Proceedings of the Madras Government, Financial Department,
23rd June 1874.

No. 186. Read the following letter from J. G. COLEMAN, Esq., Officiating President of the Municipal Commission, Madras, to the Honourable D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 16th June 1874, No. 136-872 E :—

I have the honour to bring to the notice of Government that, on receipt of G.O., No. 1108, dated 4th February 1873, a pipe drain was at once laid to conduct the waste produce of the Government Arrack Distillery into the municipal main drain opposite the Place-of-arms of the Royapoorum regiment. The drain acted satisfactorily for a time and then got choaked with the bark and other solid substances that were discharged into it with the spent wort from the stills.

2. The pipes have, therefore, been taken up and relaid, and the mouth of the drain protected by a screen ; but, before it is again used, I have the honour to request that the District Engineer, Presidency Division, may be directed to take charge of it on behalf of Government.

No. 187. ORDER THEREON, 23rd June 1874, No. 1048.

It is not clear from what is stated by the Officiating President whether the drain quite answers the purpose for which a grant of Rupees 1,650-10-1 was made in G.O., dated the 17th April 1873, No. 498.

2. The District Engineer will be requested, in the Public Works Department, to report on the work before he takes over charge.
