Proceedings of the Madras Government, Financial Department,
24th August 1874.

Read the following papers:—

No. 148. Proceedings of the Board of Revenue, dated 8th August 1874, No. 2151.

Read the following letter from the Hon. D. ARBUTHNOTT, President of the Local Fund Boards, Tanjore District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Tritrapundi, 14th July 1874, No. 199:—

I HAVE the honor to forward, for the sanction of the Board of Revenue and Government, plan and estimate, amounting to Rupees 7,800, for constructing a bridge on the river Cauvery in the Tirumangalagudi limits, Combaconum Taluq, and for connecting the Road No. 81 with the place in which the bridge is to be built.

1 Plan.
1 Survey.
1 Estimate.
1 Specification.
1 Resolution of the Circle Board.

2. The District Engineer, as to the necessity for the works, writes as follows:—

"An inspection of the road map will, I think, show the importance of this link being made, and a bridge across the Cauvery here will be very useful. The nearest bridges here are the one at Combaconum and that at Cootalam, a distance of about fourteen miles. The proposed bridge divides this distance.

"I would also remark that probably the Carnatic Railway will have a station near this place, and the bridge across the Cauvery will give both people and goods on the north of the river Cauvery access at all times to the Railway."

3. The Local Fund Board of the Tanjore Circle concur with Major Mead in thinking that the works in question are very necessary, and will become more so when the projected extension of the Great Southern of India Railway is completed, and have accordingly sanctioned the plan and estimate.

4. The work has not been provided for in the Budget, but I request that Rupees 2,000 may be allotted for expenditure during the current year out of Road Fund Reserve of the Circle.

5. I beg to enclose also the Resolution of the Tanjore Circle Board on the subject.

THE estimate for constructing a bridge across the Cauvery in the Tirumangalagudi limits, and connecting it with the road from Tirupanandal to Tennalore, at a cost of Rupees 7,800, will be submitted for the sanction of Government.

2. The necessity for the bridge is made clear in the Collector's letter.

3. If the estimate is sanctioned, the Board will be prepared to allot Rupees 2,000 for it from the Road Fund Reserve.

(A true Copy and Extract.)

(Signed) J. GROSE,
Secretary.

Referred to the Chief Engineer for his opinion.

(Signed) D. F. CARMICHAEL,
Acting Chief Secretary.

OOTACAMUND,

Proceedings of the Madras Government, Financial Department,
24th August 1874.

No. 149. MEMORANDUM.

The design of the bridge is unobjectionable.

2. There is nothing in the papers submitted to show its adaptation to the site where it is proposed to be erected. But the District Engineer has doubtless satisfied himself on the subject.
