Proceedings of the Madras Government, Financial Department,
11th June 1873.

No. 91. Read the following Proceedings of the Board of Revenue, dated 30th May 1873, No. 903:—

Read the following letter from W. McQUHAE, Esq., Acting President of the Local-Fund Boards, Madura, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Periacolem, 26th April 1873, No. 38:—

THE Local-Fund Board, Madura Circle, having, at a meeting held on the 21st April (in Resolution, No. XIII.), passed the three estimates noted in the margin, amounting to Rupees 9,025, I have the honour to submit, for sanction, the first two estimates, and to request that the sum may be placed to the credit of the Public Works Department from the Road Fund Reserve of the current year. A copy of their resolution on the subject, is herewith submitted.

	RS.
1. Repairing a portion of road from Madura to Trichinopoly	7,000
2. Widening 5 tunnels on Road No. 14	1,500
3. Widening 4 tunnels on Road No. 13	525
	9,025

2. The estimate for Rupees 1,500, for widening five tunnels, seems urgently required, as these tunnels are inconveniently narrow and awkwardly turned towards the road.

3. In regard to the estimate for Rupees 7,000, for repairing a portion of the road from Madura to Trichinopoly, the District Engineer reports that part of the road has been seriously damaged by the late heavy rains, the old surface of the road having been worn to a mere crust, and states that the maintenance allowance is simply thrown away on patching the uneven surface. The road was constructed about twenty years ago.

ENCLOSURE No. 1.—Extract from Proceedings of Local Fund Board.

ENCLOSURES Nos. 2 and 3.—Estimates.

THE estimate for repairing the bad portions of Trunk Road No. 2 (from Madura to Trichinopoly), at a cost of Rupees 7,000, will be submitted for the sanction of Government.

2. The direction of Roads Nos. 13 and 14 should have been stated. The Board find that No. 13 is the road from Tirupavanam to Ramnad; that No. 14 is the road from Madura to Aroopoocattoh; and that both are new works with large sanctioned estimates, a considerable portion of which still remains to be worked out. The President will explain why, under these circumstances, new estimates are prepared for widening tunnels on the roads.

Secretary.
