Enclosure No. 1.

From R. E. NORFOR, Esq., Officiating District Engineer, to H. E. SULLIVAN, Esq., President of the Local Fund Boards, South Arcot, dated Cuddalore, 14th December 1872, No. 15.

I have the honour to forward, for the approval of the Local Board, and for submission in due course for the sanction of Government, an estimate of Rupees 18,550, for remetalling sixteen miles of the road from Tindevanum to Pondicherry *via* Mylum between the 87th and 102nd miles inclusive, that is the portion in the Cuddalore Range.

2. The necessity for the proposed work is fully entered into in the accompanying copy of the Range Officer's letter, and I consider it absolutely necessary to include the work in the ensuing year's budget, or to provide funds for the same from that year's reserve, if the budget has been already closed.

Enclosure No. 4.—Extract from Proceedings of Local Fund Board.

From H. E. SULLIVAN, Esq., President of the Local Fund Boards, South Arcot, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cuddalore, 23rd April 1873, No. 112.

With reference to paragraph No. 17 of the Board's Proceedings, dated 26th ultimo, No. 462, I have the honour to state that in my letter, No. 4, therein quoted, I suggested that Rupees 6,000 might be entered in the budget for the work in question, and the amount be met by a transfer of Rupees 4,500, Item No. 3 of New Works, and of Rupees 1,500 from the Reserve.

2. The necessity for remetalling this road has again been urged by the District Engineer in his letter (copy enclosed), No. 99, dated 19th March 1873, in which he asks for the whole amount of the estimate to be expended in the current official year. This communication was laid before the Cuddalore Local Fund Board at their last meeting, and they have passed the following resolution on the subject:—

"Read letter, No. 99, dated 19th March 1873, from the District Engineer, requesting that the full amount of the estimate submitted by him for remetalling 16 miles of the road from Tindevanum to Pondicherry, that is the portion in the Cuddalore Range, may be sanctioned for expenditure in 1873-74.

"4. Resolved that the letter be left for future consideration, as there are no funds available at present; and the District Engineer is requested to restrict his expenditure to the 6,000 Rupees sanctioned on account of this estimate in Board's Resolution, No. 11, dated 20th December 1872."

3. Under these circumstances, I request that the Government may be moved to have this work entered in the budget now before them, in lieu of the said Item No. 3, and to provide Rupees 6,000 for the same in the manner mentioned above.

ENCLOSURE No. 1.—Copy of letter from the District Engineer, South Arcot, to President of the Local Fund Board, Cuddalore, dated 19th March 1873, No. 99.

THE estimate, amounting to Rupees 18,550, for remetalling sixteen miles of the Great Southern Trunk Road between the 87th and the 102nd mile (the portion between Pondicherry and Tindevanum *via* Mylum), is submitted for the sanction of Government.

2. The estimate comprises the following items:—

| | Rs. |
|---|---|
| 1. Gravelling ... ... ... ... ... ... | 13,764 |
| 2. Spreading ... ... ... ... ... ... | 4,262 |
| 3. Superintendence and Sundries... ... | 524 |
| Total ... | 18,550 |

3. It is reported that, at present, there is hardly any gravel on the road, and that on the occasion of the Public Works Range Officer's inspection of it, which was in the beginning of December last after the heavy rains, it presented the appearance of a ploughed field. The road cannot be put in order from the annual maintenance grant of Rupees 2,400, which will not be required for this year if the present estimate is sanctioned.

4. The Board have not been able to provide for the work in the current year's budget, as will be seen from paragraph 17 of their Proceedings dated 26th March 1873, No. 462.

5. The President will now point out a source whence funds for the work can be provided having due regard for the incomplete works of the past year.
