Proceedings of the Madras Government, Financial Department,
28th January 1874.

No. 191. Read the following letter from E. B. POWELL, Esq., M.A., C.S.I., Director of Public Instruction, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 13th January 1874, No. 46 :—

I have the honour to forward the accompanying letter from the permanent Inspectors of Schools at present in the Presidency, and to support the request therein made. Having received my first appointment before there was a Secretary of State for India, I am situated in the same way as the Inspectors ; I am, therefore, personally interested in the matter.

TO THE CHIEF SECRETARY TO GOVERNMENT,
Fort St. George.

SIR,

We, the undersigned, being officers on the graded list of the Educational Department, respectfully solicit the attention of Government to the disadvantages under which we labour in consequence of the delay which has taken place in the publication of the "Nominal List," called for in Financial Despatch of the Secretary of State for India, No. 84, of 10th March 1870.

2. We deem it unnecessary to offer any argument to show that we are not presumptuous in expecting that the Secretary of State will be pleased to approve of our being admitted to the benefits of the rules of the Civil Leave Code, because in the despatch above quoted His Grace singled out the officers of the Educational Department as those whose position he was specially desirous of improving ; and, in accordance with his instructions, we were officially called upon by this Government, as far back as June 1870, to send in a statement of our positions and services with a view to our names being included in the list to be submitted to the Secretary of State.

3. In consequence, however, of the non-publication of the list in question, we, though the senior officers of the department, are denied the advantages actually enjoyed by our more fortunate juniors who happen to have been appointed since the creation of the office of Secretary of State for India. We are granted only such leave and allowances as we can claim under Supplement F (which contains the leave rules of the lower class of uncovenanted officers), and when in England more than one of us have actually been refused at the India Office any extension of leave under the more liberal rules applicable to officers of our standing under Schedule A.

4. We, therefore, respectfully solicit that Government will be pleased to address the Secretary of State on the subject, and request an early publication of the "Nominal List."

We have the honour to be, &c.,

Sirs-

We the undersigned being officers on the Graded list of the Educational Department respectfully solicit the attention of Government to the disadvantages under which we labour in consequence of the delay which has taken place in the publication of the "Triennial list" called for in Financial Despatch of the Secretary of State for India No 84 of 10th March 1870-

2 We deem it unnecessary to offer any argument to show that we are not presumptuous in expecting that the Secretary of State will be pleased to approve of our being admitted to the benefits of the rules of the Civil Leave Code inasmuch as in the Despatch above quoted His Grace singled out the officers of the Educational Department as those whose position he was specially desirous of improving and in accordance with his instructions we were officially called upon by this Government as far back as June 1870 to send in a statement of our pastions and services with a view to our names being included in the list to be submitted to the Secretary of State.
