No. 108. Read the following Proceedings of the Board of Revenue, dated 29th July 1874, No. 1996:—

Read the following letter from J. H. GARSTIN, Esq., President of the Local Fund Boards, South Arcot District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Killai, 20th June 1874, No. 51.

With reference to paragraph 53 of the Board's Proceedings, dated 11th December last, No. 2,544, calling on the President to report whether schools supported by the Chidambram Municipality do Rupees 500 worth of good to the people of the Vridachellam Circle, I have the honor to submit, herewith, a copy of a letter, with enclosure, received from the Deputy Inspector of Schools of the Circle, from which it will be seen that that officer thinks that Rupees 500 may, with advantage, be spent by the Local Fund Board of the Vridachellam Circle in aiding elementary education within the Chidambram Municipality.

2. It is difficult to say whether the Elementary Schools within municipal limits will do Rupees 500 worth of good to the residents of the Vridachellam Circle until it is settled what is a Rupee's worth of good, but I am inclined to think that the grant of Rupees 500 by the Circle Board in aid of elementary education within the Municipality will be productive of much good by stimulating that education and increasing the number of scholars who will be taught to read and write, and thus perhaps indirectly benefit the people of the Vridachellam Circle by supplying men who may be content to settle in different parts of the circle as Village School Masters.

Enclosure No. 1.

From C. APPIAH SASTRY, Deputy Inspector of Schools, Vridachellam Circle, to J. H. GARSTIN, Esq., President of the Local Fund Boards, South Arcot, dated Eyaloor, 29th May 1874, No. 143.

With reference to your letter, No. 229, of the 20th instant, I have the honor to inform you that I am not as yet informed by the Municipality as to how many schools they are prepared to support. To the end of the last official year, provision for supporting the Lower Class Schools within the town of Chidambram was made from the Local Funds of the Vridachellam Circle. During the last official year, five schools were aided by means of results grant, and one by a salary grant, the total cost being Rupees 224. These schools were found very useful. In addition to these, it was thought an additional Hindoostani class should be opened in connection with the Salary Grant School at Chidambram, and that some more Lower Class Schools should be aided with results grant. If the Municipality agree to these, Rupees 500 may, with advantage, be spent on elementary education within the Municipality. If they are otherwise disposed, about Rupees 300 will be required for the current year to keep up the schools that are already under Government Inspection. I have, herewith, sent you a list of the Lower Class Schools under inspection, with the amount of grant sanctioned for the last official year.

THE President makes out no case by peculiarities of local circumstances or otherwise for the unusual contribution from the Vridachellam Circle to the schools of the Chidambram Municipality, but the year is already far advanced, and the Board think it best to let the allotment stand.

2. As a general rule, Local Fund Boards, having but little to spend on education, should spend it all within the limits of their circles.
