2. The estimates should not have been forwarded without a covering letter explaining the variations from the estimates of the preceding year. The grant of Rupees 600 towards the pay of Native-Surgeon Baloo Moodelliar has been sanctioned in G. O., dated 24th March 1873, No. 395. The Government observe that, though the rates of assessment remain the same, the estimated current demand under House-tax and Profession-tax amounts to Rupees 6,400 and Rupees 1,800, respectively, against Rupees 4,800 and Rupees 1,000 in 1872-73. The increase under Contributions from Local Funds is on account of the dispensary, the amount having been fixed at Rupees 1,500 by mutual agreement.

3. The principal increase in the proposed charges is on account of dispensaries and lighting—two objects of municipal expenditure which meet with the full approval of Government. The allotment for education is also satisfactory. In Statements I. and II. the totals should have been shown in column 2, and column 3 filled up with the probable actuals for 1872-73. The Profession-tax must be dispensed with in preparing the Budget for 1874-75, and the Government desire that this may be done, as far as possible, by reducing the expenditure, rather than by proposals for an increase of other taxation.

The Estimate should not have been forwarded without a covering letter explaining the variations from the estimate of the preceding year. The grant of Rupees 600 towards the pay of Native Surgeon Baloo Moodeliar has been sanctioned in G.O. dated

24th

The charge for "hospitals" is 4/5?

Hospitals & conservancy are the objects of this Municipality

24th March 1873 R. 397. The Government observe that though the rates of assessment remain the same the Estimated current demand under House Tax and Profession tax amounts to Rupees 6,400 and Rs. 1800 respectively against Rs. 4,800 and Rupees 1000 in 1872-73. The increase under Contributions from Local Funds is on account of the Dispensary the amount having been fixed at Rupees 1500 by mutual agreement.

The principal increase in the proposed charges is on account of Dispensaries and Lighting — two objects of Municipal expenditure which meet with the full approval of Government. The

allotment

allotment for Education is also satisfactory. In Statements I & II the totals should have been shown in Column 2 and Column 3 filled up with the ~~corrected~~ probable actuals ~~being entered in the same~~ ~~Estimated budget~~ for 1874-75.

The profession tax must be dispensed with in preparing the Budget for 1874-75 and the Government desire that this may be done as far as possible by reducing the Expenditure rather than by proposals for an increase of other taxation.
