Read again G. O., dated 27th January 1874, No. 139.

In the case of Municipalities the Government resolve to defer dealing with the lists submitted in reply to G. O., dated 27th January 1874, No. 139, and to call on all Presidents of Municipalities to report how far, in their opinion, it would be advisable to introduce the provisions for the election of Commissioners by the rate-payers contained in Section 9 of the Towns' Improvement Act.

2. In the case of Local Fund Boards no re-appointments will be notified in the *Gazette* of existing members whose term of three years has not yet expired. On the expiry of any member's term of service, the President should report to Government whether he would recommend his re-appointment or the appointment of a new member.

Fund Board of Queenscliffe held on the 17th Instant to discuss and submit a scheme for native female education, there were only 4 members present, and not a single native nor official member attended the meeting. Native members who were on the Board last year, and whose names have been excluded from the new lists, have ceased to attend Board Meetings; and consequently when important subjects like the above affecting the native community are discussed there is no one on the Boards to represent the opinions of the native populations.

Memorandum No 1

Under the Municipal and Local Fund Acts, appointments on the Boards hold for three years, or until successors have been appointed. Three years having elapsed since the original appointments were made, lists for re-appointments were called for.

In the majority of cases the lists merely contain the names of existing members for re-appointment and the only advantage gained is a correction of the register and an opportunity of observing that the proportion of official to non-official members has

has not been infringed.

The accompanying proof has been prepared by the Local Fund Assistant, Rungia Chari, and is submitted for approval. In the case of existing members appointed subsequent to the publication of the original list and whose term of three years has consequently not yet expired, it has been considered that no harm will result from re-gazetting them, while uniformity is gained.

A few cases seem to call for Orders. These are

pt South Arcot.

Cuddalore Circle

The President omits the

If fail to see the object of the Government Appointments made only for 3 years & can not be cancelled by order of new appt. The duty does not therefore appear to conform with the Law

Non-official Members of Municipal Councils are appointed for 3 years & can not be cancelled by order of new appointment. This duty does not therefore appear to conform with the Law

26/6

Should the objection to the proposed re-gazetting be held to exist it is a subject which appears to call for some discussion and should be argued on a small scale - tentatively - as soon as possible

the names of the Taluk Surgeon and the Inspector of Schools, as neither have attended more than one meeting in upwards of thirty.

It is submitted that both should be members of the Board, and that the Taluk Surgeon should be directed to attend the meetings. Inspectors of Schools are travelling officers with large ranges and may not be able to attend often at every Board in their range, but the appointments were originally made on the recommendation of the Director of Public Instruction.

It is submitted however that separate Orders on the point may be passed, and the list, as recommended by the Collector

Yes. Papers as follow drawing Provisionals

Collector, published for the present as the inclusion of these officers would necessitate the appointment of two additional non-official members to prevent infringement of the legal proportion of official members. It appears that the Board as at present constituted is illegal, there being twelve official and ten non-official members.

Virdachellum Circle

The above remarks apply to the exclusion of the Inspector of Schools. The name of the Reverend Mr. Wolff is excluded as he has only attended four meetings out of thirty. It is submitted that the exclusion may be accepted.

Exclusions

Exclusions on similar grounds have been accepted generally in the preparation of the list. It is requested that it may be stated if this course is approved.

Ellore and Cocanada

Owing to re-distribution of circles, the Boards, as at present constituted have only been in existence for about a year and a half, hence re-appointment is not necessary; but there is a convenience in having them all together, and if not objectionable it would also afford a convenient opportunity for getting rid of some members who do not attend without a formal order of removal — for misconduct

that

that is to say if the Post
consider that the words
"or until their successors
shall have been appointed"
authorize the appointment
of successors before the
expiration of three years.
Probably the clause was
added merely with the
view of preventing the Board
suddenly ceasing to exist
if the three years expired
without re-appointments
being made, and if such
be the only force of the
clause the Collector's letter
must be disposed of se-
-parately, removing from
the Board the members
who never attend.

