Not to be folded or roughly handled

No. 49. Read the following letter from Major the Hon. E. R. BOURKE, Postmaster-General, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Ootacamund, 29th August 1874, No. 1071—3229:—

I have the honor to bring to the notice of Government that the Postal employés having their headquarters at Raichore, being in Hyderabad territory, are beyond the reach of any Government Medical officer. There is a Mahomedan in the employ of the Nizam's Government stationed at Raichore, which is two miles from the Railway Station, where the Post-office servants live. There is also, I believe, a Medical officer in the employ of the Madras Railway Company who is stationed at Raichore.

2. The total number of Post-office servants having their headquarters at Raichore, including sorters of the travelling Post-office, is twenty-four.

3. Should any of these fall sick, there is no one to attend upon them or to grant them a medical certificate to justify their absence from duty, or to enable them to obtain leave on medical certificate.

4. I would suggest that arrangements may be made with the Madras Railway authorities and their sanction obtained for the services of their Medical officer being made available, and that this officer be henceforth considered in medical charge of all Post-office employés having their headquarters at Raichore.

5. The Surgeon-General would probably be able to state what remuneration from Government he should be entitled to.

6. I may also add that there is a soldiers' rest-camp at Raichore with a European Serjeant in charge. When I was at Raichore last month, this Serjeant's wife was in bed ill, and apparently no medical advice was available.

No. 50. ORDER THEREON, 4th September 1874, No. 1489.

Inquiry will be made of the Railway authorities, through the Public Works Department, whether they have any objection to their Apothecary at Raichore affording medical aid to the servants of the Postal Department and receiving the same remuneration for the purpose as was granted for the Apothecary at Beypore in G.O., Public Department, dated 6th May 1874, No. 504.

Post Master General's Office,
Octacamund, 29th August 74.

No. 1071/3229.

To,

The Chief Secretary to Government,
Fort Saint George.

Sir,

I have the honor to bring to the notice of Government that the Postal employés having their Head Quarters at Raichore, being in Hydrabad territory, are beyond the reach of any Government Medical officer.

There is a Mahomedan in the employ of the Nizam's Government stationed at Raichore, which is two miles from the Railway Station, where the Post Office servants live. There is also, I believe, a Medical officer in the employ of the Madras Railway

Railway Company who is stationed at Raichore.

The total number of Postoffice servants having their Head Quarters at Raichore including writers of the Travelling Post Office is 24.

Should any of these fall sick, there is no one to attend upon them or to grant them a Medical Certificate to justify their absence from duty or to enable them to obtain leave on Medical Certificate.

I would suggest that arrangements may be made with the Madras Railway Authorities and their sanction obtained for the services of their Medical officer being made available and that this officer be henceforth considered in Medical Charge of all Post office employes having their Head Quarters at Raichore.

The Surgeon General would probably be able to state what remuneration from Government

Government, he should be entitled to.

I may also add that there is a Soldiers rest Camp at Raichore with a European Serjeant in charge. When I was at Raichore last month, this Serjeants' Wife was in bed, ill, and apparently no medical advice was available.

I have the honor to be
Sir,
Your obedient servant,

H. M. Norton
Post Master General.
