No. 120. ORDER THEREON, 14th June 1873, No. 841.

It appears from the abstract embodied in the foregoing Proceedings of the Board of Revenue that the probable balance on the 1st April 1873, under the several heads forming the Special Funds, was Rupees 9,95,900, and that the estimated income in 1873-74 will be Rupees 24,33,260, which, added to the balance, raises the sum available for expenditure during the year to Rupees 34,29,160. Out of this sum it is estimated that Rupees 24,03,270 will be expended during the year, leaving a balance of Rupees 10,25,890.

2. The expenditure proposed to be incurred in 1873-74 falls short of the actuals* in 1871-72 by Rupees 2,13,554. This falling off is caused by a small portion only of the charges under the head of "Endowment Fund" being shown in the abstract, while in the actuals for 1871-72, which are obtained from the accounts rendered by the Accountant-General, the gross expenditure is included.

3. The closing balance under "Jungle Conservancy Fund" is estimated at Rupees 1,49,180, resulting from an estimated expenditure of Rupees 2,46,980 out of a total estimated receipt and opening balance of Rupees 3,96,160. The Board of Revenue will impress on the Collectors of the marginally-noted districts the necessity of their at once devising measures for employing the balances at credit of their respective districts on the improvements for effecting which the fund was designed. The measures proposed will be reported for the information of Government.

	Balance. Rs.

South Arcot	17,620
Tanjore	9,530
Trichinopoly	6,680
Madura	4,950
Tinnevelly	8,100

4. The largest balances under "Cattle Pound Fund" are in the districts of—

	Rs.
Godavery	5,030
Nellore	6,300
Kurnool	8,000
Madura	14,580

The Collector of Madura will report whether the balance in his district, if not required on account of pounds, cannot be utilized either in connexion with "Local Funds," or "Experimental Farms."

5. Under "Nanal Grass Fund" there is a balance of Rupees 5,290 in the Trichinopoly District, and of Rupees 2,000 in the Kistna District. In Trichinopoly it is not proposed to spend any money during 1873-74. The Collector will afford explanation on this point. The Collector of the Kistna District will state whether the grass and reed plantations in that district could not be extended.

6. The large balances of Rupees 5,97,600 and of Rupees 1,04,200, under "Village Service Fund," occur in the Kurnool and Godavery Districts. The Government have before them the proposals of the Collector of Kurnool, submitted through the Board of Revenue, for employing much of the surplus income and a considerable amount of the accumulated assets, and separate orders will be passed on the subject in the Revenue Department. The Collector of the Godavery District will, in communication with the Inspector-General of Police, submit his proposals through the Board of Revenue for utilizing the surplus income in his district.

7. The Bungalow and Irrigation Cess Funds call for no remark.

8. The estimate of charges for Cochrane's and Sadras Canal amounts to Rupees 60,300, the full amount of the anticipated receipts. The cost of supervision by the Public-Works Department is entered in the estimate at ten per cent.; but, according to the data obtained from the working of the Local-Fund Circles, the percentage should be ~~26·0342~~. The estimate includes also a sum of Rupees 11,700, as payment of half-yearly instalment towards the liquidation of loan. The whole amount (Rupees 39,982) due on account of the loan has, under the orders of Government in the Public-Works Department dated the 28th January 1873, No. 274, been refunded, and no further charge on that account will arise. The item of Rupees 11,700 will be struck out of the estimate, and the difference between ten and twenty-five per cent. on account of Public-Works Supervision will be added. The estimate will then stand as follows:—

	Rs.
Original Works...	7,790
Repairs	31,070
Cost of Public-Works Supervision	9,715
Establishment and Contingencies	5,850
	54,425
Balance ...	5,875
Total ...	60,300

It is, however, observed that the item Establishment and Contingencies includes Rupees 2,500 on account of the "Moiety of the cost of the East Coast Canal Range Establishment."

9. The Government are doubtful as to the admissibility of this charge in addition to the percentage on expenditure on account of Public-Works Supervision, and request the Board to explain how it originated.

10. Under Canal and Ferry Fund there is a balance of Rupees 49,050. The Collectors of the Kistna, Godavery, and Tanjore Districts will be called upon to report whether the money cannot be usefully employed upon canal and ferry improvements during the current year.

11. With these remarks the Governor in Council passes the "Special Funds" Estimates under the Board of Revenue for 1873-74, viz. :—

Funds.	Receipt.	Estimated charges for 1873-74.	Balance.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following ~~letter~~ Proceedings

of the Board of Revenue,

dated, 24th March 1873.

Order thereon ~~Postponed~~

14 June 73. No. 841.

It appears from

the abstract embodied in

the foregoing Proceedings

of the Board of Revenue,

that the probable balance

on the 1st April 1873 under

the several heads forming

the Special Funds, was

Rupees 9,95,902, and that

the estimated income in

1873-74 will be Rs. 24,33,260,

which, added to the balance,

raises

raises the sum available for expenditure during the year to Rupees 34,29,160.

Deduct

From this sum, it is estimated that Rs 24,03,270 will be expended during the year, leaving a balance of Rupees 10,25,890.

2. The expenditure proposed to be incurred in 1873-74 falls short of the actuals in 1871-72 by Rupees 2,13,554. This falling off is caused by a small portion only of the charges under the head of the "Endowment Fund," being shown in the abstract, while in the actuals for 1871-72 which are obtained from the

Nellore	31,770

Tanjore	9,530
Trichinopoly	6,180
Madura	4,950
Tinnevelly	8,100
Coimbatore	1,800
Salem	25,000

the accounts rendered by the Accountant General, the gross expenditure is included.

3. The balance under "Jungle Conservancy Fund" estimated at is Rupees 1,49,180. The ~~same derived from this source should, as far as practicable, be spent during the year.~~ The Governor in Council desires therefore that the Board of Revenue will impress on the Collectors of the marginally noted Districts, the urgency of at once devising measures for ~~employing~~ the balance ~~in excess of~~ standing against their respective Districts on the understanding ~~that no further allotment will be made~~ in

for supplying the Ryots designed
~~in improving existing ones.~~

The measures proposed will be reported for the information of Government.

4. The largest balances under "Cattle Pound Fund" are in the Districts of

Godavery	Rupees 5,030
Nellore	6,300
Kurnool	8,000
Madura	14,580

The Collectors of these Districts will be requested to report whether the money in his District if not required on account of Pounds, cannot be utilized either in connection with "Local Funds" or experimental farms.

It is why will nothing in hindrance I could extract the Report by 1st Instant

5. Under "Naval grass Fund," there is a balance of Rupees 5,290 in the Trichinopoly District, and of Rupees 2,000 in the Kistna District. In Trichinopoly it is not proposed to spend any money during 1873-74. The Collector will afford explanation on this point. The Collector of the Kistna District will state whether the grass and reed plantations in that district could not be extended.

It appears that the proposed rate of 1/3 per cent is small & matter needs no remark. There can be no objection employing a balance - Rs 11, in increasing subscription.

6. The large balances of Rupees 5,97,600 and of Rupees 1,04,200, under "Village Service Fund," occur in the Kurnool and Godavery Districts. The Government have before them the proposals of the Collector of Kurnool which have been submitted by the Board
