing the allotment for expenses from Robes in 1872-73 to Rs 1050 in 1873-74 and of the reason~~ [illegible] by the establishment under Grant V is shown at Rs 900 in Statement V. and at Rs 1050 in statement ~~F~~ B.

Subject to the above remarks the budget of

The

of the four Municipalities are published and the usual Notifications authorizing the levy of taxes will be published in the Fort St. George Gazette.

The Professions that must be dispensed with in preparing the budgets for 1874-75 and it is desired that this may be done as far as possible by a reduction in the expenditure rather than by an increase in the rates of the other taxes. In Vizagapatam the

The budgets must in future be submitted with a covering letter explaining in detail the causes of any variations from the estimates of the preceding year.

J. H.

I think so too. We also have heavily taxed traffic is taxed by tolls - the first one should be remitted as soon as circumstances permit.

J. D.

I think that in all these

Municipalities, except Vizagapatam the order does not affect the Professions that is it covers, [illegible] as far as may be possible by a reduction in the expenditure rather than by an increase in the rates of the other taxes. In Vizagapatam, if it is found necessary to dispense with [illegible] they should not be levied in Municipalities.

Just that we shew how large a proportion of their revenue is derived from this tax.

the tax are nearly 40 pct. of the whole revenue, is exceptional, and we treat it exceptionally. We hear better I attach inferior Rd. that we have provided for better distribution of the tax for next year in Immovable property & only taken effect as to the but means of providing a substitute at Voyage. Respecting, we might, with special care, get rid of the tax more gradually. But the income-tax seems to yield a very small sum: and is in principle a good tax for municipal purposes.
