No. 262. Read the following Proceedings of the Board of Revenue, dated 19th June 1874, No. 1502:—

Read the following letter from R. DURMA RAO, Deputy Collector, General Duties, to R. DAVIDSON, Esq., Collector of Ganjam, dated Chicacole, 7th May 1874, No. 138:—

With reference to the Standing Circular of the Board of Revenue, No. 85, dated 16th November 1865, I have the honour to submit my annual report on the salt approaches in this district.

2. The heavy rains in September and October last damaged the approach to platform No. 3 at Ganjam. The gravel thereon was washed away, and the road breached in the centre. The place where it breached appearing to be low and liable to be flooded, an Irish bridge has since been constructed there and the road gravelled and repaired. Road leading to platform No. 2 is in repair while that of No. 1 was in want of a slight repair which was executed. The rains had also damaged the Itchapore and Nowpada roads which were repaired. The salt traffic at Vamaravilli was very heavy in the year under report. The wear and tear of the approaches was greater than anywhere else, besides there were heavy rains in the beginning of December. The weather was almost stormy for some days. The gully approaches, three in number, were therefore greatly damaged, but they have since been well repaired.