There seem to be
two Public Works ranges
or portions of them within
the Eldon Circle, and un-
-der these circumstances
it

Post

The wording of the Section
is as follows:—

"The persons so appointed
shall continue in office for
three years, or until their
successors shall have been
appointed"

it is obvious that if only
one is to be a member
must be designated by
as suggested by the Board
name instead of merely as
"Range Officer," as hitherto

16/6

Post

There can be no doubt as to
the intention of the Legislature
the appointments for 3 years each
(Subject to removal &c) & that,
after the expiry of the 3 years,
the Board will have a discretion as to re-
appointing

Any action in the matter on this day that the papers may be received & circulated in the House will be in time.

Items for Orders No 2

47

The accompanying Memorandum is re-circulated with reference to the remarks of the Govt. the Governor.

When the lists were prepared it was not known that the introduction of the election system in Proposed Municipalities was contemplated and their publication will undoubtedly have the effect of deferring for another three years any extension action in the way of permitting elections

S. Od/27 Jan 1874

Lw. 109 might therefore be read again and an order issued to the following effect

"The Govt resolve to defer dealing with

the bills submitted in reply to S.O.7/27 Jan. 1876 No 139 and to call on all Residents of ~~Local Boards and~~ Municipalities to report how far in their opinion it would be advisable to introduce the provisions for the election of Commissioners & the rate-payers contained in Section 9 of the Towns Improvements Act."

It is submitted that there is no apparent objection to introducing elections in localities where such a measure will be appreciated the power of control exercised by Govt will be in no way weakened while it may lead to a more independent expression of non-official opinion.

26/6

Note—
There is no provision in the Local Rural Act for the election of members of a Local Rural Board.

Memo 203

These papers are re-submitted to the Local Government as requested.

The decision of Govt on the previous Memoranda is understood to be

1. In the case of Municipalities the following order will be passed

"The Govt resolve to defer dealing with the lists submitted in reply to L.G.D/27 & June 1894 No 139 and to call on all Residents of Municipalities to report how far in their opinion it would be advisable to introduce the provisions for the election of Commissioners & the rate-payers contained in Section 9 of the Town Improvements Act."

2. In the case of Local Boards (there being no provision for the election of members)

3. Fair lists will be

Local - So far as existing vacancies - concerned on application & time, deaths, & removals - are concerned - Govt should not be interfered with - MR

Election cannot be attempted in these districts - for want of means of adjusting County constituencies

published in the case of
Boards which have existed
for three years.

2/ In the case of an individual
member of one of the above
Boards who not having completed
a ~~vacancy~~ term of three
years he will be re-gazetted
if ~~authorised~~ his name appears
in the Collectors recommen-
dation list. The re-gazetting
will only have the effect of
extending his term of service
while if he were not re-
gazetted the wording of the
Section is such that he
might be in doubt whether
he was still a member or
not.

3/ In the case of persons who
have not completed the term
of three years and who are
not recommended for re-
appointment the Collector
will be asked whether he
desires their removal for
misconduct or neglect, or if

With reference only to appointments
have existed 3 years & on Reports
at the disposal of Govt. - A case
when removal is recommended
the list should include a
Member of Board who should have
some time from
to time

3/ Where a term expires
before the next
regular date the next
term has expired

In case where delegated
authority will not be in force by
until it is re-gazetted
[illegible]

3/ Govt
14/7 [illegible]

3/ There is no objection to asking
Collectors if they wish any
existing member removed
But I think that this should simply
be a note on proceedings
from Govt - This is a Govt
Non Official or Official

if he desire to resign.

4/ In the case of official members
~~who~~ not recommended for
re-appointment application
will be called for with a view to
their eventual re-appointment
and the Collector will be asked
to submit additional names
of non-officials so that the
legal proportion may not be
disturbed - the Collectors
list being gazetted in the
meantime -

5/ In the case of non-official
members whose term has ex-
pired not being recommended
for re-appointment no further
action is called for.
