Proceedings of the Madras Government, Financial Department,

No. 204. Read the following Proceedings of the Board of Revenue, dated 7th August 1874, No. 2142 :—

Read the following letters :—

From W. S. FOSTER, Esq., President of the Local Fund Board, Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cocanada, 24th June 1874, No. 51.

I HAVE the honor to bring to the notice of the Board of Revenue that the Local Fund Board of the Cocanada Circle passed at their Meeting on the 14th April 1874 a resolution that they were willing to contribute the cost of the Vaccine Establishment employed in the Rajahmundry Municipality, but they would still leave the Municipality to undertake the supervision over the establishment.

2. The Municipality having again requested the Local Fund Board to contribute two-thirds of the cost of the same, *viz.*, Rupees 80, the Local Fund Board sanctioned this sum at their Meeting on the 16th June 1874 from the General Fund balance of the Cocanada Circle.

3. I therefore request the Board's approval to the same.

From the same officer, dated Cocanada, 21st July 1874, No. 69.

IN reply to your Official Memorandum, dated 10th instant, No. 1,047, I have the honor to report as follows about the contribution proposed.

2. Rajahmundry is a very large town containing a population of about 20,000.

3. A provision of only Rupees 60 was made in the Budget of the Rajahmundry Municipality. There are vaccinators employed all round the place, and it is very inexpedient to leave Rajahmundry without being provided with one. His services are of value in an important town like Rajahmundry. If the Municipality does not make sufficient provision in the Budget for the cost of the Vaccine Establishment, I do not think we can compel them to do so.

4. The Municipality has agreed to pay one-third of the cost, and the Local Fund Board have agreed to contribute two-thirds of the cost of the establishment; and I therefore request you will obtain the sanction of the Board of Revenue for the contribution from the source pointed out in my letter, No. 51, dated 24th June 1874. The Rajahmundry Municipality, if left to itself, cannot afford to supply the proper means of vaccination.

SUBMITTED for the orders of Government, in continuation of Board's Proceedings, dated 31st July 1874, No. 2,034.

2. If the Municipality is unable to provide sufficiently for vaccination, the Local Fund Board should be allowed to help it; but it is difficult to see how the principle once admitted is to be restricted. It is equally applicable to roads, education, and sanitation.
