No. 97. Read the following Proceedings of the Board of Revenue, dated 6th January 1873, No. 25 (Miscellaneous):—

Read the following letter from the President of the Local Fund Board, Canara Circle, to the Secretary to the Board of Revenue, dated Mangalore, 22nd November 1872, No. 529:—

At the desire of the Superintending Engineer, 7th Division, I have the honour to request that sanction may be accorded to the following transfers from Road Fund allotments for the current official year (1872-73):—

	From	RS.	*To*	RS.
Item No. 10, Part II.	Road No. 17 from Someshwar, at the foot of the Agoomty Ghaut, to Kalladi, Wondse, Kolloor, and Jakshunpore Stream	1,000	(1.) Minor bridges between the Mysore Frontier and the head of the Kolloor Ghaut on Road No. 17 ...	500
			(2.) Repair of Road No. 13 from Karkal to Hiriadka	500
			Total ...	1,000

2. Road No. 17, from which the transfer is desired, has a maintenance grant of Rupees 6,270, the whole of which, the Range Officer reports, is not required for the repair of the road in question, a portion of it between Someshwar and Kalladi being in such good condition that, with the limited traffic on the line, it will not require repairs until the next year's allotments are available. A sum of Rupees 1,000 can, therefore, be spared as suggested.

3. In G. O., dated the 3rd November 1868, No. 3444, Public Works Department, the Government sanctioned an estimate, amounting to Rupees 9,590, for the construction of minor bridges on a portion of the above line between the Mysore Frontier and the head of the Kolloor Ghaut. For want of funds this work has never been taken in hand. The Assistant Engineer in charge of the Range now reports that two of the above bridges being particularly required to span streams which might prove a bar to traffic, he has, in anticipation of sanction, and without the previous consent also of the Local Fund Board, even ordered a sum of Rupees 500 out of the maintenance grant to be expended in the collection of materials for them, so as to admit of the bridges being commenced next year. This involves a transfer of funds from one of the major heads in the Road Fund Budget to another, and requires the sanction of Government under Rule XXX., Clause 11, which I request may be obtained. No allotment has been made for this work in the budget of the ensuing official year, submitted to the Board with my letter dated the 21st October 1872, No. 462; but measures will be taken to provide the necessary funds when submitting proposals for the utilization of the next year's reserve and the unexpended balance of the current year.

4. The remaining 500 Rupees, the Range Officer reports, may be advantageously transferred to the Karkal and Hiriadka Road, on which considerable traffic to and from the coast exists even during the monsoon, and much of which consequently requires barrelling and metalling besides a number of stone drains, for the construction of some of which materials have already, without sanction, been collected. The road has a maintenance allowance of Rupees 50 a mile, which, he reports, is barely

sufficient for keeping it from deterioration. I beg, therefore, to recommend that the proposed transfer may be sanctioned.

The sanction of Government is solicited, as the proposal contained in the foregoing letter involves a transfer of funds from the allotment for a repair work to both new and repair works.

Nos. 97-98.

Sanctioning the transfer of certain sums from Road Fund allotments in the Canara Circle for the current official year.

MISCELLANEOUS No. 25 REVENUE DEPARTMENT.

54

PROCEEDINGS OF THE BOARD OF REVENUE.

Dated 6th January 1873.

Read the following

No. 529.

From A. S. Thomas Esqre
President of the Local Fund Board
Canara Circle.

To J. Grose Esqre
Secretary to the Board of Revenue
Madras.

Sir,

At the desire of the Superintending Engineer, 1st Division, I have the honor to request that sanction may be accorded to the following transfers from Road Fund allotments for the current official year (1872-73).

From.		To.	
Item No 10 Part II	Road No 17 from Someshwar at the foot of the Agoomby Ghaut to Kalade Wondse, Kollore and Jakshempore Stream ——— Rs. 1000	(1)	Minor bridges between the Mysore frontier and the head of the Kollore ghaut on Road No 17 ——— 500
		(2)	Repairs of Road No 13 from Karkal to Hirie do ——— 500
			1000

2. Road No 17 from which the transfer is desired has a maintenance grant of Rs. 6,270, the whole of which the Range Officer reports is not required for the repair of the road in question, a portion

portion of it between Somesheivar and Kalladi being in such good condition that with the limited traffic on the line it will not require repairs until the next year's allotments are available. A sum of Rs. 1000 can therefore be spared as suggested

3. In Government Order dated the 3rd November 1868 No. 3144 P.W.D. the Government Sanctioned an Estimate amounting to Rs. 9,590 for the construction of minor bridges on a portion of the above line between the Mysore frontier and the head of the Colair Shanti. For want of funds this work has never been taken in hand. The Assistant Engineer in charge of the Range now reports that two of the above bridges being particularly required to span streams which might prove a bar to traffic, he has in anticipation of sanction and without the previous Consent also of the Local Fund Board Even ordered a sum of Rs. 500 out of the maintenance grant to be expended in the collection of materials for them so as to admit of the bridges being commenced next year. This involves a transfer of funds from one of the Major heads in the Road Fund Budget to another, and requires the Sanction of Government under Rule XXX, cl. II, which I request may be obtained.

No allotment has been made for this work in the budget of the Ensuing official year submitted to the Board with my letter dated the 21st October 1872 No. 462, but measures will be taken to provide the necessary funds when submitting proposals for the utilization of the next years reserve and the unexpended balance of the current year.

4. The remaining 500 Rs. the Range officer reports, may be advantageously transferred to the Karkal and Hirgadka road on which considerable traffic to and from the Coast Exists Even during the monsoon, and much of which Consequently requires barrelling and

and metalling besides a number of stone drains for the construction of some of which materials have already, without Sanction, been collected. The Road has a maintenance allowance of Rs: 50 a mile which he reports is barely sufficient for keeping it from deterioration. He therefore recommends that the proposed transfer may be sanctioned.

President's Office
Mangalore
22nd November 1872

I have &c.
(Sd) H. S. Thomas.
President

The Sanction of Government is solicited, as the proposal contained in the foregoing letter involves a transfer of funds from the allotment for Repair Work to the New and Repair Works.
