No. 31. From A. MACGREGOR, Esq., President of the Municipal Commission, Cochin, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Calicut, 14th January 1873, No. 39 :—

I have the honour to forward a letter, received from the Vice-President of the Cochin Municipality, urging that an additional Hospital Assistant should be attached to the dispensary there without charge to the Municipality.

2. He points out that, while the salary of the single Assistant now entertained is disbursed by the Municipality, his services are utilized for the District Jail, Police Hospital, and for attendance on subordinates in the various Government Establishments, such work intervening with hospital duties already sufficiently onerous.

3. I trust that the desired addition may be made to the staff. It is, however, but fair to remark that a sum of Rupees 520 is contributed by Government towards the institution.

4. As an outbreak of small-pox threatens early orders are solicited.

From A. SPITTELER, Esq., Vice-President of the Municipal Commission, Cochin, to A. MACGREGOR, Esq., President of the Municipal Commission, Cochin, dated Cochin, 11th January 1873, No. 100.

I am directed by the Municipal Commissioners to request you will be good enough to represent to Government the necessity of providing further medical subordinates for this Municipality.

2. The only medical officers in the place at present are the Civil Surgeon and the Hospital Assistant attached to the dispensary. Formerly there were as many as three Hospital Assistants attached to this institution, then maintained by Government, whose duty it was to attend at the Police Hospital, the Jail, and on the several officers under Government who are not entitled to visits from the Civil Surgeon. At present the only Dresser here, who is paid out of the municipal funds, has more than enough work at the dispensary, and the various Government Offices enumerated below are without subordinate medical assistance :—

1. Principal Sadr Amin's Court.
2. Taluq Cutcherry.
3. Amshom Cutcherry.
4. Police.
5. Master Attendant's Office.
6. Sea Customs Department.
7. Telegraph Office.
8. Post Office.
9. Public Works Department.
10. Jail.

3. The Commissioners, therefore, would suggest that at least one more Dresser be attached to the dispensary to attend on the officials referred to, and also to assist the present Dresser in his onerous duties.

4. Should any epidemic break out, the best endeavours of the Civil Surgeon would be quite inadequate to relieve all the sick with only one Dresser at his disposal.

5. The dispensary being at present maintained by this Municipality, at the special wish of Government, the Commissioners hope that it will be possible to arrange so that no additional charge may fall on the tax-payers.

6. Several cases of small-pox having been reported during the last week, and the disease apparently taking the form of an epidemic, I have the honour to request you will be good enough to give this letter your early attention.
