No. 227. Read the following letter from E. B. POWELL, Esq., M.A., C.S.I., Director of Public Instruction, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 2nd July 1874, No. 1120:—

I have the honor to address you in reference to G.O., Financial Department, No. 993, of the 13th ultimo, paragraph 4.

2. I consider it entirely inexpedient for Government to establish girls' schools at the present time; and, if the step is to be taken in one part of the Presidency, there is certainly no reason why it should not be taken in others. Tellicherry cannot claim any exceptional privilege in the matter.

3. It is to be observed that Government did not engage to undertake "the whole cost of female elementary education," as asserted by the Vice-President of the Tellicherry Municipal Commission, but merely authorized the grants to lower-class girls' schools, previously paid from Local or Municipal funds, to be drawn from Provincial funds.

4. I suggest that the Tellicherry Municipal Commissioners should make over the girls' school-house built by them to some Committee of native gentlemen, with a view to the latter establishing a girls' school, the grants for which would be drawn from Provincial funds.

No. 228. ORDER THEREON, 24th July 1874, No. 1223.

The above letter will be communicated to the President of the Tellicherry Municipality, who will report whether a school can be established in the manner proposed by the Director of Public Instruction, or by the Municipality itself, in either of which cases the Government will be prepared to aid the school with a grant from Provincial funds.
