Read the following letter from R. DAVIDSON, Esq., Acting President of the Local Fund Boards, Ganjam, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Purshottapore, 10th July 1874, No. 340:—

With reference to paragraph 3 of the Board's Proceedings, dated the 23rd April 1874, No. 955, requesting me to furnish full report with regard to the Local Fund Schools proposed to be established in the Chicacole Circle, I have the honor to forward an extract from the proceedings of the Chicacole Local Fund Board, dated 10th instant, which gives all the information required by Government.

Extract from the Proceedings of the Local Fund Board of the Chicacole Circle at a Meeting held at Chicacole on the 10th of June 1874.

Present.

1. W. F. Grahame, Esq., Acting Vice-President.

With reference to paragraph 8 of the Government Proceedings, No. 385, dated 7th March 1874, the Local Fund Board submit the information therein called for in the subjoined statement regarding Local Fund Schools:—

The sums entered under the head "Cost per pupil" seem high, but they will stand good only for the current year, as expenditure for school-sheds and furniture, &c., will be incurred during the current year only, and not in future years.

The Government observed that "in the present budget with admittedly only one-fifth of the population provided for, the educational expenditure is estimated to be about thirty-seven per cent. of the assets of the General Fund."

The Local Fund Board beg to point out that, in the above calculation, the Government included the expenditure under the heads "Grants-in-aid," "Inspection," and "Local Fund Schools," whereas the one-fifth of the population above alluded to has reference only to the villages which the proposed Local Fund Schools will provide for.

The opinion of the Board with regard to the extension of educational advantages to villages not provided for by the proposed schools is to encourage the establishment of Results Grants Schools in such places, and to remunerate the teachers by allowing them results grants and also small fixed salaries, if necessary. To carry out the above measure the Board consider that the services of the Inspecting Schoolmasters can be profitably utilized.

The Board are anxious to open the twenty-three Local Fund Schools in question at as early a date as possible.

No. 165. ORDER THEREON, 21st September 1874, No. 1589.

In G.O., dated 7th March 1874, No. 395, the Government called for further information before sanctioning the establishment of certain schools proposed by the Chicacole Local Fund Board, and remarked that in the budget with admittedly only one-fifth of the population provided for, the educational expenditure was estimated to be about thirty-seven per cent. of the assets of the General Fund.

2. In forwarding the information, the Local Fund Board beg to point out that in the above calculation the Government included the expenditure under Grants-in-aid, Inspection, and Local Fund Schools, whereas the one fifth of the population alluded to has reference only to the villages which the proposed Local Fund Schools will provide for. The Local Fund Schools, however, were supposed to provide for only 100,000 out of 541,978, and as the allotment of Rupees 2,600 for result grants would go but a short way towards supplying the wants of the rest of the population, the remark in question does not appear to be incorrect to any appreciable extent.

3. The information now submitted shows that the cost per pupil in the proposed schools will vary from Rupees 10 to Rupees 21, and Government would prefer to see the Budget allotment devoted to the establishment of schools throughout the circle on the system of a combination of fixed salaries and result grants which the Board propose to adopt for the extension of education in villages not embraced in the scheme of Local Fund Schools now under consideration.

4. The early opinion of the Director of Public Instruction will be requested as to the feasibility of this proposal under the circumstances detailed in paragraph 53 of the Proceedings of the Board of Revenue recorded with G.O., dated 7th March 1874, No. 385.

Abstract of Village Schools 164

The sums entered under the head "Cost per pupil" seem high. but they will stand good only for the current year, as expenditure for school sheds and furniture &c will be incurred during the current year only and not in future years.

The Government observed that "in the present Budget with admittedly only 1/3 of the population provided for, the educational expenditure is estimated to be about 37 per cent of the assets of the General Fund."

The L. Fund Board begs to point out that in the above calculation the Government included the expenditure under heads "Grants in aid" "Inspection" and "Local Fund Schools" whereas

the 1/5 of the population above ad-
luded to has reference only to the
villages which the proposed L. Fund
Schools will provide for.

The opinion of the Board with

Enclosure in a letter from the Secretary Chingleput Local Fund Board to the Board of Revenue dated 10th July 1876 No 340

Copy of the Proceedings of the Chingleput Local Fund Board dated 10th July 1876.

Read the following Proceedings.

that in the above estimation the Government included the expenditure under grants-in-aid, Inspection, and Local Fund Schools, whereas the 1/5th of the population alluded to has reference only to the villages which the proposed local fund schools will provide for. The Local Fund Schools, however, were supposed to provide for only 100,000 out of 541,978 and as the allotment of Rs 2,600 for result grants would go but a short way towards supplying the wants of the rest of the population the remark in question does not appear to be incorrect to any appreciable extent.

The information now submitted shows that the cost per pupil in the proposed schools will vary from Rs 10 to Rs 21, and
