With the above letters District Engineers submit statements of demands from the Reserve of 1874-75, comprising (1) incomplete works of 1873-74, (2) new works not yet commenced.

2. It is observed that under Provincial the demands on account of incomplete works, and three small uncommenced works for which funds have been promised, amount to Rupees 92,537 against a Reserve balance of only Rupees 48,705.* Reference is made, therefore, to the Financial Department for provision of the balance of Rupees 43,850. The chief item is Rupees 20,600 for completing the Nurses' quarters on the third storey of the centre block, General Hospital, a work ordered to be emergently undertaken at the end of last season. Works for which Rupees 500 only or less are wanted do not require specific allotments, such small sums being counterbalanced by later savings. It will rest with the Financial Department whether it will be possible hereafter to provide for a number of sanctioned but uncommenced works of considerable urgency deferred for want of funds. The Public Works Provincial assignment has been 1½ lakhs less this year than last, so that hardly any but incomplete works have found a place either in the Budget or Reserve Lists.

No. 143. ORDER THEREON, 24th August 1874, No. 1410.

Adverting to paragraph 2 of the foregoing Order, the Governor in Council observes that the assignment made in the Provincial Services Budget for 1874-75 under the head of "Public Works," exclusive of the grant to Local Funds, was Rupees 12,00,000.

2. The amount upon which appropriations were made in the Order in the Public Works Department, dated the 16th March 1874, No. 716, appears, however, to have been restricted to Rupees 10,50,000, leaving unappropriated Rupees 1,50,000. Of this sum, allowing Rupees 25,000 for "Petty Construction and Repairs, Miscellaneous Departments," Rupees 1,25,000 are set free.

3. The Governor in Council now resolves to withdraw this amount, and to allot to the Public Works Department, from the amount credited to Provincial Funds by G.O., dated 20th July 1874, No. 1207, Rupees 43,850, the amount specified in paragraph 2 of the foregoing Order in the Public Works Department, as well as a sum of Rupees 56,150 for the following, and any other works which may hereafter be sanctioned:—

* *N.B.*—The works marked with an asterisk are to be carried out by the Police Officers.

3. The District Engineer, Cuddapah, will report the cause of the short outlay on the dead-house at Cuddapah, an estimate of Rupees 550 for which was sanctioned in G. O., No. 2,574, of the 21st October 1873, Rupees 65 only having been spent on the work up to the close of last official year.

4. The District Engineer, Salem, will also state why a sum of Rupees 212 only was expended out of an estimate of Rupees 1,335 for improving a portion of the wall round the Salem cemetery. The revised estimate for four civil debtor's wards in the vicinity of the new jail at Madura is awaited, and pending its submission the sum of Rupees 1,279 applied for is withheld.

5. The estimate for preliminary experiments for improving the Cochin Harbour has been cancelled and the work stopped, *vide* G. O., No. 1,121, dated 30th April 1874. The sum of Rupees 500 applied for has accordingly been expunged.

6. It will be observed that incomplete Police works of 1873-74 are also included in the above statement, the Government having in the orders of the 27th October 1873, No. 2,623-A, promised to provide for such works from the general Reserve. In several districts the sums unexpended form a very large proportion of the total grants for works, noteably in Ganjam, North Arcot, Madura, and Wynaad. The cause of this short outlay will be explained by the District Engineers and Police Superintendents concerned, and they will be requested to make better arrangements in future for the utilization of funds set apart for Police works.
