Not to be folded or roughly handled

Read the following papers :—

No. 56. From Inspector-General E. G. BALFOUR, Inspector-General of Hospitals, Indian Medical Department, to the Hon. R. S. ELLIS, C.B., Chief Secretary to Government, Fort St George, dated Fort St. George, 5th June 1872, No. 181.

As the water-pipes are nearly all laid down, His Excellency the Governor in Council may perhaps deem that the time has come for the Municipality to consider the terms on which the larger medical institutions may be supplied with water.

Lunatic Asylum.
General Hospital.
Lying-in Hospital.
Native Infirmary and Leper Hospital.
Vepery Women and Children's Hospital.

Referred to the President of the Municipal Commissioners, who is requested to report at what rate it is proposed to supply water to separate buildings.

(Signed) R. S. ELLIS,
Chief Secretary.

No. 57. From J. C. LOCH, Esq., President of the Municipal Commission, Madras, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 15th May 1873, No. 242.

I have the honour, with reference to the endorsement on letter, No. 181, dated 5th January 1872, from the Inspector-General, Indian Medical Department, calling on the Municipality to report at what rate it is proposed to supply water to separate buildings, to inform you that the Commissioners have decided that water to large consumers shall be supplied, for the present, at the rate of 2 Annas per 1000 gallons. Estimates for laying down house-services to most of the institutions mentioned by Dr. Balfour have been forwarded to him.

2. I beg to explain that the delay which has taken place in furnishing this information has been due to the expectation that some change in price would have been made at the commencement of the present official year.

3. The Commissioners, however, deemed it advisable to leave it unchanged until they had more information before them than they now have in regard to the quantity likely to be taken by the public at the present rate.

No. 58. ORDER THEREON, 6th June 1873, No. 795.

Communicated to the Inspector-General, Indian Medical Department, who will submit, for sanction, the estimates referred to in Mr. Loch's letter, dated the 15th May 1873, No. 242.
