No. 130. Read the following Proceedings of the Board of Revenue, dated 25th June 1874, No. 4265 (Miscellaneous):—

Read the following letter from H. S. THOMAS, Esq., President of the Local Fund Board, Canara Circle, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Mangalore, 2nd June 1874, No. 447:—

I have the honor to submit, for the orders of the Board of Revenue and Government, an extract from the Proceedings of the Local Fund Board of this Circle, dated the 1st instant, resolving, with reference to G. O., Financial Department, No. 631, of 12th May 1873, that Government be asked to approve provisionally of their passing to the Civil Surgeon, when inspecting their Dispensaries once a year, the mileage allowance, batta, and inspection fees, as suggested by Dr. Balfour in paragraph 16 of his letter embodied in the above Government Order.

2. The Civil Surgeon has kindly consented to undertake the work, and it is desirable that the work of the Medical Officers in charge of the Local Fund Board's Dispensaries should be supervised by the Civil Surgeon.

3. There being a Military Surgeon in Mangalore, the Civil Surgeon will probably have no difficulty in arranging for the discharge of his professional duties during the short periods of four or five days during which he is likely to be absent on inspection.

EXTRACT from the Proceedings of the Local Fund Board, Canara Circle, dated 1st June 1874.

Admiralty, Secretary's Office.
Medical Department.
Sir,
I am directed by the Lords Commissioners of the Admiralty to transmit herewith, for the information of the Board of Works, a copy of a letter from the Inspector General of Hospitals and Fleets, dated the 11th instant, No. 1157, suggesting that periodical professional inspection of dispensaries is indispensable for their well-working, and that the existing inspecting agency is insufficient for the work to be performed, and that the Government is not competent to increase it.
I am, Sir,
Your obedient Servant,
W. Burnett

Admiralty 11th July 1874 No. 1157.

Order

The proposal of the Local Fund Board is sanctioned subject to their also agreeing to pay any allowance which it may be necessary to make to the Civil Surgeons become temporarily vacant of their duties without its being necessary to depute an officer from another station.

9/7

---

4 For Orders

In S.O. 3/12 May 1873 No 631 it was stated that the Lords agree with the Inspector General of Hospitals in opinion that there are insuperable objections in the way of employing Fillah Surgeons in the inspection of outlying dispensaries in the Local Fund Circles, — and in S.O. 3/29 Feby 1873 it was directed that the subject should be over for the present — It being evident that periodical professional inspection of dispensaries is ~~insufficient~~ indispensable for their well-working, that the existing inspecting Agency is insufficient for the work to be performed and that the Government is not competent to increase it.

In the meantime the Local Surgeons General

61

are doing their best to inspect all institutions but the ranges are so large that their inspections are but few and far between and the Canara Local Fund Board ask permission to have their dispensaries inspected once a year by the Jillah Surgeon - as a temporary measure. - the Board agreeing to pay the allowances and fees ~~charges~~ recommended in para 16 of Dr Balfour's letter ~~of~~ embodied with G.O. 5/12th May 1873 No 631 - as there is a Regimental Surgeon also resident in Mangalore the Local Board think that there would probably be no difficulty in arranging for the performance of the Civil Surgeons duties during his absence

It is submitted that

The Board to Govt
Govt Genl & Md Dept
All Presidencies & Agencies

1873

the proposal may be sanctioned subject to the Local Board agreeing also to pay any allowance which it may be necessary to make to the Civil Surgeons become Coroners the Surgeon-General being asked to report what that allowance will be if any.

The papers seem to show that there are great objections to ~~to~~ being made a general rule that the services of Civil Surgeons shall be made available for such purposes. Three objections are

1) The difficulty of relieving twenty five Jillah Surgeons
2) The possibility of a Jillah Surgeon not being a good inspecting officer

The first objection seems reduced to a minimum in this instance by the presence of another Medical Commissioned officer on the spot.

The second is only a com-

paratus objection - Inspection
of a Gillah surgeon taken at
random may not be so
good as inspection of a Deputy-
Surgeon General as recommended
by Dr. Balfour, but he is doubtless
at a certain stage qualified
for the work and his inspection
will surely be better than none,
and as things are at present
out-lying Local Fund Dispensaries
run a risk of falling into
very bad condition ~~while~~ as it appears that
the ~~Local~~ question of increasing
the number of Deputy Surgeons
General for the Presidency
cannot be settled for this Govt.

If this application is granted
in the case of Manjakuras might
not the precedent be
followed elsewhere
and the marginally
noted Civil Surgeons
made available for
inspection duty on
the Local Fund Boards providing
the necessary funds. There seems
no reason moreover why the Trichinopoly
Civil Surgeon (for instance)
should not inspect
the out-lying
institutions in the districts of
Tanjore and Madura as well as in
Trichinopoly if the Civil Surgeons of the
districts cannot be made available for

Commandant
Trichinopoly
Dindigul
Vizagapatam
Vellore
Tinnevelly

Note
Tinnevelly is included in the
marginal list as it is presumed
that one man could easily
be in charge of both Palamcottah
and Tinnevelly for a week or so.

I would send
them the order
I leave them
avail them selves
it if they see
fit
