Proceedings of the Madras Government, Financial Department, 9th July 1873.

No. 60. Read the following letter from H. J. S. COTTON, Esq., Officiating Under Secretary to the Government of Bengal, Revenue Department, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Calcutta, 6th June 1873, No. 1470 :—

Miscellaneous—Revenue Stamps.

A supply of 1816 lbs. of Printing Ink labelled for "Stamp Department" and marked "Stamping Ink," at a total cost of Rupees 2,500, or a little more than Rupees 1-6-0 per lb., has been recently received from England under indent by the Superintendent of Stamps and Stationery at Calcutta. It has turned out, however, that the ink is not of a consistency to suit the printing of bi-color stamps or any kind of printing; but that it is well-adapted, and in fact intended, for stamping post letters, packets, railway tickets, &c. Under these circumstances it has been decided to dispose of this ink, or to return it to London; but before adopting the latter alternative, I am directed to request that, with the permission of His Excellency the Governor of Madras, you will be so good as to favour me with a reply whether your Government will require stamping ink of this description; and if so, what quantity.

No. 61. ORDER THEREON, 9th July 1873, No. 960.

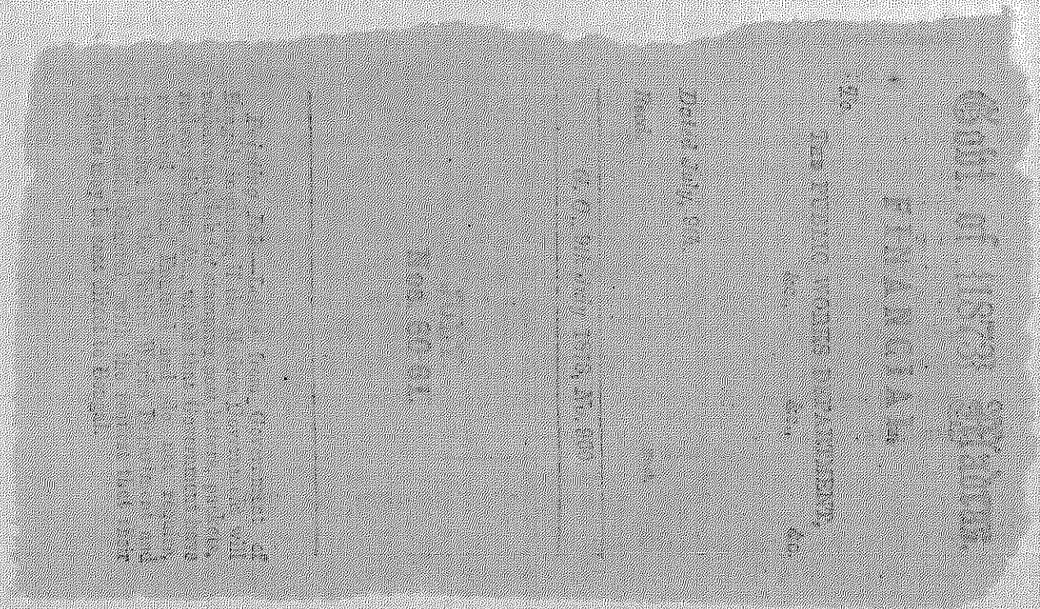

Communicated to the Department of Public Works and Postmaster-General, with the request that the replies may be sent direct to the Government of Bengal.
